They did not put in any documents even though called for. On the Union's prayer the case was adjourned to 16th February 1962 for preliminary hearing in view of certain statements appearing in the written statements regarding complete closure of the business after satisfaction of the dues of most of the workmen. On the date fixed the ex-proprietor of the Company appeared before the Tribunal, but the Union did not in spite of fresh notice served upon the Union by registered post with acknowledgment due on 5th February 1962. However, the Union, was given a last chance and the case was adjourned to 2nd March 1962 for hearing and disposal. On the date fixed again the Union has failed to turn up or to take any step. The ex-proprietor of the Company (since defunct) has attended with documents. I have perused the documents and also the petition which he has just filed and prima facie I am satisfied about the bona fide closure of the Company after some payment of the dues of the workmen.

The Union has not placed any material on the record and has not cared to proceed with the case in spite of service of fresh notice lastly on 5th February 1962.

Therefore, in the circumstances, it is presumed that the dispute under reference is no longer in existence and as such a "no dispute" award is given.

This is my award.

AWARD

In this reference under section 10 of the Industrial Disputes Act, made by the Government of West Bengal, Labour Department, order No. 1652-I.R./IR/11L-103/60, dated the 30th March 1961, of an industrial dispute between Messrs. E. A. G. Minerals Supply (factory at B-1 Hide Road, Kidderpore, Calcutta) and their workmen represented by E. A. G. Minerals Supply Mazdoor Union, the only issue is whether the workmen are entitled to extra quantum of bonus for 1959 and if so what should be the quantum. The Union in its written statement asks for two months' wages as additional bonus for the year 1959. The Company on the other hand in its written statement pleads first that its financial year does not run according to the calendar year but from Chait Sudi 9th 2016 Sm. to Chait Sudi 8th 2017 Sm. (from 17th April 1959 to 4th April 1960), so that the reference as made is not maintainable and secondly, that for the year from 17th April 1959 to 4th April 1960 the Company underwent a loss with the result that there was no available surplus for distribution to the workmen as bonus at all and yet the Company paid the workmen as well as the members of the staff bonus at the rate of one month's basic wages and also of dearness allowance.

At the hearing there was no appearance for the Union, although I waited up to 11-20 a.m. before taking up the case. Even during the hearing, there was no appearance for the Union. The case had been fixed for hearing on 5th February 1962 but at the instance of Shri D. L. Sen Gupta, Advocate, who appeared for the Union on that date, it was adjourned to the 5th March 1962. But as the 5th March was later declared to be a holiday, the date was shifted to the 6th March 1962 on the 13th February 1962 and notices were issued accordingly to the parties. It appears from the acknowledgment that the notice was accepted by someone for the Secretary of the Union.

On behalf of the Company its balance-sheet for the year 1959-60 has been proved. The profit and loss account shows a loss of Rs. 11,606.34 nP. To this loss have to be added back the bonus paid in the previous year and the depreciation shown. The bonus paid for the previous year to the workmen and the members of the staff appears from Ext. 3 series to be Rs. 6,115.31 nP. and the depreciation of machinery and furniture and buildings as it appears from the balance-sheet is Rs. 14,512.30 nP. There is thus a gross profit of Rs. 9,021.27 nP. From this the normal depreciation has to be deducted. In the absence of any evidence to the contrary this normal depreciation may be taken to be the same as that shown in the balance-sheet, namely, Rs. 14,512.14 nP. showing thereby a loss of Rs. 5,490.87 nP. If return on invested capital is taken to be 6 per cent. the loss will increase by Rs. 8,880, i.e., the total loss will now be Rs. 14,370.87 nP. The cost of rehabilitation charges has been estimated by the Company in Ext. 4 at Rs. 10,142. What the Company appears to have done in arriving at this figure is to take the book value of the machinery and furniture as shown in the balance-sheet to the nearest rupee, to divide it by 5 and then multiply it by 2.7 and then divide by 15 so that the total figure on this head comes to Rs. 3,053.00. In the same way it takes the book value of buildings at Rs. 79,042, divide it by 5 and multiply it by 2.5 and then divide it by 30. In this way the figure arrived at is Rs. 1,317.00. The total under the two heads comes to Rs. 4,370.00. This figure is deducted from the total depreciation of Rs. 14,512.00 as shown in the last page of the balance-sheet and the residue represents according to the Company the rehabilitation charges for the year. Evidently, in this calculation the life of machinery and furniture has been taken to be 15 years and the life of buildings such as the Company possesses namely tin sheds with pucca walls and plinth has been taken to be 30 years. Mr. Das Gupta relied for this calculation on the Labour Appellate Tribunal's decision in Trichinopalli Mills Ltd. and National Cotton Mill Workers' Union 1953 II-L.L.J 361. I find, however, that in this case 5 per cent. of the original value of machinery, furniture and buildings was taken to be the breakdown value. Even if this decision is taken to be correct the calculation in Ext. 4 is wrong because the book value has to be divided not by 5 but by 20 and then multiplied by 2.7 in one case and by 2.5 in the other. These figures may have been appropriate for the purpose of the case which the Learned Appellate Tribunal decided. But to my mind to apply them in all cases in general would be arbitrary and it is really

impossible to calculate the cost of rehabilitation in any particular year without appropriate data being placed before the Tribunal. I am not, therefore, disposed to accept the calculation of the rehabilitation charges in Ext. 4 as correct. But whatever the correct figures of rehabilitation charges for the year might be, there will be a little addition to the losses already amounting to Rs. 14.370.87 nP. without such charges being included. In any case, therefore, there was no available surplus for distribution to the workmen for the year in question and there was therefore no question of paying any bonus to the workmen for that year. But as I have already said the Company has already paid to the workmen as well as the members of the staff bonus at the rate of one month's wages, inclusive not merely of basic wages but also of dearness allowance. The workmen therefore are not entitled to any further bonus for the year.

The issue is whether for the year 1959 the workmen are entitled to any additional bonus. The Company's first objection is that its year is not the English Calendar year but was from 17th April 1959 to 4th April 1960. The issue, therefore, must be taken to mean the Company's accounting year which in that particular year corresponded to the period between 17th April 1959 and 4th April 1960, both days inclusive.

My award accordingly is that for the Company's accounting year 1959, from 17th April 1959 to 4th April 1960, the workmen are not entitled to any extra bonus.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act filed by Shri Rabindra Nath Misra, c/o Secretary, Howrah Jela Bus Karmi Parishad of 4/1 Muktaram Babu Debnath Lane, post office Shatragachi, Howrah, against Shri Ashutosh Kundu, owner of bus No. W.B.U. 73 of 20 Nilmani Mullick Lane, Howrah (Case No. 98 u/s 33A of 1961).

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. RAY, Judge, Seventh Industrial Tribunal.

AWARD

This is an application under section 33A, Industrial Disputes Act, by Shri Rabindra Nath Misra against Shri Ashutosh Kundu, the opposite party.

The complaint made in the application is substantially that the applicant was a permanent employee in a public bus bearing No. W.B.U. 73 owned, and operated by the opposite party on a certain route in Howrah, but the applicant was illegally dismissed from service by the opposite party in the circumstances alleged in the application without complying with the provisions of section 33, Industrial Disputes Act, during the pendency of the adjudication proceedings of another dispute between the opposite party and his workmen, which was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 4083-I.R./IR/4L-34/59, dated the 2nd August 1960. The applicant claims reinstatement to his service under the opposite party with continuity of service and all back wages.

After service of notice of the present application upon the opposite party he entered appearance through a representative, but no written statement was finally filed on his behalf though several adjournments were taken for the purpose. The applicant too defaulted in appearance on several dates up to 15th January 1962. On 15th January 1962 the Tribunal suo moto adjourned the case to 30th January 1962, directing that the case would be disposed of according to law if no written statement was filed within 12 a.m. on that date. On 30th January 1962 Shri M. Saha, Advocate, appeared for the applicant, but on an application for adjournment made on behalf of the opposite party, the case was adjourned to 16th February 1962 with the same directions as on 15th January 1962. There was no appearance for the opposite party on 16th February 1962, but an applicant for adjournment was

made on behalf of the applicant and upon this application, the case was adjourned to 23rd February 1962 for peremptory hearing with the direction that no further time would be allowed. On 23rd February 1962 none appeared for either side and no step was taken. It is clear from the non-appearance of the parties on the final date of hearing, 23rd February 1962, that the complaint under section 33A, Industrial Disputes Act is not pressed and pursued by the applicant and the dispute arising out of the alleged dismissal of the concerned worker in contravention of section 33, Industrial Disputes Act, has ceased to exist. In view of this position, the complaint under section 33A, Industrial Disputes Act, is to be dismissed as not pressed and an award is to be made that the dispute referred to in the application has ceased to exist.

In the result, I dismiss the complaint under section 33A, Industrial Disputes Act, as not pressed and also award that the dispute referred to in the application under section 33A has ceased to exist.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri J. N. MANDAL, Judge, Third Industrial Tribunal.

For the Union: Shri M. M. Saha, Advocate.

For the Company: Shri K. Guha, Advocate.

AWARD

By order No. 136-I.R./IR/10L-242/60, dated the 10th January 1961, as amended by order No. 999-I.R./IR/10L-242/60, dated the 1st March 1961, and by order No. 4371-I.R./IR/10L-145/61, dated the 13th July 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. B. S. Engineering Corporation, Proprietress Sm. Manada Sundari Saha, 117 Raja Dinendra Street, Calcutta-4, and their workmen represented by B. S. Engineering Corporation and Auto Welders and Engineers Workers' Union, 86A Lower Circular Road, Calcutta-14, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

The reference relates to an industrial dispute between Messrs. B. S. Engineering Corporation of 117 Raja Dinendra Street, Calcutta (hereinafter be referred to as the Company), and their workmen represented by B. S. Engineering Corporation and Auto Welders and Engineers Workers' Union (hereinafter be referred to as the Union).

The original reference was received on 28th January 1961. Subsequently on 1st March 1961 one corrigendum was issued by the Government. Then again another corrigendum came from the Government on the 13th July 1961. Both parties, on receipt of notices issued by this tribunal, entered appearance and filed their respective written statements.

Union's case in the written statement is that the Company is a highly prosperous engineering concern employing about 90 workmen in the two factories it has got—one at 117 Raja Dinendra Street and the other on Jessore Road, Dum Dum, that the firm of Messrs. Auto Welders and Engineers also belongs to the same concern and has been doing the welding work and some other works of the Company, that both the Companies are proprietory concerns belonging to Shri Dineshchandra Saha and his wife, that the workmen by individual attempt having failed to impress upon the proprietors for better pay and prospect in their services, at last united themselves for collective bargaining and formed a Union

in September 1958, that the formation of the Union was not taken in good grace by the proprietor Shri D. C. Saha who victimised a number of permanent workmen without any justification and that four of the workmen Sarbashri Prankrishna Das, Dwijendralal Ghosh, Ram Prosad De, and Shreenath Majumdar were paid lay off compensation only up to 18th January 1960, but another workman Shri Radha Kanta Poddar was not paid any. These workmen were laid off by the Company illegally and without any justification whatsoever. The Company at the same time recruited new hands to do the work which they were doing before being laid off. They were not allowed to join their work in spite of the intervention of the Labour Directorate. Hence the dispute.

The Company in its written statement has denied the allegation of victimisation of the workmen for their Union activities. It is also denied that Messrs. Auto Welders and Engineers is an offshoot of Messrs. B. S. Engineering Corporation under the same proprietor. The case of the Company is that the five concerned workmen had to be laid off on account of shortage of work. They were not retrenched in anticipation of better financial condition of the Company in the near future. The Company actually tided over its difficult period in 1961 and immediately the ban was lifted and the workmen were never refused employment by the Company.

There is only one issue formulated in the order of reference. It is this:—

Whether the refusal of employment of the following workmen is justified? To what relief, if any, are they entitled?

(i) Shri Pran Krishna Das, (ii) Shri Ram Prosad Dey, (iii) Shri Dwijendra Lal Ghosh, (iv) Shri Sreenath Mazumder, (v) Shri Radha Kanta Poddar.

The Union has examined five witnesses and the Company has examined one. Besides, a number of documents have been tendered into evidence by both parties.

Decision

Admittedly the Company is a private proprietory concern. It is also admitted that it has got two factories, one at 117 Raja Dinendra Street, Calcutta, and the other at Dum Dum under the ownership of Sm. Manada Sundari Saha. D.W. 1 Shri Dinesh Chandra Saha is her husband. It is very clear from his evidence that he is the de facto Malik of the concern and at the same time receives a monthly salary for his services. He says that he serves the Company but having no designation just as he claims to be possessed of general qualifications but without any educational qualification. Be that as it may, he is the man who is overall in charge of concern standing in the same of his wife. He takes the final decision in all matters of the Company.

Admittedly the concerned five workmen (1) Pran Krishna, (2) Dwijendralal, (3) Ram Prosad, (4) Sreenath and (5) Radhakanta were laid off after notice with effect from 9th November 1959. [Vide Exts. 1 to 1(d).] But four of them were paid lay off compensation for 45 days only even though they were laid off continuously for a longer period up to April 1961. They were not retrenched after a period of 45 days, for which they were paid compensation by the Company. One of the concerned workmen Shri Radhakanta Poddar was not paid any lay-off compensation. No reason was assigned by the Company for denying him the lay-off compensation. He was laid off by the letter, Ext. 1(d), dated 7th November 1959. All the four lay-off notices Exts. 1 to 1(d) were signed by Shri N. Saha, the Manager of the Company. It appears from these notices that due to shortage of work in the factory these five workmen were laid off. There is no other reason specified in the lay-off notices. These notices promptly replied to by the concerned workmen. Exhibits 2 to 2(d) are the written replies of the workmen. All of them are dated 10th November 1959. The alleged shortage of work was emphatically denied by the workmen in their letters in reply to the notices. They at the same time denied to be temporary workers. The Company replied to the letters of the workmen. Exhibits 3 to 3(d) are the said replies, dated 16th November 1959 In these letters the Company reiterated its promise to pay lay-off compensation as provided for in the Industrial Disputes Act to the following three workmen: Ram Prosad, Prankrishna and Dwijendralal But in the case of Radhakanta Poddar the Company simply stated in its letter, Ext. 3(a), that the said workman was not entitled to any lay-off compensation. There is no reason why the said workman will not be entitled to lay-off compensation as provided in the Industrial Disputes Act. Admittedly the Company paid lay-off compensation for a period of 45 days only to the workmen—Shri Ram Prosad De, Shri Pran Krishna Das, Shri Dwijendralal Ghosh and Shri Sreenath Majumdar, and abruptly stopped payment of further compensation from 18th January 1960. This decision of the Company was communicated to the workmen by the Company's letters, dated 16th January 1960 [Exts. 4 to 4(c)]. It was stated in these letters that they are not entitled to get any further lay-off compensation. The said four workmen were paid lay-off compensation for a period of 45 days only and the Company was under the impression that the workmen are not entitled to get lay-off compensation for more than 45 days. But the Company has ignored the provisions in sections 25C(2) of the Industrial Disputes Act which provides for payment of compensation for a period longer than 45 days if a workman is laid off for more than 45 days whether continuously or intermittently unless there is any agreement to the contrary between the workmen and the employer. No such agreement is pleaded by the Company. But it is admitted that the workmen were laid off with effect from 9th November 1959 till the end of April 1961. The Company, as I have seen, from the lay-off notices, Exts. 1 to 1(d), has pleaded shortage of work in the factory in order to justify the lay-off of the five concerned workmen. To support this contention of shortage of work, the Company has placed before the tribunal one document purported to be the order register for Dum Dum factory No. II (Ext. E). Apparently entries have been made in this register from 16th November 1959. But the writings are so fresh that it is difficult to believe that it has been maintained in regular course of business from 1959. The Union, has, I believe, rightly challenged the genuineness of this register. According to the Union this book has been recently manufactured for the purpose of this reference. It is admitted by D.W. 1 Shri Dinesh Chandra Saha that the Dum Dum factory was

brought into existence in 1957. If that is so, why this register was brought into existence only after the workmen were laid off with effect from 9th November 1959. The Company has not, at the same time, produced a single document in support of the entries appearing in this register. D.W. 1 Shri Dinesh Chandra Saha has further admitted that all orders are received in the name of the Company and not separately for the two factories. There is also nothing to show separate administrative set up for the factory at Dum Dum. It is clear from the evidence of Shri Dinesh Chandra Saha that for all practical purposes it is a single concern although orders received from customers are executed partly in one factory and partly in the other depending on the nature of the work to be done in execution of the order. It is abundantly clear from the evidence of Shri Saha that for the sake of convenience the structural portion of the work is done in No. II Factory at Dum Dum and mechanical portion of it in the other factory at Raja Dinendra Street which is practically the Head Office of the Company as will appear from the printed letter heads of the Company's notices, Exts. 1 to 1(d). According to the Company the concerned five workmen were, at the relevant time, employed in the Dum Dum factory, but the lay-off notices (Ext. 1 series) were issued from the office at Raja Dinendra Street. It is not the case of the Company that there is a separate Manager and separate office at Dum Dum factory. The Company had its telephone at the relevant time in the Head Office at 117 Raja Dinendra Street. The notices were issued by the Manager. Presumably, there is one Manager of the Company. Therefore, it is idle to contend that two factories of the Company are quite distinct and separate organisations. The Company could not place before this tribunal separate books of account or balance-sheet for the factory at Dum Dum. Therefore I have no hesitation, after due consideration of the abave facts and circumstances, to conclude that it is a single concern under the same ownership and management and administrative set up.

The contention of the Union is that Shri Dinesh Chandra Saha, the de facto Malik of the concern, was infuriated at the formation of a trade union by the workmen. The concerned five workmen being active members of the Union incurred his displeasure and so he got rid of them in a capricious and high-handed manner.

The Union has stated in paragraph 9 of its written statement that trade union was formed on or about September 1958. It is further stated in paragraph 14 of its written statement that Shri Pran Krishna Das was Assistant Secretary of the Union and the other four workmen were the most active members of the Union and were taking leading parts in all affairs of the Union. The Company has not specifically denied these facts. It is also stated by P.W. 3 Shri Radha Kanta Poddar that he was charge-sheeted by the Company as soon as he was found collecting subscription for the Union. He has not been cross-examined on this point. D.W. 1 Shri D. C. Saha has not denied in his evidence all these facts specifically pleaded by the Union. Therefore, it remains unchallenged that these five workmen were active members of the Union and were taking leading parts in the Union activities which was not to the liking of Shri D. C. Saha who was very much up against these workmen. I have already found from the Company's letters issued to the workmen that the Company could not assign any reason for withholding lay-off compensation to one of the workmen Radha Kanta Poddar and also could not offer any explanation for non-compliance with the provisions of section 25C(2) of the Industrial Disputes Act in respect of the other four workmen. The Company could have retrenched them in accordance with the provisions of section 25F at any time after the expiry of the first 45 days of the lay-off. But the Company arbitrarily stopped payment of lay-off compensation after the first 45 days and the workmen were kept in suspense for more than one year. Some of them were taken back in May 1961 but that was done probably with some motive because they were again charge-sheeted within a couple of months of their joining and they have been kept in suspense indefinitely although it is said that there has been a domestic enquiry made by the Company's Secretary Shri C. R. Chakravarti, but the result of the enquiry still remains unknown to the workmen.

It is in the evidence of almost all the P.Ws., who were employees of the Company and one of them P.W. 2 Shri Jitendra Nath Bag who is still in the employ of the Company, that immediately after the lay-off of these five workmen in November 1959, the Company recruited new hands. P.Ws. have specified the names of newly recruited workmen. The Company's solitary witness D.W. 1 Shri D. C. Saha could not altogether deny this fact. Therefore, the Company's mala fide motive is not very far to seek. The Company, as it appears, in a very high-handed manner laid off these five workmen without any justification. The Company, as I have found, could not deny that these five workmen were prominent workers of the trade union. In the matter of payment of lay-off compensation the Company also showed some discrimination without any justification, and could not offer any satisfactory explanation for non-compliance with the provisions of section 25C(2) of the Industrial Disputes Act and altogether denying any lay-off compensation to the workman Radha Kanta Poddar. D.W. 1 Shri D. C. Saha has attempted in his evidence to describe these workmen as purely temporary hands having served as helpers. But he had to admit the incorrectness of his own statement. One of them Sreenath Majumdar was a Drill-man as admitted by him who has been in service from the very start of the factory at Dum Dum in the year 1957. He says that Radha Kanta Poddar was in service for a month only before he was laid off. This statement of the de facto malik of the Company is found to be absolutely false. He was laid off with effect from 9th November 1959 but the attendance register (Ext. D/1) which he produced before the tribunal shows that he was in service at least from July 1959. The evidence of P.W. 3 Radha Kanta Poddar is that he joined service in January 1959. This evidence of him was not challenged in his cross-examination. Therefore, hardly any reliance can be placed on the evidence of Shri D. C. Saha the only witness of the Company. His own evidmence is being contradicted by the documents he has produced before the tribunal. According to him Ram Prosad and Dwijendralal were employed in 1958. It is in evidence of P.W. 2 Shri Jitendra Nath Bag who is still in service of the Company as a marking mistry, that there was plenty of work in the factory at the time these workmen were laid off by the Company.

He knew these workmen full well and one of them Prankrishna Das was his helper but Prankrishna entered service long before he joined. The Company has produced before this tribunal one register purported to be the order register, Ext. E, to show that there was no sufficient work in the hands of the Company at Factory No. II. But this document, as I have already found, is not a genuine one for reasons I have already stated. The appropriate register of the entire orders received by the Company as a whole has not been placed before the tribunal. Therefore, I am unable to be convinced about the alleged scarcity of work pleaded by the Company in order to justify the lay-off of these five workmen who were active members of the Union which fact remains unchallenged.

The Company has, at the time of hearing, taken another plea to justify its non-payment of compensation to the workmen. The Company's contention is that the factory at Dum Dum having employed less than 50 workmen, the Company is under no obligation to pay any lay-off compensation as provided in section 25C of the Industrial Disputes Act. No doubt there is such a provision in section 25A of the Industrial Disputes Act, but the Company has only to satisfy that there are less than 50 workmen employed by the concern. I have already concluded from the evidence of D.W. 1 Shri D. C. Saha that the Company is a single unit having its different varieties of works done and completed at two different places but for all practical purposes under the same management and administrative set up and ownership. The Company has placed before this tribunal the attendance registers (Exts. D, D/1) in respect of workmen working in Factory No. II at Dum Dum. No doubt these two registers will show that there are workmen numbering less than 50 working in the factory at Dum Dum. The Company has not produced the register in respect of workers designated as learners. D.W. 1 Shri Saha admits employment of such workers in that factory. Then again the Company has not produced another register in respect of workmen employed in the other factory attached to the Head Office at 117 Raja Dinendra Street. The Company did not take this plea in the written statement, but it was pleaded only at the time of hearing. The plea was not taken earlier in the lay-off notices or in the written statement, presumably because it was well aware of the true position and as such the Company paid lay-off compensation under section 25C to the four workmen for the first 45 days only. To support this belated plea the Company has placed some documents like Ext. E (order register) before this tribunal but I have already recorded the reasons for rejection of these documents. Hardly any reliance can be placed on this document in order to prove scarcity of work or its financial stringency as pleaded by D.W. 1 Shri D. C. Saha at the time of hearing, the Company could have placed before the tribunal its books of account and balance-sheets and income-tax returns but these documents have been withheld by the Company and I believe, it was purposely done.

Therefore, I have no hesitation to come to the conclusion that there was no justification for the Company's action to lay-off these five workmen and to withhold payment of lay-off compensation to which they were entitled to. The action taken against the workmen was mala fide and with a motive of victimisation and unfair labour practice.

These five workmen were laid off by the Company with effect from 9th November 1959 up to the end of April 1961. Only four of them were paid lay-off compensation for the first 45 days only. One of them Radha Kanta Poddar was not paid any compensation whatsoever. It transpires in the evidence of D.W. 1 Shri D. C. Saha that some workmen were recruited after lay-off of these five workmen and one of the workmen recruited during the period of lay-off (Tushar Kanti Roy) was later on dismissed from service but he was again reinstated by the Fifth Industrial Tribunal. Since the reinstatement of that workman, the Company was in a hurry to offer re-employment to the five concerned workmen who were laid off and accordingly issued them letters [Exts. 4(d), 4(e) and 4(f)] on 24th April 1961. One of the workmen Sreenath Majumdar has deposed that being unemployed he had been away to a distant place and as such the letter did not reach him in time, so he could not appear before the Company in time for re-employment. The other four workmen were re-employed by the Company with effect from 3rd May 1961, but they were again charge-sheeted on 27th June 1961, i.e., within a couple of months' time. According to the workmen they received the charge-sheets, Exts. 5 to 5(c) which were issued to them by the Works Manager of the Company. They promptly submitted written replies [Exts. 5(d) to 5(g)] denying the charges and allegations. They admit that there was a domestic enquiry held by the Company's Secretary Shri Chitta Ranjan Chakravarty, but the result of the enquiry has not yet been communicated to any of them. D.W. 1 Shri D. C. Saha has admitted all these facts. He at one stage of his evidence stated that these workmen were dismissed and approval has been sought for from the Chief Secretary, (?) Labour Department. But at another stage of his evidence he admits that the workmen have been kept suspended still. It is not the case of the Company that the result of the enquiry was communicated to the workmen or any order of dismissal passed against any of these workmen. Therefore, the position is that these workmen who were charge-sheeted within a couple of months' of their being re-employed, have been kept under suspension for an indefinite period although an enquiry has already been completed by the Company's Secretary Shri Chitta Ranjan Chakravarty who made his appearance before this tribunal at the time of hearing of this case. The Company purposely withheld his evidence. The Company having withheld the result of the domestic enquiry, the correct course for the tribunal will be in the circumstances as observed by the Hon'ble Labour Appellate Tribunal (1957 L.L.J., Vol. II, page 550 at page 555) to satisfy itself from the materials placed before it by both sides whether the charges levelled against the workmen have been established or not it appears from the charge-sheets [Exts. 5 to 5(c)] that the charges against the workmen are their go slow tactics, disorderly conduct and disobedience to the orders of the superiors. The workmen promptly replied to the charges, Exts. 5(d) to 5(f) are the replies. They denied the alleged charges. The workmen in their evidence before this tribunal also challenged the allegations and charges levelled against them. The Company has not placed an iota of evidence to substantiate the alleged charges. The Company's only witness D.W. 1 Shri D. C. Saha has not said anything to support the charges levelled

against these workmen. Therefore, there is no material to substantiate the charges levelled against the workmen. The workmen have been kept suspended for months together even after the conclusion of the enquiry held by the Company's Secretary, for reasons best known to the Company. The de facto malik of the Company Shri D. C. Saha (D.W. 1) has completely failed to offer cogent reasons for the unusual delay. This is nothing but a harassing tactics on the part of the Company. Therefore, I find no justification for the Company's refusal to re-employ these workmen. The Company has clearly resorted to mala fides in order to keep them out of employment. Therefore, these five workmen are entitled to reinstatement by the Company. Regard being had to the entire facts and circumstances I would further direct that four of them excluding Sreenath Majumdar will also be entitled to get 50 per cent. of their remuneration for the period of their forced idleness. As regards the workman Sreenath Majumdar who, as admitted by him, did not turn up to join his work in May 1961 in response to Company's letter issued about the end of April 1961, he is to get compensation at the above rate up to April 1961 only.

This is my award.

AWARD

The above dispute over the issue given in the order of reference was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department order No. 4208-IR/IR/4L-62/60, dated the 9th August 1960.

The only Issue referred for decision is as follows:—

Issue

Whether the discharge of Shri Bipad Bhanjan Sarkar is justified? To what relief, if any, is he entitled?

After the parties had filed their written statements and after necessary preliminary proceedings had been taken, the case was finally fixed for hearing at Krishnagar on 5th March 1962. Both parties wanted the case to be heard at Krishnagar. In the sitting at Krishnagar on 5th March 1962, the parties filed a joint petition of compromise setting out the terms upon which the dispute under reference had been settled between them and praying for a compromise award on the basis of the said terms. I was satisfied after hearing the representatives of the parties and also the parties who were present personally that there had been a bona fide settlement of the dispute between the parties on the terms set out in the joint petition and I was further satisfied that the terms were quite lawful and fair. So, the case is to be disposed of by a compromise award on the basis of the joint petition of the parties.

In the result, I make a compromise award in terms of the joint petition of the parties filed before the Tribunal on 5th March 1962 at Krishnagar. A copy of the petition is made a part of the award as an Annexure.

AWARD

By order No. 252-I.R./IR/10L-234/60, dated the 18th January 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Shree Shyama Iron Foundry, 119 Dharamtalla Road, Howrah, and their workmen represented by Howrah District Engineering and Metal Workers' Union, 4 Panchkari Mohanto Lane, Salkia, Howrah, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

1. Whether the workmen are entitled to any bonus on the occasion of Durga Puja of 1960, and, if so, what should be the quantum?

The reference relates to an industrial dispute between Messrs. Shyama Iron Foundry of 119 Dharamtalla Road, Howrah (hereinafter be referred to as the Company), and their workmen represented by Howrah District Engineering and Metal Workers' Union (hereinafter be referred to as the Union).

The reference was received from the Government on 28th January 1961. Immediately thereafter notices were issued upon both the parties, who duly entered appearance but the Union from the very

beginning made defaults to take proper steps. However, after issue of a fresh notice the union appeared to file written statement of claim on 3rd April 1961. Thereafter the Company filed written statement on 10th June 1961. The Company took steps for production of documents but the Union did not take any such step either for production of documents or for inspection of the documents filed by the other party. The Union after the filing of the written statement systematically absented on the different dates fixed for hearing of this case. The Union was again given special notice to appear for hearing of this case. But in spite of service of registered notices on 12th December 1961 and again on 14th February 1962 the Union did not turn up to proceed with the case. Lastly, the case was fixed on 27th February 1962 for positive hearing and disposal. The Company regularly attended on all the dates with their lawyer and witnesses but the Union as usual did not appear or did not take any step in spite of due information by registered notice with acknowledgment due. In the circumstances, I have no other alternative but to presume that the dispute under reference is no longer in existence, and as such a "no dispute" award is given.

This is my award.

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Government of West Bengal in the Labour Department by their Order No. 4100-Dis., dated 12th September 1956, referred an industrial dispute between the Cotton Textile Industry of West Bengal including Messrs. Jayashree Textile Limited and their workmen to the First Industrial Tribunal for adjudication. During the pendency of that dispute Shri Baijnath Gupta, a workman of Messrs. Jayashree Textile Ltd., filed a complaint under section 33A of the Industrial Disputes Act against that Company before that Tribunal on 25th October 1957. That Tribunal, as authorised by the Government of West Bengal Notification No. 1916-I.R./IR/3A-1/58, dated 13th May 1958, transferred the above case to this Court on 9th June 1959 for disposal.

Findings

After several adjournments the case was fixed for hearing on 16th February 1962. Shri N. K. Mukherjee, Advocate appeared for the Company on that date; but none appeared for the complainant. So I hold that there is no longer any complaint under section 33A of the Industrial Disputes Act in this case.

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: Shri Jiten Banerjee, Shri T. P. Chatterjee and Shri N. K. Roy, Advocate.

For the Company: Shri J. N. Chatterjee, Deputy Labour Adviser, Indian Engineering Association.

An industrial dispute between Messrs. Ottis Elevator Co. (India) Private Ltd., 207 Lower Circular Road, Calcutta-17, and their workmen represented by the Ottis Elevator Employees' Union, 3 Commercial Buildings (2nd floor), 23 Netaji Subhas Road, Calcutta-1, over the following issue, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 814-I.R./IR/10L-22/61, dated the 20th February 1961.

Issue

1. Additional bonus for the years 1957 and 1958.

Upon receipt of the order of reference, notices were issued upon the parties for appearance and for filing written statement.

AWARD

Thereafter the workmen represented by the Otis Elevator Employees' Union (hereinafter referred to as the Union) filed the written statement on 7th April 1961. The case as made out by the Union is that this Company having its Head Office at Bombay and branches at Calcutta and New Delhi carries on the business in installation, adjustment and testing of Escalators and is associated with Messrs. Waygood Otis Ltd., London, a very renowned and well-established concern of United Kingdom. Since 1954 the Company started functioning its own business independently and before that such business was carried on by Messrs. Waygood Otis Ltd., London, through their agent Messrs. Balmer Lawrie & Co. Ltd., and by Messrs. Turner Hoare & Co. Ltd. at Calcutta and Bombay, respectively. It is stated that with the change-over of hands all the employees working under Messrs. Balmer Lawrie & Co. Ltd. were taken over by this Company and thus they became the direct employees of the present Company which in its turn accepted all the liabilities of social benefits available to such employees. It is alleged by the Union that the existing wages of the workmen fall short of living wages in spite of the fact that enormous profits are earned by the Company. The Union representing the workmen in Calcutta claimed bonus at the rate of three months' basic wage in addition to one month's wages already paid as bonus by the Company on the eve of Pujas for each of the year 1957 and 1958. The Union filed along with the written statement the two letters, dated 11th December 1958 and 17th November 1959, written by the Secretary of the Union putting forward such claim of bonus for 1957 and 1958, respectively. Apparently the workmen feel that the employer should have paid a higher amount of bonus on the basis of the profits earned in the trading years 1957 and 1958.

Messrs. Otis Elevator Co. (India) Private Ltd. (hereinafter referred to as the Company) filed the written statement on 10th May 1961. It is contended by the Company that with the expiry of the agreement on 1st September 1954, Messrs. Balmer Lawrie & Co. ceased to be the Agent of Messrs. Waygood Otis Ltd., London, and the business was taken over directly by this Company, which, of course, offered engagement to all the employees who were under employment of Messrs. Balmer Lawrie & Co. Ltd. in Calcutta, but under new terms and conditions of service. It is urged that this Company had no responsibility whatsoever in respect of the past services of the workmen under Messrs. Balmer Lawrie & Co. Ltd. when the workmen accepted that they were re-engaged by this Company under new terms and conditions. It is contended that the Company is still in its infancy being started in 1954 and that they started with a very modest capital of Rs. 4,50,000 and for that heavy interest charges were being incurred and in order to overcome such difficulties additional finance had been obtained by floating new shares and increasing the paid-up capital to Rs. 20,00,000. It is alleged that the Company never paid bonus to the workers irrespective of profit and loss and as a matter of fact the Company is in a position to anticipate the profit of a particular year before the closing of the year, and as such, for the convenience of the workmen bonus at the rate of one month's basic pay had been paid to the entire body of the workmen engaged in different branches for the years 1957 and 1958, from the profits arising from the trading result of those years, and no further claim on account of bonus can be sustained on the basis of calculation of available surplus according to the Full Bench Formula.

At the time of hearing the Union examined two witnesses—(i) Shri Nani Gopal Banerjee, the Assistant Secretary of the Union and (ii) Shri Abdul Sattar, Head Mistry at the Calcutta Branch of this Company. On the side of the Company Shri L. K. Negandhi, who is the Secretary of the Company and who acted as the Accountant of the Company in

1957-58, had been examined. Besides, both the parties filed a number of documents in support of their respective contentions. The parties submitted statements showing the calculations of the available surplus after taking recourse to the figures of income and expenditure as shown in the Profit and Loss Account of the Company in each of the relevant years.

Admittedly, this Company carries on business of installation, adjustment and testing of elevators and escalators. The Company also maintains and repairs installations which are covered by the Company's maintenance contracts. In carrying on the business the Company manufactures just a portion of the equipment which are done from Bombay and major part of the equipment are imported from abroad. The Company has its Head Office in Bombay which started functioning from January 1954. The Calcutta Branch Office started functioning from September 1954. In 1956 another branch was opened at New Delhi. It appears from the evidence that this Company is associated with Messrs. Waygood Otis Ltd., London -a concern engaged in the same nature of business. Messrs. Waygood Otis Ltd., London, used to carry on the business through the agency of Messrs. Balmer Lawrie & Co. in terms of an agency agreement and with the expiry of the said agreement on September 1, 1954, Messrs. Balmer Lawrie & Co. did not prefer to continue the agency agreement and the business was taken over directly by Messrs. Otis Elevator Co. (India) Ltd. An agreement was made as between Messrs. Otis Elevator Co. (India) Ltd. and Messrs. Balmer Lawrie & Co. on the 18th August 1954 (vide Ext. 3). In terms of that agreement Messrs. Balmer Lawrie & Co. made over to this present Company all its existing service contract as agent of Messrs. Waygood Otis Ltd., London, and this Company as such assumed complete responsibility for their fulfilment. One of the terms in the said agreement was to the effect that Messrs. Balmer Lawrie & Co. will transfer or make available to this Company those of its employees that are engaged in the lift business and as are desired by Otis (India) Ltd. and that Messrs. Otis (India) Ltd. will assume all liability for social benefits for such employees of Messrs. Balmer Lawrie & Co. from and after the time their services are terminated and that Messrs. Balmer Lawrie & Co. will assume all such liabilities for the period prior to their transfer to Messrs. Otis (India) Ltd. The question of fixation of grades and scales of pay of the clerical and subordinate staff of this Company was decided by the Tribunal in a recent award published in the "Calcutta Gazette, Extraordinary", dated the 4th November 1961, at page 2880C. According to the version of the Company they are paying bonus to the workmen at the Calcutta Office since 1955. In the notice declaring bonus, issued on 28th September 1955, it was categorically stated by the Company that the Puja bonus equivalent to one month's basic pay would be paid to every permanent workman provided that the workman had been present on duty not less than 226 days within the period of last 12 months ending on the 31st July 1955 (vide Ext. 1). It was also mentioned in the aforesaid notice that a portion of this bonus covering the months of August and September would be paid by Messrs. Balmer Lawrie & Co. and the rest by this Company. There is no evidence to show what bonus the workmen were getting at the time when Messrs. Balmer Lawrie & Co. happened to be the Agent of Messrs. Waygood Otis Ltd., London. Besides, the agreement, Ext. 3, clearly indicates that this Company assumed liability for social benefit for the employees of Messrs. Balmer Lawrie & Co. from the time the workmen took their engagement under this Company with the consent of Messrs. Balmer Lawrie & Co. It is contended by the Company that whatever might be the state of things regarding payment of bonus prevailing under Messrs. Balmer Lawrie & Co. this Company was not bound by that when it started functioning as a new Company. The question as to if there was complete termination of service of the employees by Messrs. Balmer Lawrie & Co. and whether the employees were appointed as new recruitment by this Company had been considered by me in the previous adjudication case, between the same parties, the award of which was published in the "Calcutta Gazette, Extraordinary", dated the 4th November 1961. After consideration of all the facts and circumstances in the light of the evidence therein adduced, I came to the conclusion that there was complete termination of employment of the workmen by Messrs. Balmer Lawrie & Co. and that the engagement of the workmen by this Company was, in fact, new appointment as direct recruitment. The question, therefore, becomes immaterial for the purpose of this case to find out what bonus the then workmen had been paid when they were the employees of Messrs. Balmer Lawrie & Co. For the purpose of creation of relationship as master and servant, I take it that such connection between the employer and the employees started from September 1954 and the liability as to fulfilment of the benefit available to the workmen as social benefits cannot be traced back to a period prior to that time.

It is also significant to note that the question whether the workmen at the Calcutta Office were entitled to get additional bonus for the years 1955 and 1956 came up for decision in a previous reference case, the award of which was given by Shri P. K. Sarkar, Judge, Second Industrial Tribunal, as published in the "Calcutta Gazette, Extraordinary", dated the 26th September 1959, at page 2049. From that award it appears that the learned Tribunal found the available surplus at a sum of Rs. 32,052 for the year 1955, and the sum paid as bonus in that year at Rs. 3,718 making Rs. 35,770 and thus held that the workkmen were entitled to get additional bonus for one month's basic pay which was found to be Rs. 14,234 taking into account all the employees of the Company including high salaried staff in Bombay and Calcutta when the Company already paid one month's pay as bonus. The learned Tribunal found that the workers were not entitled to get any additional bonus for the year 1956 when the available surplus was found to be Rs. 30,333 and the workers were paid as bonus Rs. 30,19,211 and one month's basic wage for the entire staff of the three branches—Bombay, Calcutta and New Delhi—amounted to Rs. 22,470.

So, for the purpose of determining the claim of the workers employed in Calcutta for additional bonus for each of the years 1955 and 1956, the Tribunal on the basis of the trading result of the Company applied the Full Bench Formula to find out the available surplus for each of the years 1955 and 1956 separately and after taking into account the payment already made by the Company towards bonus came to the concluston that additional one month's basic pay as bonus should be paid to the workmen for the year 1955 could be sustained. The learned

lawyer appearing for the Company urged that the said Tribunal in giving the award considered the payment of one month's basic wage towards bonus in the years 1955 and 1956 as nothing but profit bonus and, therefore, it is too late in the day for the Union to urge a case that the workmen had already acquired a right to get one month's basic pay as bonus either as a condition of service or as a Puja bonus.

The Supreme Court in the case of Messrs. Graham Trading Co. and their workmen, reported in 1959, II, L.L.J. p. 93, had formulated the several tests which are to be satisfied for the purpose of determining whether a right in favour of the workmen had accrued in the matter of claiming bonus either as a condition of service or as customary one. There is, of course, some differences in the terms and factors to be considered as to when a claim of bonus can be sustained as a condition of service and that based on a customary right. But in either case it has got to be shown that such payment had been made by the Company for an unbroken series of years for a systematically long period and that the payment had been made irrespective of the question of profit and loss. As already found by me the workmen under this Company entered into their engagement in relationship as master and servant under this Company since September 1954. The workers got bonus in Calcutta on the eve of Durga Pujas in 1955, 1956, 1957 and 1958 at the rate of one month's basic pay. The employees at Bombay and Delhi got the same rate of bonus on the eve of the Dewali and Christmas. At the same time the bonus as was paid in 1955 though amounting to one month's basic pay was shared by Messrs. Balmer Lawrie & Co. in view of the fact that Messrs. Balmer Lawrie & Co. happened to be the employer for the months of August and September and that the workmen came under the employment of this Company from October 1954. Even ignoring the fact that the payment of bonus in 1955 had been shared between the two Companies, it can at best be said in favour of the workmen that they got bonus at the rate of one month's basic wages in 1955 and in 1956. Such payment of bonus for two years is not a sufficiently long period in order to ripen into a custom to create any right in favour of the workmen to justify a claim for such bonus in the following years. Nor can it be said that a implied condition of service for a bonus had developed in their favour. I, therefore, hold that in deciding the claim of additional bonus for the years 1957 and 1958, I shall have to take into account the amount already received by the workmen in the shape of bonus at the rate of one month's basic wages for each of the years treating the same as profit bonus in order to determine if the claim for additional sum can be sustained, on the basis of the profits earned in those years.

There is no controversy on the point that all the workmen including the supervisory staff engaged in Calcutta, Bombay and New Delhi had been paid one month's basic pay as bonus in 1957 and also in 1958. Exhibit A is the notice, dated the 30th September 1958, issued by the Company regarding payment of bonus to be made on the 3rd October 1958 for the year 1958. It is admitted by both the parties that similar notice had been issued by the Company in 1957. Admittedly the trading years of the Company, both in 1957 and 1958, were from the 1st of January to the 31st of December of those years. The Company submitted the balance-sheet and the profit and loss account for both these years which include also the report of the Auditors. In the report of the Auditors it is clearly mentioned that the balance-sheet and the Profit and Loss Account dealt with by the report are in agreement with the books of accounts and that the balance-sheet gives a true and fair view of the state of affairs of the Company, and that the profit and loss account gives a true and fair view of the profit for the year in question. There is, however, a remark in the report of the Auditors in both the years that the Profit and Loss Account (not the balance-sheet) had been prepared on the same line as that of Messrs. Ottis Elevator & Co., New York, and does not give all the information required by the Companies Act of 1956, in the manner so required. The learned lawyer for the Union put much stress upon that portion of the remark regarding the auditors remark on the profit and loss account and urged that the Tribunal should not place any reliance upon the profit and loss account as submitted by the Company as the information given therein are not in conformity with the provisions of the Companies Act, 1956. Under section 211 of the Companies Act, 1956, the balance-sheet of the Company shall give a true and fair view of the state of affairs of the Company as at the end of the financial year and shall, subject to the provisions of the section, be in the Form set out in Part I of Schedule VI, or as near thereto as circumstances admit. Similarly, it is so provided that the Profit and Loss Account shall give a true and fair view of the profit and loss of the Company and shall comply with the requirements of Part II of Schedule VI as far as they are applicable thereto. The Auditors did not make any remark regarding the balance-sheet and it is categorically mentioned that it gives the information required by the Companies Act, 1956, in the manner so required. The adverse remarks as to the mode of preparations of accounts applies only to the profit and loss account. It is contended by the Union that the profit and sale account is prepared in a manner, which shows to have included in the income-side, certain amounts, under the head of (i) Service Sales Bills, (ii) Applied Sales Indirect Cost, (iii) Sales Miscellaneous Operating, (iv) Service Miscellaneous Operating, (v) Excess Provision for free service written back, (vi) Sales Zone Burden, (vii) Service Zone Burden, (viii) Manufacturing Burden, and also certain expenses under the head of Sales Indirect Expenses, Services Indirect Expenses and none of these items of income and expenditure are permissible under the Companies Act, having regard to the specific provisions in law under the Companies Act. In short, the substance of the objection of the Union regarding the accounting adopted in the Profit and Loss Account appears to be confined to the mode of preparation of the same. Now simply because a particular Company has maintained the books of accounts and prepared the profit and loss with reference to the same following a particular mode, which is different from the usual mode of accounting followed by other Companies, no inference can be drawn that a correct and true picture of the profit and loss is not revealed by the same. The Accountant of the Company stated that the main difference of the presentation of accounts according to them and according to the Company's law is in respect of stock in trade and work in progress. He also explained in his deposition that the expenses under the head of Miscellaneous Direct Expenses really mean other contract expenses on

contracts for which a contract ledger book is maintained and corresponding recoveries are shown in the right hand side under the heading of "Applied Sales Indirect Cost", "Sales Zone Burden", "Service Zone Burden", "Manufacturing Burden." The Union submitted statements in Ext. 4 and Ext. 5 of the available surplus for each of the years in question and in making the calculation as to gross profits, the income arising from nine items under the different heads in the income sides, which are marked by me as A to I in the Profit and Loss Account for 1957 as submitted by the Company, amounting to Rs. 11.44 lakh, should be added back and at the same time, some of the intems of expenses, as per Schedule "A" of Ext. 5 amounting to Rs. 4.73 lakh should be deducted. In fact, what the Union insists is that the Tribunal should proceed to reconstruct the Profit and Loss Account or as a matter of fact find out the gross profits after disallowing some items of expenses and certain items of income, for the sole reason that the mode of accounting as followed by this concern is somewhat different from that followed by other Companies.

There is no doubt that when the accounts of the Company are prepared by the Management, and that the Company's officers prepared the balance-sheet and Profit and Loss Account, and that the labour got no voice or concern to the same, it is absolutely necessary that the Company should give a clear proof of the correctness of the same, and for that sufficient opportunities must be given to the Union to challenge the particulars furnished in the balance-sheet and profit and loss accounts.

But before the accounts can be thrown off, it is necessary to remember the principle stated by the Supreme Court in the case of Associated Cement Co. as reported in 1959, I, L.L.J., p. 644. The observations run as follows:

> "As a general rule, the amount of gross profits thus ascertained is accepted without submitting the statement of the profit and loss account to a close scrutiny. If, however, it appears that entries have been made on debit side deliberately and mala fide to reduce the amount of gross profits, it would be open to the Tribunal to examine the question and if it is satisfied that the impugned entries have been made mala fide it may disallow them."
>
> "It would likewise be open to the parties to claim the exclusion of items either on the credit or on the debit side on the ground that the impugned items are wholly extraneous and entirely unrelated to the trading profits of the year. In considering such a plea the Tribunal must resist the temptation of dissecting the balance-sheet too minutely or of attempting to reconstruct it in any manner. It is only in glaring cases where the impugned item may be patently and obviously extraneous that a plea for its exclusion should be entertained."

Besides showing that the Company had followed the mode of accounting in the preparation of Profit and Loss Account somewhat different from what is done by other Companies, I do not find any reason to hold that the Profit and Loss Account do not show the correct state of things and that any items of income and expenditure which are extraneous trading result of the Company had been incorporated therein to make a show of lesser profit than what had been actually earned by the Company. The Union had ample opportunity to cross-examine the Accountant of the Company at length and he had sufficiently explained the particular entries made in the Profit and Loss Account. Apart from the certificate of the Auditor, the Accountant stated that the Company could prove each item of income and expenditure with reference to the books of accounts.

The Union in giving the calculation as to available surplus has reconstructed the Profit and Loss Account in a novel manner. According to the version of the Union the gross earnings of the Company should be calculated after adding together the amounts shown under the heads of "Bills rendered in advance" and those bills during the year both on account of Sales and Services and deduct from the same items of income derived under several heads as Service Sales Bills, etc. (nine in number, marked by me with alphabet "A" and "I" in the Profit and Loss Account Sheet, Ext. C). Now, so far as income derived from the bills submitted by the Company are concerned, the Company's version as supported by Profit and Loss Account is that only the amount of income as per bills both outstanding and for the current year as relate to completed portion of work is taken into account for the purpose of calculating the trading income and that is why the amount of the outstanding bills for which the work had not been completed is deducted for the purpose of finding out the real income. A separate list of the outstanding work and the amount under the bills thereof is submitted by the Company in support of the contention. What is thus done by the Company is to add together the amount of outstanding bills and the amount for the bills submitted during the year and deduct from the total that portion of the bill, work for which is not completed during the year and arrive at the income derived from the completed work under these bills in course of that year. It is to be noted that in the balance-sheet the Company has separately shown the work in progress as an item of assets and the figure under that head is a little excess of the amount shown under the head of "uncompleted work with reference to the bills." It is pertinent to note in this connection that the calculation of available surplus as submitted by the Union is not supported by any oral evidence of the person who had prepared the same. In order to challenge the correctness of the entries of Profit and Loss Account as prepared by the Company, which is certified by the Auditors as correct, it is necessary for the Union to establish the same either by cross-examination of the Accountant of the Company produced at the dock or/and by examining an expert in their side. The Union did not examine any expert witness to satisfy the Tribunal as to how the calculation of available surplus as submitted from the side of the Union had been done, even though the Union insisted upon reconstruction of the balance-sheet after challenging the correctness of the entries of the balance-sheet and the Profit and Loss Account of the Company. In the circumstances, I find no reason to accept and rely upon the calculation given by the Union as to available surplus. There is also no reason as to why the statement of accounts as shown in the Profit and Loss Account of the Company should be discarded and that I should proceed to reconstruct the same in the manner as demanded by the Union. Let me now explain the

calculations given by the Company for the year 1957. The Company in the calculation of available surplus for that year separated the net profit as shown in the Profit and Loss Account standing at Rs. 32,787 and added to the same the amount of bonus paid to the staff during that year, the depreciation charged in the Profit and Loss Account and the contribution and donation made during that year and thus arrived at Rs. 1,02,601. For the sake of convenience I gave the calculation below:

		Rs.
Net profit as shown in the Profit and Loss Accounts	...	32,787
Add—		
Depreciation	...	39,632
Contribution and donations	...	250
Bonus to staff paid in 1957	...	29,932
Total	...	1,02,601

From the said sum of Rs. 1,02,601, a sum of Rs. 478 is deducted on account of payment made towards Employees' Indemnities to bring down the figure at Rs. 1,02,123. This is the gross income arrived at following the Full Bench Formula. It is now necessary to find out what deductions are to be made from the same on account of prior charges for which the employer claims on account of (i) Notional Normal depreciation, (ii) Income Tax, (iii) Return on capital at six per cent. and (iv) return on reserve at four per cent. The Company submitted a detailed statement [Enclosure "A", attached to the statement of Available Surplus Ext. D(1)] showing the notional normal depreciation, and there is nothing to challenge the statement contained therein, which is done on the basis of the written down value of the assets with fixed allowable rates of depreciation applicable to the nature of the assets.

Naturally the deduction as prior charge under the head of "Income Tax" should be calculated on the basis of the gross income deducted by the statutory depreciation allowed under the Income Tax Act. The Company in the statement, Ext. D(1), showed in enclosure "B" the mode of calculation of Income Tax deduction. The ordinary and additional depreciation allowed under the Income Tax Act stood at Rs. 41,023 and this is supported by the Income Tax Assessment Order, Ext. P. Naturally, the rate of Income Tax would be 51.5 per cent. and on that basis the amount of Income Tax deduction comes to Rs. 31,436.

So far as deduction to be made "Return on capital", there is no controversy on this point that it should be calculated at the rate of six per cent. on Rs. 4,50,000, the issued capital, which comes to Rs. 27,000.

Next comes the question whether the employer had satisfactorily proved that any part of the reserve had been actually utilised as Working Capital throughout the year and, if so, what was the sum so employed.

According to the evidence adduced by the employer, it is urged that a sum of Rs. 7,342.50 shown in the balance-sheet as the reserve under the head of "Employees Indemnities" and a sum of Rs. 12,587 standing under the head of "Bad and Doubtful Debts" had been employed throughout the year as Working Capital. It is now a well settled principle of law that the balance-sheet does not by itself prove the fact of utilisation of reserve as Working Capital and that convincing evidence should be given by the employer to sustain such a claim. Apart from the evidence of the Accountant, the Company filed a statement showing the amount of over-draft at the end of each month of the year 1957 and thereby tried to establish that the reserve did not remain idle and had been, in fact, utilised as Working Capital to run the business. Such evidence does not actually suffice to show the utilisation of the reserve as Working Capital spread throughout the year, and I disallow the claim of the Company under that head.

I now give below the calculation of available surplus starting from gross profit already calculated by me at a figure Rs. 1,02,123.

		Rs.
Gross Profit	...	1,02,123
Deduct Notional Normal depreciation		26,587
		75,536
Deduct Income Tax	...	31,436
		44,100
Deduct Return on capital	...	27,000
		17,100

The employees have already been paid one month's basic pay as bonus amounting to Rs. 26,702. Naturally, therefore, the payment already made cannot be said to be less than what is worked out following the Full Bench Formula for determination of available surplus. In this consideration I hold that the workers are not entitled to get any additional bonus for the year 1957.

Next I take up the question of determination of available surplus for the year 1958. The Company in the statement of accounts for calculation of available surplus started from the Net Profit as shown in the Profit and Loss Account and added to the same the expenditure under the heads of (i) Development Rebate Reserve, (ii) Contributions and Donations, (iii) Provision for Taxation, (iv) Depreciation, and (v) Bonus to staff paid in 1958, and deducted the total of the sum spent during the year for Employees Indemnities and for Bad Debts written off. It would appear from the Ext. D that the Company took the gross profit in accordance with the mode of calculation as stated above, at Rs. 1,29,775. Naturally, if the Profit and Loss Account of the balance-sheet, submitted by the Company, is accepted as showing the actual trading position of the Company, the calculation as done by the employer is in accordance with the principle to be followed in calculating the available surplus. As already stated, the Union urges that the Company's accounts are not worth reliance and the gross profit should be calculated taking the gross earnings on the basis of the bills submitted during that year and the bills outstanding on 1st January 1958, adding to the same certain items of income as given in schedule "B" of Ext. 4. As already stated, the Company had satisfactorily explained as to why they prepared the Profit and Loss Account on the basis

of the completed work in the particular trading year with due reference to the total number of bills deducting from the same amounts under those bills for which the work was still to be completed. The method of calculation followed by the Union for the purpose of determining the gross earnings after reconstruction of the balance-sheet and the Profit and Loss Account is not supported by any expert evidence. Nor am I satisfied on the basis of the evidence adduced that the calculation done by the Union, shown in Ext. 4, is worthy of any consideration. In fact, the calculation of gross earnings and gross profit after deduction of several items of expenses from the gross earnings is absolutely fictitious and based on conjectures and surmise. I, therefore, discard the calculation shown in Ext. 4 in the same manner as I discarded the calculation, shown in Ext. 5, for the year 1957. In the circumstances, there is no reason why the mode of calculation of gross profit as shown in Ext. D should not be accepted on the basis of figures given in the Profit and Loss Account.

I thus accept the calculations as given in Ext. D, which is as follows:

		Rs.
Net Profit	...	47,322
Add—		
Development Rebate Reserve ...	6,563	
Contribution and Donations ...	300	
Provision for Taxation	8,175	
Depreciation ...	38,799	
Bonus to staff paid in anticipation of profits of 1958 ...	29,403	
	...	83,240
	...	1,30,562
Less—		
Employees Indemnities paid during the year	...	451
	...	1,30,111
Bad debts written off during the year	...	336
Gross Profit	...	1,29,775

The Company has claimed deduction under the heads of (i) Notional Normal Depreciation, (ii) Income Tax, (iii) Wealth Tax, (iv) Return on Capital and (v) Return on Working Capital. For Notional Normal Depreciation the Company has given a detailed statement in Annexure "A" attached to Ext. D. The Union did not challenge the correctness of the statement. It may be noted in this connection that the Union's calculation in Ext. 4 is obviously wrong when under the head of Notional Normal Depreciation they took the amount at Rs. 38,000 which was approximately the amount provided under that head in the Profit and Loss Account.

Naturally, the Income should be calculated on the gross profit of Rs. 1,29,775 deducted by the statutory depreciation. I find from the Income Tax Assessment Order that the depreciation was allowed at Rs. 21,771. The Company calculated the Notional Income Tax deducting that sum as the depreciation to be deducted from the gross profit as in Enclosure "B" of Ext. D.

There is no controversy on the point that the Company is entitled to get deduction on prior charge on account of Wealth Tax Paid.

So far as Return on Capital, it appears that the Share Capital of the Company was increased from Rs. 4,50,000 to Rs. 20,00,000 in 1958 and the share money for the additional capital had been fully received by the Company by the 23rd September 1958. In this view, the share capital stood at Rs. 4,50,000 for the first nine months of 1958 and at Rs. 20,00,000 for the last three months of 1958. Calculating at six per cent. return on actual investment, the amount comes to Rs. 50,250. Here as well, I may mention that the calculation given by the Union showing the deduction on account of return on capital on the basis of Rs. 20,00,000 calculated at Rs. 1,20 lakh, though in favour of the employer, is erroneous.

The Company has claimed return on Reserve at four per cent. on Rs. 26,839 which is the amount shown as Reserve and Surplus in the balance-sheet under the Heads of "Bad and Doubtful Depts and Employees Indemnities" and for the same reason as given with respect to my calculation obtaining for the year 1957, I cannot entertain the claim in the absence of convincing evidence. The calculation of available surplus thus worked out is given below:

		Rs.
Gross Profit	...	1,29,775
Deduct Notional Normal depreciation		28,567
		1,01,208
Deduct Income Tax	...	55,622
		45,586
Deduct Wealth Tax	...	7,770
		37,816
Deduct Return on capital	...	50,250
Total deficit	...	−12,434

In the circumstances, there arises no question of giving any additional bonus to the workmen.

This is my award.

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. RAY, Judge, Seventh Industrial Tribunal.

For the Company: Shri N. M. Das Gupta, Advocate.

For the Union: Shri Amal Maitra, Assistant Secretary.

AWARD

The above dispute over the issue given in the order of reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 31-I.R./IR/10L-77/59, dated the 5th January 1961.

The Issue referred for decision is as follows:—

Issue

Service period of the following workmen—Sarbashree (1) Subal Basak, (2) Krishna Guin, (3) Manoranjan Acharjee, (4) Mrityunjoy Bijali, (5) Hematfulla Mondal, (6) Jitendra Nath Das, (7) Khudiram Mondal, (8) Ramanand Sharma, (9) Dhukhiram Sarma, (10) Amarendra Nath Roy, (11) Bhadreswar Ghosh, and (12) Sudhir Mondal.

It will appear clearly from the order of reference that the dispute under reference covers only the three concerns named in the order of reference, viz., Messrs. Wolverhampton Iron & Steel Co., Modern Engineers and Chemico Industrial Plants, the second and third concerns being described as associated concerns of Messrs. Wolverhampton Iron & Steel Co., and their workmen represented by Wolverhampton Iron & Steel and Associated Concerns Workers' Union. The relevant case of the Union under the issue referred for decision in so far as it relates to the said three concerns may be briefly summarised as follows. Messrs. Wolverhampton Iron & Steel Co., hereinafter referred to as the Company, was established in or about the year 1939. In 1958 and 1959 respectively, the said Company purported to put up two other concerns under the names Modern Engineers and Chemico Industrial Plants, within the factory premises of the said Company by putting up two signboards bearing those names. The said two concerns were not real industrial concerns independent of and separate from the Company. They existed only in name. The work of the said Company was really done in the particular premises where these signboards were put up. These fictitious concerns had no separate establishment, plant or machinery at all. Their workmen were appointed by the Management of the said Company and these workmen were paid their wages from the pay office of the Company. The Company resorted to this subterfuge of creating fictitious concerns with the mala fide intention of evading taxes and cheating the workers in various ways. Ten of the workmen, excluding workmen Nos. 8 and 9 named in the issue, were appointed in the two fictitious concerns on the dates and years given in the list made Annexure A to the written statement of the Union. But on 3rd November 1959, the Company put the names of these workmen in the attendance register of the Company indicating thereby that they were appointed as from that date. Thus, their past service with the Company was arbitrarily wiped out and they were treated as new recruits of the Company from 3rd November 1959 and their service periods were counted from that date. Their service periods under the Company should really be counted from the dates of their appointments under the two fictitious concerns according to the list made Annexure A to the written statement and they should be deemed to be regular employees of the Company from the said dates. The Union prays for this relief in regard to the 10 workers excluding workers Nos. 8 and 9, whose case is not pressed on the ground that they have left the service of the Company since the reference.

A written statement has been filed on behalf of the Companies by Messrs. Wolverhampton Iron & Steel Co. It is first submitted in the written statement that the issue as referred is vague and no relief can be claimed on such issue. Then it is submitted that workers Nos. 8 and 9, Ramanad Sarma and Dukhiram Sarma were never in the Company's employment at any time and so, there can be no industrial dispute regarding them. It is further submitted that worker No. 12 Sudhir Mondal was formerly an employee under the Company, but his services were terminated in March 1956 and he was employed anew under the Company on 3rd November 1959. It is admitted that the other workers named in the issue are in the employ of the Company since 3rd November 1959 and it is contended that they first became the employees of the Company on and from that date. It is categorically denied that the two other concerns,

Modern Engineers and Chemical Industrial Plants, were false and fictitious concerns set up by the Company for some ulterior purposes and they used to do the work of this Company and it is asserted that this Company had or has no functional integrality with those concerns and those concerns are two independent concerns and they are not associated concerns of this Company. These two concerns are run with their own capitals and they employ thier own workmen and pay their wages from their own funds. It is further submitted that the employees of these concerns had and have no connection whatsoever with the employees of the Company. On the above allegations, it is finally contended that the service periods of the concerned workmen covered by the dispute under this Company is to count from 3rd November 1959, the date of their first appointment under this Company and their service periods cannot be extended back to cover their alleged periods of service under the two other concerns.

Findings

The issue as framed and referred for decision is no doubt somewhat vague and indefinite in that it does not clearly specify exactly in what manner and with reference to which industrial concern or concerns named in the reference the service periods of the concerned workmen are to be determined. It only refers generally to the service periods of the workmen. The proper question under the issue should have been as follows:—

> "Whether the service periods of the concerned workmen under Modern Engineers and Chemico Industrial Plants should be counted towards their service periods under Messrs. Wolverhampton Iron & Steel Co."

This is practically the basic question at issue between the parties according to the written statements filed by them. The vagueness and indefiniteness of the issue, however, cannot affect the reference itself and prevent this Tribunal from adjudicating the dispute referred to it because the precise point at issue between the parties clearly appears from the written statements filed by them before this Tribunal. The reference is thus not incapable of adjudication for the defect in the issue indicated above. This disposes of the preliminary objection raised on behalf of the Company on the plea that the issue is vague and indefinite and no relief can be claimed on such issue.

As already indicated above, the Union does not press the cases of workmen Nos. 8 and 9, Ramanad Sarma and Dukhiram Sarma. The position comes to this that the dispute in regard to these two workers is given up by the Union and in this way the dispute in regard to them ceases to exist. Accordingly, there is to be a "no dispute" award in respect of these two workres and I at once award accordingly in their cases.

I now take up the merits of the case for decision in regard to the other 10 workmen named in the issue, Nos. 1 to 7, 10 to 12.

The Union's claim for counting the service periods of these workmen under Modern Engineers and Chemico Industrial Plants prior to 3rd November 1959, on which date they were, according to the admissions of both parties, appointed under Messrs. Wolverhampton Iron & Steel Co., is based upon the plea that Modern Engineers and Chemico Industrial Plants had no separate existence organisationally and functionally from Messrs. Wolverhampton Iron & Steel Co. and they were really component parts of the said Company and the said Company used to have its own work done through the said two concerns which were shown to be nominally separate from the Company for some ulterior purposes. As indicated above, this plea has been denied by the Company in the written statement and it has been contended in effect that all these three industrial concerns were and are separate and independent units, both organisationally and functionally and there was or is no functional integrality between them. The crucial point for decision would be which of the aforesaid cases of the contending parties is to be accepted upon the evidence produced in the case. If the Union's case is accepted, their claim must succeed, but if it is rejected and the Company's case is accepted, their claim must fail.

The physical existence of the three industrial concerns named in the order of reference, Messrs. Wolverhampton Iron & Steel Co., Modern Engineers and Chemico Industrial Plants, cannot be disputed and this fact is borne out by the order of reference itself and also by the admitted agreement, Ext. B, between the said concerns and their employees through their Union. This fact is also proved by Exts. D, D(1), E and F, which considered together, clearly point to the position that each of these concerns has a factory covered by a separate licence. P.W. 1 Shri Subal Chandra Basak, a member of the Union Executive Committee, has practically admitted the physical existence of the three concerns by saying "I say that these are all the same Company because their works are carried on within the same compound." P.W. 2 Shri Nirmal Kanti Ghosh, the Secretary of the Union, has also admitted that the concerned workers served in Modern Engineers and Chemico Industrial Plants before 3rd November 1959. They could not certainly serve in these concerns unless they physically existed. It is further proved by Exts. G, G(1) and G(2), the three wages registers of the three industrial concerns, that wages of the employees of each concern were paid separately and accounted for separately. This fact clearly indicates that the finances of these three concerns were kept separate and there was no unitariness in respect of the financial transactions of the three concerns. It is proved by the evidence of O.P.W. I Shri Hari Narayan Chatterjee, the General Manager of Messrs. Wolverhampton Iron & Steel Co., that Messrs. Wolverhampton Iron & Steel Co. and Chemico Industrial Plants are partnership concerns and Modern Engineers is a proprietory concern owned by Shri R. N. Chatterjee, a son of Shri P. N. Chatterjee, a partner of Messrs. Wolverhampton Iron & Steel Co. It is also proved by him that the factory of Messrs. Wolverhampton Iron & Steel Co. is situated at 3/1 Kashi Nath Dutta Road and the factories of Modern Engineers and Chemico Industrial Plants are situated at 65 Nainam Musalmanpara Lane. but both the premises are covered by the same municipal holding. The evidence of this witness in regard to these facts has not been seriously challenged in cross-examination and I accept this evidence as correct. He has further produced and proved two separate balance-sheets of

the two partnership concerns, Messrs. Wolverhampton Iron & Steel Co. and Chemico Industrial Plants. From the facts proved by this witness, it can be safely held that the three industrial concerns, Messrs. Wolverhampton Iron & Steel Co., Modern Engineers and Chemico Industrial Plants were and are really three separate industrial units organisationally, functionally and financially. It does not matter that these concerns are situated within the same municipal holding. No doubt according to the evidence, one of the partners of Messrs. Wolverhampton Iron & Steel Co. is the father of the owner of Modern Engineers. This fact cannot necessarily prove that the said two concerns are really one and the same concern organisationally and functionally. On the contrary, it has been proved that these concerns have separate licences and have separate wages registers showing that their financial administrations are quite separate and independent. Even assuming that they are associated concerns in the sense of being controlled by persons who are near relatives or even members of the same family, it cannot necessarily be said that they have no separate and independent existence apart from each other. The most important test in such a case would be whether there is functional integrality among the industrial concerns so as to make all the concerns component parts of a single unit. There is absolutely no satisfactory evidence to prove that any functional integrality existed or exists between the three industrial concerns covered by the present dispute in the sense that they are functionally interdependent on and supplementary to each other. The test of functional integrality as between different industrial concerns has been held to be the crucial and supreme test in order to determine whether they form a single industrial unit or not even in cases where the concerns are owned and controlled by a single owner [vide 1960(I) L.L.J., page 497 S.C.]. In this Supreme Court case another test has also been mentioned and it is the test of integration or distinctness of finance and employment. I have already indicated above that there is ample evidence on the record to prove that finances of the three concerns were kept separate and wages of the employees of each concern were paid and accounted for separately. The same test of functional integrality and integrality of employment and expenditure in respect of several concerns controlled by the same Managing Agent was also laid down in the case of Bangur Brothers versus Government of West Bengal. [1961(II) L.L.J., page 351]. The resultant position in the present case, therefore, comes to this. Separate existence of the three industrial concerns organisationally and functionally and also financially has been proved and no functional integrality as between them has been proved, though there may be grounds for believing that these are associated concerns owned and controlled by some persons who are related to each other and the factories are situated within the same municipal holding. The only conclusion that can legally follow from the aforesaid factual position is that the three industrial concerns covered by the dispute were and are actually separate and independent units and not component parts of the same unit. There is absolutely no substance in the Union's case that Modern Engineers and Chemico Industrial Plants existed only in name and were absolutely fictitious concerns. Necessarily, it must be held that the employees of each of these concerns were and are completely separate and persons who were formerly employed under Modern Engineers and Chemico Industrial Plants but who were subsequently employed under Messrs. Wolverhampton Iron & Steel Co. from 3rd November 1959, cannot claim continuity of service as between the periods during which they served under Modern Engineers and Chemico Industrial Plants and the periods during which they are now serving under Messrs. Wolverhampton Iron & Steel Co. In other words, they must be considered to be new entrants into the service of Messrs. Wolverhampton Iron & Steel Co. from 3rd November 1959 and their service periods under this Company must be counted from that date and these cannot be extended back to cover the periods of their service under Modern Engineers and Chemico Industrial Plants. This decision covers the cases of all the remaining 10 workers named in the issue including worker No. 12 Sudhir Mondal irrespective of the Company's case in respect of him that he was previously in the employ of Messrs. Wolverhampton Iron & Steel Co. but was discharged and then was taken as a new employee on and from 3rd November 1959. The Union's case in the written statement is that all the workers named in the issue were entered in the register of attendance of Messrs. Wolverhampton Iron & Steel Co. on 3rd November 1959 on the basis that they were appointed from that date. There is no evidence to prove that Sudhir Mondal had continuity of service under this Company before 3rd November 1959.

On the above decisions and for the reasons given above, I award in respect of workmen Nos. 1 to 7 and 10 to 12 that their service periods under Messrs. Wolverhampton Iron & Steel Co. will be counted from 3rd November 1959, on which date they became the employees of this Company and these periods shall not extend back to cover their periods of service under the other two concerns, viz., Modern Engineers and Chemico Industrial Plants.

B. N. Pachal & Sons (P.) Ltd., 208 Belilious Road and 19/34 Shri Ramkrishna Mandir Path; North Bantra, Howrah, with Head Office at 33/1/1 Natabar Paul Road, Howrah, and their workmen represented by the B. N. Pachal Mazdoor Union, 182 Belilious Road, Howrah, regarding the issues mentioned in the said order being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Seventh Industrial Tribunal;

And whereas the said Seventh Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

In the matter of an industrial dispute between Messrs. B. N. Pachal & Sons (P.) Ltd., 208 Belilious Road and 19/34 Shri Ramkrishna Mandir Path, North Bantra, Howrah, with Head Office at 33/1/1 Natabar Paul Road, Howrah, and their workmen represented by the B. N. BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

AWARD

The above dispute over the issue given in the order of reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 8175-I.R./IR/11L-522/61, dated the 23rd December 1961.

Issue

Bonus payable to the workmen before Durga Puja of 1961.

After receipt of the reference, the Tribunal issued notices to both parties fixing 15th January 1962 for appearances and filing of written statement by the Union. The notices were duly served according to the acknowledgments received back through the Post Office. On 15th January 1962 there was no appearance for the Union, but the Company put in appearance through its Labour Adviser. The Tribunal suo moto extended the time for filing written statement by the Union till 27th January 1962. At the same time, it was recorded that if no written statement was filed by 12 a.m. on 27th January 1962 by the Union, the case would be disposed of according to law. On 27th January 1962 there was no appearance by either party and, needless to say, no written statement was filed by the Union. Still, the Tribunal granted another adjournment of the case to 31st January 1962 directing that if no written statement was filed by the Union within 12 a.m. on that day, the case would be disposed of according to law. On 31st January 1962 the President of the Union appeared and filed a petition praying for extension of time for filing written statement by one month more. The prayer was allowed and 1st March 1962 was fixed for filing written statement by the Union. On 1st March 1962 there was again no appearance by either party and, again needless to say, no written statement was filed by the Union. The Tribunal instead of disposing of the case on that day gave another final chance to the Union to file its written statement by adjourning the case to 16th March 1962 and also directed that if no written statement was filed by the Union by 12 a.m. on that day, the case would be disposed of according to law. On 1st March 1962 there was no appearance by the Company also. On 16th March 1962 neither party appeared and no written statement was filed by the Union and no step was taken by either party throughout the working hours of the Tribunal. The aforesaid conduct of the parties clearly indicates that they are not at all serious about the dispute and the dispute has been given up and so it has ceased to exist and consequently there is nothing to be adjudicated upon by the Tribunal. The utmost possible latitude was given to the parties, particularly to the Union, to take necessary steps before this Tribunal for adjudication of the dispute according to law in spite of serious lapses and laches on their part from the very beginning, but it went unheeded. The resultant position is that the case is to be disposed of by a "no dispute" award under rule 22 of the West Bengal Industrial Disputes Rules on the footing that the dispute has ceased to exist.

In the result I make a "no dispute" award in the case.

Judge, Seventh Industrial Tribunal.

No. 1039-I.R./IR/8L-2(D)/60.—27th March 1962. —Whereas under the Government of West Bengal, Labour Department, order No. 4928-I.R./IR/8L-2(D)/60, dated the 17th September 1960, the industrial dispute between Messrs. Kesoram Cotton Mills Ltd., 42 Garden Reach Road, Calcutta-24, and their workmen represented by Garden Reach Textile Workers' Union, Q-77 Akra Road, Calcutta-24, regarding the issue mentioned in the said order, being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the First Industrial Tribunal for adjudication:

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri Gowkarn, a workman of the said Company, made a complaint in writing to the said Industrial Tribunal against the said Company alleging that the said Company had dismissed the said workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Shri Gowkarn in connection with Government Order No. 4928-I.R., dated 17th September 1960, against Messrs. Kesoram Cotton Mills Ltd. (Case No. 94 of 1961 under section 33A.)

AWARD

This is application under section 33A of the Industrial Disputes Act by Gokkarn, ticket No. 381 to 384, of Messrs. Kesoram Cotton Mills Ltd. in respect of an order dismissing him from the service of the Company with effect from the 22nd July 1960.

The facts as far as they are admitted or beyond dispute are briefly that Gowkarn was served with a charge-sheet. Exhibit E, dated the 12th July 1960, in which it is stated that it was reported by his Officer-in-charge that on 12th July 1960 two of his four looms were stopped during his duty hours and that when Shri Chari, Officer-in-charge, approached him during his rounds and asked for an explanation for the stoppage, the workman concerned shouted at him asking him to leave the place, abused him and refused to state to him the reasons for the stoppage. There was an enquiry into the charge-sheet by Shri R. K. Goel, Labour Officer of the mills. During the enquiry Shri Chari and Hiralal who was in charge of the Weaving Department "A" shift and three workmen, namely, Ramprabesh Singh, Abdul Sukkur and Rafiulla were examined. Gowkarn cross-examined some of them and declined to cross-examine the rest. On a consideration of the materials and evidence before him the Enquiring Officer Shri Goel held it conclusively proved that Shri Gowkarn had stopped his looms and behaved with Shri Chari in a disorderly and objectionable manner. He also found that Gowkarn had apologised for similar misconduct on 14th November 1959 and he accordingly recommended his dismissal from the service of the Company. The record of the proceedings of the enquiry is Ext. B and Ext. C is Goel's report. Ehibit H, dated 21st July 1960, is the notice by which Gowkarn was dismissed with effect from 22nd July 1960. In this notice it is also stated that an application under section 33(2)(b) of the Industrial Disputes Act is being made for approval of the action taken against him. He was also directed to collect his dues including one month's wages in terms of section 33(2)(b) on any working day from the Time-Keeping office. In paragraph 6 of the application of Gowkarn it is stated that the Company applied to the Tribunal under section 33(2)(b) of the Industrial Disputes Act on 26th July 1960 while Gowkarn was dismissed on the 19th July 1960. In paragraph 7 it is stated that this application, which was on the face of it improper, was not heard and was struck off on the expiry of 30 days after the date of publication of the Award in the "Calcutta Gazette", dated the 26th January 1961, and in paragraph 8 it is stated that Gowkarn was dismissed in violation of section 33(2)(b) because no money was paid to him, no proper enquiry had been conducted to ascertain the charges and no application had been made as contemplated in the Statute.

The Company, on the other hand, in its written statement states that there has been no violation of the provisions of section 33 of the Industrial Disputes Act so that the application itself is not maintainable. As regards the merits the Company's case is that the action taken by it against Gowkarn is in accordance with the provisions of Standing Orders, legal and bona fide and there has been no violation of the principles of natural justice.

I have already said that the date from which the order of dismissal was to take effect is, as stated in Ext. H, 22nd July 1960. In the cause title of the application under section 33A, order No. 4928-I.R./IR/8L-20/60, dated 17th September 1960, is mentioned, thereby signifying that this was the reference that was pending between the parties at the time of the dismissal. As this reference was clearly made after the order of dismissal the fact that it was pending while the application under section 33A was filed would not bring the order or dismissal within the purview of section 33(2)(b). On going through the list of cases before this Tribunal it was found that there was another reference, namely, the one made by order No. 3046-I.R./IR/8L-32/58, dated 10th July 1959, which was actually pending at the time of the dismissal of this workman. It is, therefore, obvious that the cause title of the application refers to a wrong case but there is no doubt that there was an industrial dispute pending before the Tribunal at the time of the workman's dismissal.

Two questions, therefore, arise in view of the pleadings. The first is whether there has been any contravention by the Company of the provisions of section 33(2)(b) in dismissing the workman and whether the application under section 33A is maintainable at all. The second is whether on the merits the order of dismissal is justified. Exhibit H, dated 21st July 1960, tells the workman that he is

hereby dismissed from the service of the Company with effect from 22nd July 1960 and he is also told here to collect his dues including his month's wages in terms of section 33(2)(b) from the Time-Keeping office. The application under section 33(2)(b) was actually filed on 26th July 1960, although it bears the date 22nd July 1960. On the 16th March 1960 an order was made by me striking off this case on the ground that the award in the proceedings arising out of the order of reference was published in the "Calcutta Gazette, Extraordinary", dated 26th January 1961, and the Tribunal had no longer jurisdiction to deal with this application, vide order of the Tribunal in case No. 1190 of 1951. The view I took in that case and a series of other cases like that pending shortly after I joined this Tribunal struck me later as entirely wrong in law and I have since followed the rule that an application under section 33(2)(b) validly entertained by the Tribunal must be disposed of by it according to law and the striking off such an application would not be lawful disposal of the matter. On 12th March 1962 when this application of Gowkarn under section 33A came to be heard this matter was again brought to my notice and when I explained to the parties my present view in the matter, both the parties agreed that the corresponding application under section 33(2)(b) should be restored to file. It was accordingly restored. But then on 14th March 1962 an application was filed on behalf of the Company withdrawing the application. I have made no orders on that application yet.

There was undoubtedly four days' delay between the order of dismissal and the application and in the notice Ext. H itself the workman was told to collect his dues although he does not appear to have collected his dues. The question, therefore, is whether on these facts it can be held that there has been a contravention of the provisions of section 33(2)(b) by the Company. On behalf of the Company reliance has been placed on two decisions of the Calcutta High Court, in the case between Metal Press Workers Ltd. and Deb H. R. and others 1962 —I, I.L.J. 75 and in the case between Titaghar Paper Mills Company Ltd. and State of West Bengal 1962—I, L.L.J. 192. Both these cases follow well-known Supreme Court decisions. In the case of the Metal Press Works Ltd. Sinha J held that the application must be made quickly and without a time-lag. In the case of Titaghur Paper Mills Co. Ltd., Banerjee J held that where the employer tendered one month's wages to the concerned workman as required by the proviso to section 33(2)(b) of the Act at the time of communicating the order of dismissal itself but the workman did not accept the same, the fact that the said amount was remitted to the concerned workman by money order after the filing of the application for approval could not be relied upon to refuse the approval. In this case also the money was tendered with the notice Ext. H, i.e., one day prior to the actual dismissal which took effect from 22nd July 1960. The application was also filed four days later. Four days cannot be said to be unreasonably long, in view of the fact that before an application is actually filed, it has to pass through several hands. It must accordingly be held that there was a substantial compliance with the requirements of section 33(2)(b) of the Industrial Disputes Act by the Company in this particular case, and there has been no contravention of any of its provisions. The application under section 33A of Gowkarn is thus not maintainable at all.

The next question is whether the order of dismissal is justified. Gowkarn was accused in the charge-sheet of having refused to give an explanation for the stoppage of two looms asked for by Shri Chari and also to have abused him in filthy language. Gowkarn's explanation is Ext. F which is in Hindi and there is a translation of this explanation signed on behalf of both the parties. In this explanation it is stated by Gowkarn that the charge-sheet was entirely false and it was Shri Chari Saheb who had abused him. In his evidence before the Tribunal Gowkarn says in his examination-in-chief that it is not a fact that he abused and insulted Shri Chari as alleged in the charge-sheet or that he kept the looms stopped and he stated the same thing during the enquiry. In his cross-examination here, however, he says that when he inspected the materials of his looms he noticed that the pin which fixed the bobbin in the shuttle was slightly loose. Then after starting the four looms he went to the carpenters for fixing up the loose pin of the shuttle and he was delayed there and he found that his looms had stopped as a result of the yarn of the bobbin having been exhausted and all the four looms had stopped and he went running to the looms. At the same time Sriman Chari Saheb also reached his looms during his rounds and Shri Chari told him he was a foolish operator, loitering here and there leaving his looms unattended and he also called him an "idiot" and an "ass" when Gowkarn told him "Sir, you are drunk and you better leave the place."

On behalf of the Company four witnesses were examined before me, namely, Shri R. K. Goel, the Enquiring Officer, M. V. Chari, the Weaving Assistant in-charge in Weaving Shed No. 1 "A" shift in July 1960. Hiralal, the Weaving Master in "A" shift in July 1960 and Rafiulla, Assistant Head Jobber in "A" shift shed No. 1. The first of these witnesses merely held the enquiry and knows nothing of the incident. Hiralal and Rafiulla also did not speak of the incident. Shri Chari alone speaks of the incident. His evidence is that he found looms Nos. 381 and 382 were idle and when he asked Gowkarn why the two looms were stopped he could not give any proper reason and when he again insisted on knowing the reasons Gowkarn got wild and started abusing him in very filthy language. The language used was "you get out of my place and go and do your duty" and said in Hindi "laorase chalaega" and "get out of this room and I will do my duty". It is further his evidence that after saying this Gowkarn stopped the other two looms 383 and 384 also. Then he went and reported the matter to Hiralal and thereafter he submitted a written report which is Ext. D. What Hiralal and Rafiulla testified to was subsequent to the incident, out of which the charge arose. But what they said, if believed, would lend support to the allegation of Shri Chari. There is no reason at all why Hiralal should fabricate an incident as against Gowkarn. There is equally no reason why Rafiulla, an Assistant Head Jobber, would tell lies against him. The attitude of Gowkarn as disclosed in the evidence of Hiralal and Rafiulla indirectly confirms the story of Shri Chari that he used abusive language to Shri Chari and that he had first stopped looms Nos. 381 and 382 and that after the incident he stopped the other two looms also. It is hardly likely that

Gowkarn would have spoken of Chari in the presence of Hiralal and others in the language that Hiralal and Rafiulla attributed to him if the earlier incident as reported by Chari had not taken place. That there was an incident between Gowkarn and Chari is also admitted by Gowkarn but his case is that it was Chari who abused him. The charge-sheet, Ext. E, clearly mentions that two out of the four looms had been stopped by the workman. In his explanation the workman does not say that four looms had stopped or that even two looms stopped as a result of the yarn in the bobbin having been exhausted. He merely refrained from saying anything beyond the falsity of the charge. The report of Shri Chari, Ext. D, clearly states that two of his looms were stopped and that is why he halted near the looms to see if they were out of order. He also says in the report that the other two looms which were working were also stopped by Gowkarn. It is therefore obvious that the explanation given for the first time by Gowkarn during the enquiry that all the four looms had stopped as a result of the yarn in the bobbin having been exhausted is in all probability false. If as a matter of fact all the four looms had been stopped there is no reason why Shri Chari should state in his report that only two of the looms had stopped. No question on this point appears to have been put to Shri Chari either during his cross-examination here or during his cross-examination by Gowkarn himself during the enquiry. In the circumstances the story of Gowkarn that all the four looms stopped on account of the yarn having been exhausted in the bobbin must be held to be untrue and if that is held to be untrue or in other words if that part of the story of Gowkarn cannot be accepted as true the rest of his story also can hardly be accepted. It is also most unlikely that unless an incident like the one disclosed in Chari's evidence actually took place between him and the workman, the workman concerned would have been a little later in a frame of mind in which he could have gone on abusing Shri Chari in his absence and in the presence of Hiralal and others. On the evidence, therefore, one is justified in the view that Gowkarn really behaved in a very disorderly manner in not merely refusing to offer an explanation for the stoppage of two of the four looms but also in abusing Shri Chari in filthy language. The finding, therefore, arrived at by Shri Goel as a result of the enquiry can hardly be legitimately assailed. The enquiry appears to have been conducted in a substantially fair manner. Gowkarn was present during the enquiry. He was allowed to cross-examine the witnesses he wanted to cross-examine and he made his own statement and was also questioned by the Enquiring Officer.

Paragraph 14(c)(i)(viii) and (xxiv) of the Standing Orders, Ext. J, makes wilful insubordination or disobedience to any lawful or reasonable order of a superior, disorderly behaviour during working hours and abusing any employee within the mill premises misconduct for which under paragraph 14(b) a workman is liable to dismissal. On the materials, therefore, the finding of the Enquiring Officer that Gowkarn was guilty of misconduct must be held to be correct. It is in accordance with the Standing Orders because paragraph 14(c)(i)(viii) and (xxiv) makes what Gowkarn was found guilty of misconduct for which the workman is liable to dismissal. The order of dismissal, therefore, must be held to be justified on the facts.

My award accordingly is that the Company was justified on the facts in dismissing Gowkarn for misconduct on the basis of the finding arrived at by the Enquiring Officer and that the application of Gowkarn under section 33A is not maintainable on the ground that there has been no contravention of the provisions of section 33 by the Company in dismissing Gowkarn.

AWARD

By order No. 890-I.R./IR/11L-252/59, dated the 29th February 1960, the Government of West Bengal,

in the Labour Department, referred under section 10 of the Industrial Disputes Act, the industrial dispute between Messrs. D. K. Das & Co. (P.) Ltd., Proprietors, Bantra Engineering Works, Baltikari, Howrah, and their workmen represented by the Bantra Engineering Works Mazdur Union, 33/1 Hat Lane, Howrah, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

1. Bonus payable before the Puja of 1959.

This reference relating to an industrial dispute between Messrs. D. K. Das & Co. (P.) Ltd., Proprietors, Bantra Engineering Works, Baltikari, Howrah (hereinafter referred to as the Company), and their workmen represented by the Bantra Engineering Works Mazdur Union (hereinafter referred to as the Union), was received from the Government on 5th March 1960.

As usual, immediately thereafter notices were sent out under registered post with acknowledgment due for service upon both parties. The notice was duly served upon the Company. But there was no service of the notice on the Union. The notice came back undelivered with the remark "not known", although it was correctly addressed to the Union. However, later on one Shri Amal Majumdar appeared before the Tribunal and described himself as the President of the Union and wanted to file written statement. On his prayer, time was allowed for filing written statement. But he did not turn up on 25th April 1960, the date fixed for filing the written statement. As a matter of fact, no step was taken by the Union on that date. The Tribunal suo moto adjourned the case to a future date for order. The Union suddenly appeared for filing written statement of claim. Further time was given on application and written statement was filed. Thereafter the Company promptly filed its written statement. Parties were asked to take steps regarding the production of documents. The Company took steps and the Union as before made defaults. However, the case was fixed for hearing after due information to Shri Ram Sen who made his appearance to conduct the case for the Union. But even then none for the Union appeared on the date fixed for hearing although the Company was ready with witnesses. The Tribunal suo moto adjourned the case to another date for hearing, but as usual the Union remained absent although the Company attended. Before finally disposing of the case, the Union was given a last chance of being heard about the alleged dispute if still existing and the case was adjourned to 28th February 1962 for positive hearing. This fact was duly and timely communicated to the representative of the Company and to Shri Ram Sen, who represented the Union before this Tribunal. But it served no useful purpose. The Union absented as before but the Company attended as usual. It seems to me abundantly clear from the systematic absence of the Union in spite of repeated informations that it has no mind to proceed with the case. It may be presumed, in the circumstances, that the dispute under reference is no longer in existence and as such a "no dispute" award is given.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Indian Rubber Manufacturers Ltd., G. T. Road, Lillooah, Howrah, and their workmen represented by the Shramik Union, Howrah, 63/1 Kali Banerjee Lane, Howrah. (Case No. VIII-549/60.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri N. B. CHAUDHURI, Judge, Fifth Industrial Tribunal

Appearances:

For the Company: Shri S. N. Ray, Pleader.

For the Union: Shri S. N. Banerjee, Advocate.

The Government of West Bengal by its Labour Department Order No. 5091-I.R./IR/11L-368/60, dated 11th October 1960, and subsequent Corrigendum No. 1769-I.R./IR/11L-368/60, dated 8th April 1961, referred to this Tribunal an industrial dispute between Messrs. Indian Rubber Manufacturers Ltd., G. T. Road, Lillooah, Howrah (hereafter referred to as the Company), and their workmen represented by

the Shramik Union, Howrah, 63/1 Kali Banerjee Lane, Howrah (hereafter referred to as the Union), for adjudication under section 10 of the Industrial Disputes Act.

The following issues have been referred to this Tribunal for adjudication in this case:

1. Whether the existing production bonus scheme needs revision with regard to coverage and administration? To what relief, if any, are the workmen entitled?
2. Is Shri Pukur Singh entitled to wages or any other relief for the period from the 16th May 1960 to the 1st June 1960?

AWARD

After service of notices on the parties, both the parties have filed their written statements stating their respective cases on the issues to be adjudicated upon. The workmen's case, in short, is this: Messrs. Indian Rubber Manufacturers Ltd. is an old industrial concern engaged in the manufacture of rubber goods of different types. It employs about 750 workers in its factory at Lillooah. The production of this Company is increasing from year to year, though the number of workmen is actually decreasing. If any workman dies or retires and if the service of any workman is terminated, the Company fails to appoint workmen in their place, and as a result the existing incumbents are over-worked and sweated. Production bonus scheme was introduced by the Company in 1957 by virtue of an award, but the scheme has actually been introduced in a few departments only and by instalments. There are about 44 departments in the factory and about 15 of such departments only are covered by the said scheme. This scheme, however, is on a departmental basis and not on factory or individual basis. Moreover, the norm for the scheme of production bonus has been fixed very high, and as a result in spite of strenuous efforts on the part of the workmen bonus stage can be reached only on rare occasions. It is accordingly urged that the present rate of production bonus should be doubled and extended to all the departments of the factory. It is submitted that the rate should be revised upward, and the scheme itself should be revised with regard to coverage and administration.

The Company, on the other hand, alleges as follows: The workmen of the present concern are all along being represented by the Indian Rubber Manufacturers Employees' Union and the existing production bonus system has been introduced in certain departments in consultation and agreement with the said Union. It is urged that no industrial dispute can exist or be raised in respect of those departments of the Company where production bonus has not been actually introduced. It is also urged that the Shramik Union which purports to represent the workmen in the present dispute has no locus standi to represent them. Out of the large number of departments, there are some departments which do not produce any goods, and production is not uniform in quality and quantity. As a matter of fact, production is done departmentwise and not factorywise. It is also urged that the existing scheme of production bonus needs no revision with regard to coverage and administration.

After the addition of a second issue in a corrigendum issued in respect of the original order of reference, the Union filed an additional written statement. The Union's case in respect of this issue is, in short, this: Shri Pukur Singh has been an employee of this Company for more than nine years. He was granted leave for 30 days from 15th March 1960. After his leave was granted Shri Singh went to his native village and later applied for extension of his leave on the ground of his daughter's marriage and the Management was pleased to extend his leave up to 29th April 1960. Shri Singh went to Patna for medical treatment on his way back to Calcutta. But while at Patna, Shri Singh fell seriously ill and applied for further extension of leave with a medical certificate from Dr. T. N. P. Jaiswal, B.Sc., M.B.B.S., M.D. The Management, however, sent back the medical certificate to Shri Singh's rural address on the ground that it was not acceptable to the Company. But this was returned unserved to the Company, as Shri Singh was at Patna at the relevant time. Shri Singh returned to Belur and went to resume his duties on 16th May 1960, but on that day the Management handed over to him the cover already returned to it. The Company further refused to allow him to resume his duties. On 17th May 1960 Shri Singh sent a letter to the Administrative Officer of the Company praying for allowing him to resume his duties. There was further correspondence also in this connection and at last the Company allowed Shri Singh to resume his duties on and from 2nd June 1960. The Company, however, refused to pay Shri Singh his wages for the period from 16th May 1960 to 1st June 1960 both the days inclusive, though Shri Singh was kept unemployed during the period for no fault of his.

The Company also filed a supplementary written statement in reply to the said additional written statement filed by the Union. Briefly stated, the Company's case with regard to Shri Singh is as follows: The Company admits that Shri Singh was allowed leave for 30 days originally and it was thereafter extended up to 29th April 1960. It may also be a fact that he was attacked with fever at his rural home, but on his failure to produce the medical certificate duly countersigned in accordance with the requirements of the Employees' State Insurance Rules and Regulations, the Company had to treat him as an unauthorised absentee according to the standing orders of the Company. The Management allowed him to resume his duties on his undertaking to comply with the directions of the Company. But in spite of this, Shri Singh neglected to comply with the directions of the Company after resumption of his duties. Thus, it is alleged, the Company was perfectly justified in not paying his wages for the period in question.

Other facts will appear from the body of the award that follows:

DECISIONS

Issue No. 2

The question is whether Shri Pukur Singh is entitled to wages or any compensation in respect of the period from 16th May 1960 to 1st June 1960 both the days inclusive. In this connection, I may observe at the very outset that the Company has not adduced any oral evidence whatsoever in respect of the matter in issue. Two documents marked Exts. A and B have been so marked for the Company on the admission of the other side. The Company has no

other documentary evidence in this respect. Thus for all practical purposes, the evidence of the workman concerned stands unchallenged. Exhibits A and B also are really papers sent by the workman concerned to the Management and for the purpose of this case these papers have come from the custody of the Management. There is not much discrepancy between oral evidence on behalf of the workman and the Exts. A and B referred to above. From the evidence on record, it appears that Shri Singh went on leave for 30 days from 15th March 1960 and went to his native place. His leave was extended up to 29th April 1960 on the ground of his daughter's marriage. But on the eve of the expiry of the above period of leave, Shri Singh was attacked with fever at his own rural home. But in spite of this fever, he came to Patna to see his brother and for further treatment also. On 26th April 1960 Shri Singh applied for further extension of his leave with a medical certificate obtained from Dr. T. N. P. Jaiswal, B.Sc., M.B.B.S., M.D. For reasons best known to the Management, it opined that the certificate was not acceptable to it and returned the same to Shri Singh's rural address. But this paper did not actually reach Shri Singh on account of his staying at Patna at the relevant time. The paper came back to the Management on being returned by the Postal Department. After recovery from his illness, Shri Singh came down to Calcutta and went to the factory on 16th May 1960 to join his duties, but the Management refused to give him employment. It is nobody's case that any chare-sheet was issued against Shri Singh for any misconduct on his part or for overstaying his leave without permission. It is also nobody's case that Shri Singh was formally put under suspension for any reason on and from 16th May 1960. Nevertheless, the fact remains that he was kept out of employment. Shri Singh in his cross-examination admits that the Company wanted him to produce a certificate from Patna in a certain way and in accordance with some rules to show that he was lying ill at Patna at the relevant time. It is also admitted that he failed to produce any such certificate. Shri Singh filed an application to the Manager (vide Ext. A) soliciting permission to join his duties. In fact, on this petition Shri Singh was allowed to join his duties on 2nd June 1960 in view of his assurance that he would produce the requisite certificate. From an endorsement at the foot of Ext. A it appears that the Management wanted Shri Singh to bring a letter from his brother at Patna to the effect that he was ill during the period of his stay at Patna. It is not clear under what rule or provisions the Management actually insisted on a certificate from Shri Singh's own brother. From Ext. B it will appear that Shri Singh's brother was a driver-constable at Patna at the relevant time and a Traffic Sub-Inspector of Patna certified on 26th May 1960 that Shri Singh was living with his brother at Patna from 26th April 1960 to 14th May 1960. Annexure A to Shri Singh's written statement shows that he was suffering from Enteric fever (Typhoid) from 26th April 1960 and Dr. Jaiswal advised rest and treatment for him for at least a fortnight from that date Annexure C another certificate from the same doctor shows that Shri Singh came round by 14th May 1960 and was considered fit to rejoin his duties. It is the definite case of the workman concerned that these certificates of Dr. Jaiswal reached the Management, and in spite of these certificates the Management insisted on a further letter from Shri Singh's own brother. Of course, there is no denying the fact that Shri Singh failed to produce any letter from his brother. These certificates and the letter asked for really concern the period of his absence without previous leave between 30th April 1960 and 15th May 1960 both the days inclusive. It is for the Management to consider whether they will grant leave for the said period and if so on what terms. I am not really concerned with this period, because nothing has been referred to this Tribunal in respect of this period. The real point at issue before me is whether the Management had sufficient reason to refuse employment to Shri Singh from 16th May 1960 to 1st June 1960 both the days inclusive. I may also mention here that no copy of the standing orders has been filed by the Management before this Tribunal, and it is not possible for me to say whether the said absence of Shri Singh without previous leave amounts to a misconduct under the standing orders or any rules. But this much can be said that the Management did not treat the same to be a misconduct on the part of Shri Singh or issue any charge-sheet against him on that ground. Shri Singh was not formally asked to explain any reason for his absence without leave. Thus it was not the intention of the Management either to terminate his servise or dismiss him for any such misconduct. But in spite of this and without assigning any sufficient reason, the Management simply refused employment to Shri Singh on 16th May 1960. If Shri Singh would have been dismissed for any misconduct on or before 16th May 1960 there would have been no question of allowing him to join his duties on 16th May 1960. Similarly, if Shri Singh would have been put under suspension on and from 16th May 1960 there would have been no question of his joining on that date. The service of Shri Singh was not terminated on any ground whatsoever on or before 16th May 1960. So, in the absence of any such circumstance I see absolutely no reason why the Management refused to employ Shri Singh. It may be a fact that Shri Singh promised to bring a letter from his brother and for reasons best known to Shri Singh he failed to keep his words. But that fact by itself cannot be a sufficient ground for non-employment of Shri Singh on and from 16th May 1960. If this breach of promise is a misconduct or misdemeanour, major or minor according to standing orders, the Management could take such action as it deemed fit. But nothing of the kind has been done up till now. So, I see absolutely no reason whatsoever for refusal of employment to Shri Singh for the period between 16th May 1960 and 1st June 1960, both the days inclusive. So, my considered opinion is that Shri Singh is entitled to his wages for the said period by way of compensation for the Management's keeping him unemployed without any reason whatsoever and this must be paid to him within one month of the publication of this award.

Issue No. 1

By this issue, the workmen want me to consider if the existing production bonus scheme needs revision, and if so how and in what respect? The Company's case is that a bonus scheme has been introduced in certain departments of the Company in consultation and agreement with a competent Union and the workmen have no right to ask for extension of the scheme to other non-productive departments. It is also urged that law does not

permit the Union to raise an industrial dispute in respect of introduction or revision of a bonus scheme. The learned lawyer for the Company urges that the matter of production bonus scheme is absolutely a Management function and is not within the purview of an Industrial Tribunal. But I am afraid, this is not the correct view of law as formulated by the Hon'ble Supreme Court. Similar question was considered by Hon'ble Mr. Justice Sinha of the Calcutta High Court in a case between Philips India Ltd. vs. G. Kumar and others. The law on the point has been summarised by his lordship in the following words:

"The legal position seems to me quite clear. It has been laid down in the case of Messrs. Burn & Co. vs. Their Employees—A.I.R. (1960) S.C. p. 896 as follows:

> 'Where an incentive bonus is in force in a concern for the majority of its workmen, the Tribunal can extend the same to the remainder of the workmen. The matter may, however, be different if the Tribunal is asked to impose an incentive bonus scheme for the first time in a concern.'

Reference was made to an earlier decision of the Supreme Court in Messrs. Titaghur Paper Mills Co. Ltd. v. Bengal Kagaz Kal Mazdoor Union A.I.R. (1959) S.C. p. 1095. That was a case of production bonus, which is almost the same as incentive bonus. It has been laid down there that the introduction of a production bonus or an incentive bonus was not compulsory on the employer and it was really a matter of policy or Managerial function whether it should be introduced or not, being in the nature of an extra payment. But once it is introduced and paid for some time, it may become a term of employment and should be treated like any other kind of bonus. These two decisions of the Supreme Court taken together make the position quite clear. In a particular industrial unit, the introduction of an incentive bonus is not a matter of right. That is purely a discretion of the employer and is in the nature of a Managerial function. But once it is introduced, certain rights are created in the workmen and it may after some time become a term of employment. The next question as to whether this incentive bonus should also extend to other departments under the same Management or to other factories which are part of the same Management, depends on the fact as to whether these departments or factories are separate entities or part of the same industry or industrial unit. Whether several component units should be treated as one, for the purpose of payment of bonus or treated separately, has been the subject matter of a number of decisions of the Supreme Court See, Pratap Press v. Delhi Press Workers' Union, A.I.R. (1960) S.C. 1213, Associated Cement Co. Ltd. v. Their workmen, A.I.R. (1960) S.C. 56 and the question depends on the facts of each case."

So, without further discussion, I may at once observe that in the instant case there is no question of validity or otherwise of the reference, in view of the fact that a scheme of production bonus or incentive bonus has actually been introduced in some of the departments at least on account of a previous award. It is also clear from the decision referred to above that under certain circumstances this scheme may be extended to other departments or revised also. Of course, it is to be considered whether this is a fit case for extension of the scheme to other departments and if so whether there are sufficient materials for actual revision or extension of the scheme as prayed for by the workmen concerned. I may also reiterate that the Company has not adduced any evidence—either oral or documentary—in respect of the scheme of production bonus already introduced. Before I proceed further, I may refer to the award in pursuance of which the existing scheme for bonus was introduced by the Management. The award has been published in Part I "Calcutta Gazette'," dated 28th March 1957. This award was passed in terms of a compromise between the parties concerned and the petition of compromise was made part of the award itself. The relevant portion of the compromise petition runs as follows:

"It is agreed that the principle of the issue of production bonus is accepted as an incentive scheme and the Company is agreeable to implement the same in a manner favourable to both the parties as an experimental measure and in order to prove its bona fide in this connection, the Company put into effect an experimental production bonus scheme as and from 1st January 1957 in one department, and will progressively extend the same to other departments as soon as conditions are favourable, preferably within three months. Further, it is agreed that continuance of the production bonus scheme will always depend upon availability of necessary raw materials, position of orders on the Company's books, accumulation of stock, machinery breakdown, stoppage of power supply, civil commotion and any other unforeseen reasons beyond the control of the Management. It is also agreed that the production bonus scheme is not a condition of service, and it can be withdrawn by the Company at any time for trade or any other reasons beyond the Company's control. In case of temporary suspension and/or complete withdrawal of the production bonus scheme, the basic target of production figure, as laid down by the Company, shall not be changed and/or disturbed. A copy of the tentative production bonus scheme is incorporated and appended herewith and marked as Annexure 'A'."

From the concluding portion of the above paragraph, it appears that the parties incorporated a copy of the tentative production bonus scheme, appended the same with the compromise petition and marked same as Annexure "A". But the award published does not show the Annexure "A" to the compromise petition. From this agreement it will further appear that the Company agreed to introduce the production bonus scheme in one department only at first as an experimental measure. But it assured that the scheme would be progressively extended to other departments also, as soon as conditions were found favourable and preferably within three months from the date of agreement. But it is nobody's case that the Company has introduced or extended the production bonus scheme to all the departments up till now. Till the date of reference the Management introduced the production bonus scheme in 14/15 departments only, though there were as many as 44 different departments in the Company. It is also conceded at the time of hearing by the workers concerned that this scheme has been extended to 6/7 other departments during the pendency of the present proceedings. In other words, up to date the scheme has been introduced in 20/21 departments

only. The Union's contention is that the Company is bound to introduce the production bonus scheme in all the departments of the Company, because these departments to which the scheme has not yet been extended are really parts of the same entity. The trend of the compromise also shows that the parties treated the entire establishment with all its departments as one industrial unit. Hence, all the departments of the Company constitute one single unit and it was not the intention of either party to the agreement that the workmen of a particular department of the Company should be deprived of the benefit of the scheme. As the different departments are not separate and independent units and as they are interrelated for the purpose of production as well, it will not be fit and proper to make invidious distinction between different departments and exclude some departments from the benefit of the scheme. So, in all fairness, the scheme of production bonus should either be there for the entire establishment covering all the different departments or it should not be there at all, because partial execution of the scheme will create discontent in certain sections of the workers, and this may be considered as an unfair labour practice on the part of the Management. Of course, it may be contended that even according to the compromise between the parties referred to above, this production bonus scheme was never intended to be a condition of service, and the Management was given liberty to withdraw the same at any time for trade or any other reason beyond the control of the Company. So, it will be consistent with the spirit of compromise also to retain the scheme in all the departments of the Company or to allow it to go from all the departments. As it is not the case of the Management that it has decided to withdraw the scheme altogether, I think, the workmen can legitimately claim for the extension of the scheme to the rest of the departments. But for revision of the scheme, there must be sufficient materials on record so that the Tribunal may consider what should be the proper way of revision. But unfortunately in the instant case, the materials on record are not sufficient for formulating a scheme for introduction of the same to the rest of the departments or revision of the scheme in respect of its coverage. Not only that, even the scheme as introduced has not been clearly proved before this Tribunal. It is sufficiently clear that the Management consulted the representatives of the departments concerned before extending the same to those departments and that the agreed scheme was reduced to writing on each occasion. I may also mention that certain papers were filed on behalf of the Management to show what were the terms of this bonus scheme as introduced. But as the Management failed to adduce any evidence, it failed to prove the connected papers. On the other hand, the workmen also refused to admit those papers as true copy of the scheme already introduced. In spite of my definite query on the point, the Union or the workmen concerned simply refused to admit those papers embodying the alleged agreement entered into in connection with the introduction of the production bonus scheme in the Company (vide Order No. 25, dated 1st February 1962). So, it is meaningless to ask me to revise the scheme, unless the scheme itself is placed before the Tribunal. I may also point out that the oral evidences on behalf of the workmen are also not sufficient for any helpful revision of the scheme. Besides, the existing scheme itself is not sufficiently clear to this Tribunal. This much is clear that the scheme is not there in the Boiler Department, Maintenance Department, Electric Department and several other departments. Annexure "A" to the workmen's written statement no doubt shows the departments in which the scheme was introduced and in which it was not. But I have already mentioned that the scheme has since been extended to certain other departments not specifically mentioned in the Annexure "A". So, as the matter stands at present, the Tribunal is not in a position to find out the workmen who are yet deprived of the benefit of the scheme. Some of the witnesses examined on behalf of the workmen allege that the scheme already introduced needs revision also on the ground that the norms and the target thereof are not proper or equitable. But I am afraid, unless the scheme as introduced in some of the departments is thoroughly scrutinised, it cannot be conveniently and properly revised. The materials on record are quite insufficient for the purpose. So, I am unable to revise the production bonus scheme of those departments for want of proper materials before me. I may also mention in this connection that formulation of proper incentive wage scheme is essentially an industrial engineer's problem. In many respects, the administration of such a plan is engineering in nature. It goes without saying that there is no such thing as a universally applicable wage incentive plan, nor any general rule is invariably applicable to all. I have already pointed out that the scheme as introduced was so done with the consent of the departments concerned. So, it will not be proper for me to revise the scheme forthwith without a thorough scrutiny thereof. I may observe that there are few things that may lead to greater bitterness than a badly conceived or imperfectly administered incentive plan. Of course, there may be considerable force in the argument that a properly engineered incentive scheme is one of the best means not only to ensure efficient production but also to bring about job happiness. To tell a workman that his skill will be rewarded in accordance with his production is to ask him to feel his increased price, and this ultimately ensures benefit not only for the workmen but also for the Management. But in introducing such a scheme, it is the incumbent duty of the Management to make a scientific time and motion study. Mere past performance should not be relied upon for calculation of norms. In the face of these circumstances, I think, it will not be proper for me to revise the scheme as prayed for without thorough study of the existing scheme itself. Unfortunately, as I have pointed out, the materials are not sufficient to show what is exactly the existing scheme or what are the circumstances justifying a revision.

Thus, in short, in accordance with the decision in the case of Titaghur Paper Mills Co. Ltd. vs. their workmen (1959 II L.L.J. page 9), it may be held that a Tribunal is not entitled to impose an incentive bonus scheme for the first time in a concern. But in accordance with the decision of the Supreme Court in the case of Burn Co. Ltd. vs. Their employees (1960 II L.L.J. page 261) it may be held that where incentive scheme has already been introduced by the Company for the major or a large section of its workmen, the benefit of the scheme may be extended to the remainder of the workmen. But in order to extend the scheme to the rest of the workmen, there must be sufficient materials before the Tribunal for formulating a scheme for them. It may also be held

that under certain circumstances, the scheme already introduced may be revised also. But for such revision, the materials and circumstances justifying such revision must be clearly proved. The learned lawyer for the Company urges that the departments like Boiler Department, Maintenance Department and Electric Department do not actually produce any marketable commodity for the Company, and their work also is not increased because of the increased production in other productive departments. But I have already pointed out that production is, in most cases, inter-related and one department has to depend on the other, and the final production is actually the cumulative result of the efforts of the different departments. It cannot be accepted that with the increase of production, the work of the Electric Department or the Maintenance Department or the Boiler Department does not increase at all. The workers of these departments may not produce goods like manual workers and their work may not increase in the same ratio or proportion with the work of manual workers of other departments producing goods, but there is no denying the fact that the work of their departments increases at least to some extent when there is voluminous increase of work in other departments. So, the Company should give such incentive bonus to the workmen of these non-producing departments also as is commensurate with the fatigue involved in their cases. Hence, the rates and conditions of the scheme applicable to these departments may be different, but they cannot be deprived altogether of the benefit of the scheme, because economically speaking they also take part in increasing production. In this view of the matter, I am unable to accept the contention of the learned lawyer for the Company and at the same time I cannot at once formulate any scheme for them here and now for reasons already explained.

It is urged that the Management has fixed the norm and the target very high, and thus the workmen are unduly over-worked and sweated in earning the incentive bonus already introduced. This allegation of the workmen is also a bit vague. I have already pointed out that the scheme has actually been introduced in consultation and with the consent of the workmen concerned or their representatives. It is also clear from the evidence that in spite of the high norm or target, if any, the workmen are regularly earning incentive bonus almost every day. P.W. 7, Shri Purushuttam Das, admits that they are getting production bonus on every working day provided raw materials are available. So, it is difficult to accept forthwith the contention of the workmen that the norm or target has been fixed very high. However, this question may be conveniently considered while revising the scheme. It is also urged that in the departments where such scheme has been introduced, the workers either earn Re. 1 at least per diem or nothing at all, and that for earning Re. 1 as incentive bonus the quantum of production insisted upon is very big. Though I do not forthwith split up this minimum amount of Re. 1 into different bits for the purpose of earning proportional incentive bonus, I would very much appreciate if the Management can fix the minimum amount of incentive bonus at As. 4 or As. 8 at least. Of course, I am not forgetful of the fact that the first or the minimum quantum of production on which production bonus will be available to the workmen should be a bit bigger or larger in proportion to the subsequent slabs or stages of the scheme. For instance, if a workman now earns incentive bonus of Re. 1 per day by producing say 40 pieces, and if this amount of Re. 1 is split up into four equal bits, with the required number of production for earning the different bits should be a bit different and graduated. This may be illustrated by the following example:

As. 4 for production of 13 pieces.
As. 8 for production of 24 pieces.
As. 12 for production of 33 pieces.
Re. 1 for production of 40 pieces.

Subject to the above observations, I direct that the Management should introduce such bonus scheme as they consider fit and proper in consultation with the workmen or their representatives in the rest of the departments also within six months of the publication of this award. Of course, I do not like to curtail the liberty of the Management to withdraw the scheme altogether if they so think fit, and this is in consonance with the spirit of the terms of agreement originally entered into and made part of the award already referred to.

In the case of non-gazetted Government servants the account statement will be sent to the heads of the offices as per lists supplied by them, one copy of the list being enclosed therewith. AWARD

In this reference under section 10 of the Industrial Disputes Act made by the Government of West Bengal, Labour Department, order No. 2824-I.R./IR/10L-93/61, dated the 30th May 1961, of an industrial dispute between Messrs. Swadeshi Industries Ltd. and their workmen represented by the Swadeshi Industries Workers' Union, the only issue is whether the dismissal of Shri Dhananjay Dey is justified and what relief, if any, he is entitled to.

The parties filed their written statements in due course but on the date of hearing, viz., on the 28th of March 1962, they filed a petition of compromise asking for an award in terms of the agreement between the parties. The petition of compromise states that without insisting upon a decision regarding the question of propriety or fairness of the order of dismissal, the parties have now agreed as follows:

(a) That the Company will pay a sum of Rs. 1,650 (Rupees one thousand six hundred and fifty) in full and final settlement of the Union's claim in respect of the above matter and Shri Dhananjay Dey accepts the same in full and final settlement of all his claims and other dues against the Company.

(b) Shri Dhananjoy Dey will not claim reinstatement or any other relief.

(c) This will not in any way prejudice Shri Dhananjoy Dey's right to receive the employer's contribution in the Provident Fund payable according to the Provident Fund Rules as if he was not dismissed for any misconduct.

I think the terms are reasonable and fair and there is no reason why I should not accept them. An award, therefore, is made in terms of this petition of compromise which will form part of it.

AWARD

The Government of West Bengal in the Labour Department by their order No. 2252-IR/I.R./11L-185/58, dated 3rd June 1958, referred an industrial dispute between Messrs. P. C. Chandra & Co. Workers' Union, 48 Desh Bandhu Road, Calcutta, to the First Industrial Tribunal for adjudication. During the pendency of that dispute Dulal Pada Das and two other workmen mentioned above filed a complaint under section 33A of the Industrial Disputes Act against the above Company before that Tribunal on 15th September 1958. That Tribunal, as authorised by the Government of West Bengal notification No. 1916-I.R./IR/3A-1/58, dated 13th May 1958, transferred the complaint to this Court on 4th November 1959 for disposal.

After several adjournments the case was fixed for hearing on 22nd March 1962. None of the complainants or none on their behalf was present on that date. So it must be presumed that the complainants are not willing to proceed with their complaint.

Hence I hold that there is no longer any complaint under section 33A of the Industrial Disputes Act in this case.

AWARD

This is an application under section 33A of the Industrial Disputes Act, by Kulomoni, a workman in the Spinning Department of Messrs. Kesoram Cotton Mills Ltd. in "C" shift. It is his case that he could not attend the Mills from the 16th to the 25th August 1961 as he was laid up with rheumatism and sent on the 17th August an application through one Kshetrabasi who used to live in the same house with him but he did not get any information whether his leave was sanctioned. On the 26th August 1961, he went to the Company's office with a medical certificate and a petition but these were returned to him. Exhibit 1 is said to be the medical certificate and Ext. 2 is a copy of the petition, dated 26th August 1961. Thereafter he claims to have written to the Company Ext. 3, dated 2nd September 1961 and Ext. 4, dated the 13th October 1961. Exhibits 3 and 4 are stated to have been sent under certificates of posting, Exts. 3_1 and 4_1. In the application he makes the case that the Company refused him employment with effect from the 26th August 1961 when he went to join after his illness. In the cause title of the application, order No. 2899-I.R., dated 3rd June 1961, was mentioned, implying thereby that this was an industrial dispute which was pending at the time when he was refused employment.

It is not disputed that this reference was actually pending at the time of the alleged refusal of employment by the Company and as a matter of fact I actually began to hear this reference immediately after hearing the four applications under section 33A of Gowkarn, Gopi, Kulomoni and Nanda Kishore. But the hearing of the reference had to be adjourned as Shri Pathak representing the Union fell ill. The Company in its written statement contends first that there has been no violation of the provisions of the section 33 of the Industrial Disputes Act and secondly that the workman concerned did not send any petition to the Company on the 17th August 1961, nor that he ever approached any officer of the Company on 26th August 1961 or thereafter with any medical certificate or petition and it is the Company's case that the workman concerned never reported for duty since 15th June 1961. The Company denied receipt of the two letters the workman claims to have sent to the Company under certificates of posting on 2nd September 1961 and 13th October 1961.

Two questions arise for determination in this case. The first is whether there has been a contravention by the Company of any of the provisions of section 33 and the second is whether it was really a case of refusal of employment by the Company to the workman concerned or a case of the workman himself failing to report for duty.

I shall take up the second question first, namely, whether it was a case of refusal of employment by the Company to the workman or a case of the workman just failing to report himself for duty from 16th August 1961 onwards. In support of his case the workman examined himself and Shri Arun Sen, the Secretary of the Union, who is more or less a formal witness trying to prove only certain documents and the fact that they were despatched by post. It is Kulomoni's case that he sent his first application to the Factory Manager on the 17th August 1961 through one Kshetrabasi who used to live with him in the same house. This Kshetrabasi has not been examined so that there is really no evidence at all to show either that there was any such application at all or that this application ever reached the Company. Admittedly, no other

application was sent to the Company between the 16th and the 25th August. The workman claims to have reported himself for duty to the Officer-in-charge of his Department, Shri Chakraborty, on the 26th. This Officer Shri Satya Sankar Chakravorty, S.W. 1, denies that Kulomoni ever appeared before him after the 16th August 1961 or that Kulomoni told him that he could not attend work because of his illness and that he wanted to resume his duties. There is nothing in his cross-examination to indicate that he was telling a lie. It is not a case of victimisation of the workman by the Company and there is nothing whatever to suggest that the officer had any motive to perjury against the workman. Then there is the further fact that although a medical certificate Ext. 1 which is said to have been returned has been filed before the Court, the original of the application, Ext. 2, has not been filed though both are said to have been returned. It is said in paragraph 3 of the application under section 33A that being cured he reported for duty on 26th August 1961 along with a medical fit certificate of the doctor but he was not allowed to work and his case was referred to the Labour Office. Curiously enough he does not state here or anywhere else in the application that the medical certificate as well as the petition were returned to him. Now he speaks of the medical certificate as a fit certificate but Ext. 1 is not a fit certificate at all. It is dated 23rd August 1961 and it speaks of Kulomoni, suffering from an attack of rheumatic arthritis of multiple joints and of having been advised and recommended complete rest in bed for a period of ten days from 16th August 1961 to 25th August 1961 for the time being. As the certificate is dated the 23rd August 1961, i.e., two days before the expiry of the period of rest recommended it could not possibly have been treated as a fit certificate and obviously it was not intended to be so treated. There is nothing in this medical certificate Ext. 1 to indicate it had ever been presented to any officer of the Company. Then there is no explanation of the Union's omission to file before the Tribunal the original of Ext. 2, although Shri Arun Sen admits that this must be in the Union's office. It is equally curious that the application under section 33A should refrain from stating that the original application and the medical certificate filed with it were returned by the Company to the workman concerned. Then Exts. 3 and 4, dated 2nd September 1961 and 13th October 1961, respectively, are copies of two letters said to have been sent to the Factory Manager of Kesoram Cotton Mills under certificates of posting, Exts. 3_1 and 4. From the fact that the letters were posted as shown by the certificates of posting, Exts. 3_1 and 4_1, there is a presumption that these were delivered to the addressee. But of course, the denial on behalf of the Company that any such letters were received by them, though it is not a denial by the addressee, i.e., the Factory Manager himself, weakens this presumption to some extent. If the letters actually reached the Company they should certainly have replied to them but the omission to reply to these letters would not in itself constitute refusal of employment. The workman could be refused employment only if it could be proved that he had turned up for work and he was refused work or in other words if the workman's statement that he turned up before the Officer-in-charge of the Department on the 26th August 1961 and was refused work by him could be believed. But as far as that is concerned I have already said that the Officer-in-charge himself denies it and there is no reason why he should be disbelieved, specially when there is not even an allegation by the workman that either the Company or the Officer-in-charge had any particular motive to refuse him employment. In the circumstances I find it impossible to hold that the workman was actually refused employment as alleged by him.

In this connection Exts. A, A_2, B and B_2, two letters by the Company, dated the 5th December and the 26th December, respectively, to the workman may be considered. Exhibit A_2 is the original letter of Ext. A. It was inside the cover Ext. A_1 and it was taken out by opening the cover in Court. Similarly Ext. B_2 is the original of Ext. B and it was taken out by opening the cover, Ext. B_1 in Court. Exhibit A_2 is addressed to Kulomoni, son of Parmanand at S/170 Lichubagan, Calcutta. It was sent by registered post and came back unserved with the endorsement "not known." In this the Company states that the allegations made in the application under section 33A of which the Company had already received a copy that the workman had previously reported for duty or expressed his willingness to report for duty by sending petition are not correct and the Company to give him one more opportunity to join his duty requested him to join his duty forthwith without prejudice to the Company's rights and contentions. The letter Ext. B_2 was addressed to his home address: Village Naganpur, P.O. Kudnagar, district Cuttack. It enclosed the letter of the 5th December 1961. This also was returned unserved with the endorsement "the addressee gone to Calcutta." Although these letters never reached the addressee who admits that his Calcutta address was S170 Lichubagan, Garden Reach, and that his home address is Naganpur, Cuttack, P.O. Kudnagar, and although these letters were addressed to him after the Company had been supplied with a copy of his application under section 33A they go to show the Company's good faith in trying to give him a chance and to that extent they indicate that the Company had really no motive to refuse him employment and that they did not in fact do so.

That Kulomoni was ill from the 16th to the 25th August 1961 is sought to be proved only by his own statement and by the medical certificate Ext. 1. That he was ill is denied by the Company. It was, therefore, essential for him to prove his illness by proper evidence. It has been observed by the Supreme Court in the case between Petlad Turkey Red Dye Works Co. Ltd. and Dyes and Chemical Workers' Union and others 1960—I, L.L.J. in connection with the proving of balance-sheets that if a person is to prove that he was ill on a particular day, the mere filing of a certificate of a medical man that he was ill on that date is not accepted as evidence to show that he was ill. The correctness of the statement made in the certificate has to be proved by an affidavit or oral testimony in Court by the doctor concerned or by some other evidence. The only evidence in this case about the workman's illness is the evidence of the workman himself so that the medical certificate filed does not add anything more to that evidence. It is difficult to accept the uncorroborated testimony of the workman that he was ill. It appears that the Company keeps two Mill doctors and the address of the doctor who certified the workman to be ill appears

from the certificate itself to be R/55 Garden Reach Road, Calcutta-24, while the address of the factory is 42 Garden Reach Road. If the workman could appear before this private doctor to whom he must have paid some fees it is difficult to understand why he could not appear before the Mill doctor who is bound to examine him free, when the Mills could not possibly be very far from the doctor who certified Kulomoni's illness. This alone seems to me to make the whole story suspicious. Then, as regards the appearance of the man before a Mill doctor on the 26th of August, it is his case that he appeared before a fat doctor named Dhiren Babu but there is no such doctor in the Mill and Dr. Mohit Bhattacharjee has stated that the only other doctor employed in the Mill is Dr. Bhawani Bhattacharjee and Dr. Bhawani Bhattacharjee is not as fat as he himself is, so that Dr. Mohit Bhattacharyya is the fatter of the two doctors and he denies that Kulomoni appeared before him on the 26th. There is no entry in either of the two registers maintained by Dr. Mohit Bhattacharyya and Dr. Bhawani Bhattacharyya that he appeared before them on the 26th. In cross-examination the doctor was asked whether there would be any entry if the medical certificate was a certificate of fitness and he answered the question in the negative. But then Ext. 1, as I have already said, is not a certificate of fitness at all. It was a certificate of Kulomoni's illness between 16th August 1961 and 25th August 1961. No question was put to this doctor whether in such a case there would be any entry in the register. Even apart from that question, there being nothing in the medical certificate to show that it was ever presented to any officer or doctor of the Company along with the original or Ext. 2 and there being nothing in the application under section 33A to suggest that either this medical certificate or the application with which it was submitted was returned to the workman, it is impossible to believe this story. On the merits, therefore, it must be found not to be a case of refusal of employment by the Company to the workman but a case of continued absence of the workman from 16th August 1961 to 25th August 1961 without leave.

On this finding no question arises of any violation by the Company of any of the provisions of section 33 and as a matter of fact there is nothing in the application to indicate that there was any such violation. Of course, had there been a refusal of employment and had this refusal amounted to a termination of the workman's service, the fact that there were no payment of one month's wages and no application under section 33(2)(b) might constitute violations of the provisions of section 33. But this question does not arise in this case.

My award therefore in this case is that there was no refusal of employment by the Company to the workman on the 26th August 1961 or thereafter and it was really a case of the continued absence of the workman from the 16th August 1961 onwards and that the application is not maintainable.

This is an application under section 33A of the Industrial Disputes Act by Shri Nand Kishore, a Folder in the Folding Section, Ware House Department of Messrs. Kesoram Cotton Mills Ltd. Admittedly, he went home on leave for a month from the 10th of April 1961 to the 9th of May 1961 as is indicated by Ext. 1, the Gate Pass issued to him. On 6th May 1961 before the expiry of this leave, he asked for an extension of this leave for 15 days from the 10th of May to the 24th of May 1961 on the ground of his marriage. This application is Ext. A, Shri Pritendu Ghosh, S.P.W. 1, who dealt with the application, endorsed on the application the order "Not granted" on the 13th of May 1961 and

this was communicated to the workman by Ext. 3, dated the 17th of May 1961. Nand Kishore then sent a medical certificate Ext. B, dated 25th May 1961, which seeks to show that Nand Kishore was suffering from malarial fever with amoebic dysentery and giddiness from 7th May 1961. This was followed by another medical certificate from the same doctor, dated 16th June 1961. In Ext. B, the doctor recommended for Nand Kishore six weeks' leave from 10th May 1961 and in Ext. C he recommends for him 16 days more from 22nd June 1961. Neither of these two medical certificates was accompanied by any application for extension of leave but Shri Pritendu Ghosh, evidently treating the medical certificates themselves as applications for leave, rejected them. Nand Kishore denies that he received any communication from the Company rejecting his prayer for extension. The Company, however, claims to have communicated to the workman the fact of its rejection of his prayer for extension by post cards like Ext. G. The grounds for rejecting these prayers are alleged to have been first that the first medical certificate was sent after Nand Kishore had been informed of the Company's rejection of his prayer for extension of his leave for marriage and secondly that there were many other candidates among the workmen for leave. These grounds were assigned by Shri Pritendu Ghosh. The Company thereafter received an application Ext. D from the workman. The letter is undated but it appears to have been received by the Company on the 5th July 1961. In this application the workman stated that he had applied for extension but he learnt that the extension could not be granted. In this letter he says that he was nearly cured and would join his duty on 6th July 1961. On the 10th of July 1961, Shri Pritendu Ghosh notes on this application that his previous applications for extension were not granted and furthermore he has not come for duty as stated in the application. Evidently the letter Ext. D must have been written before the 5th of July 1961 when it appears to have reached the Company's office. In paragraph 4 of the application of the workman under section 33A, it is stated that on the 5th of July 1961 the petitioner sent another application to the Company informing it of his condition. Exhibit 4(2) is the registered acknowledgment of the letter addressed to the Labour Welfare Officer, Kesoram Cotton Mills. It appears to have been received by the Kesoram Cotton Mills on 7th July 1961. The letter itself is not forthcoming and it is thus impossible to say what its contents were. This much is clear that a letter was sent to the Company by the workman and it reached the Labour Officer on the 7th of July 1961.

Then, it is the workman's case that he came back to Calcutta and went to the factory and asked for permission to work. Exhibit 5 is the application with which he appeared before the Labour Officer and there is an endorsement by the Labour Officer, Shri Bijoy Bahadur Singh, who is now the officiating Factory Manager, to the effect that this previous leave record should be put up and this endorsement is dated 24th July 1961. In paragraph 5 of the application, the workman makes a case that he was not allowed to resume his duties and he waited in vain but his application was not considered nor was he told to join his duties. The case of the Company on the other hand is, as stated in paragraph 6 of its written statement, that it had by its letter, dated the 1st/2nd August 1961, informed him that as he was absenting himself without leave from 10th May 1961, after the expiry of the leave granted to him, he was told when he went to the factory on 25th August 1961 that he had lost his lien on his appointment according to the Standing Orders and as such he was entitled to be kept as a Badli worker and that the workman was asked in accordance with the provisions of the Standing Orders of the Company to join immediately as Badli worker, but the workman did not join in spite of that intimation and continued to remain absent. It is the evidence of Shri Bijoy Bahadur Singh, who was the Labour Officer at the time, that he told the workman on the 25th of July 1961 that he had lost his lien on his service and he would be enrolled as a Badli. In his cross-examination he states that he made over Ext. 5 with his endorsement to the workman and asked him to take it to the clerk concerned for putting it up with all the leave records and the workman was directed to come next day but he does not remember whether he brought the application with him on the 25th when he came back to see him. In any event, even in cross-examination, he says that after scrutinising the whole record on the 25th, he told him that he should work as a Badli. Exhibit 7, dated 1st/2nd August 1961, is the letter from the Company telling the workman that he had been absenting himself without leave from 10th May 1961 after the expiry of the original leave granted to him and when he reported to the Labour Officer, Shri V. B. Singh, on 25th July 1961, he was informed by him that under the Standing Orders he had lost his lien on his appointment and he was entitled to be kept as a Badli and he was also asked to join as a Badli immediately but he had not joined. Even in this letter he was asked to join as a Badli worker within 24 hours of the receipt of the letter. But admittedly, the worker did not join. The question now is whether in these circumstances it may be said that the workman was refused employment by the Company. It is certainly a suspicious fact that although the workman had asked for an extension of 15 days' leave to start with on the ground of his marriage, he filed a medical certificate immediately after the Company's refusal to grant him an extension was known to him. I have already said that Ext. 3 which informs Nand Kishore that his application for extension was rejected must have reached him before the medical certificate Ext. B, dated 25th May 1961, could have come into existence. It is stated that in this medical certificate that Nand Kishore fell ill on the 7th of May 1961 and this is also Nand Kishore's evidence. Assuming that to be so for a moment, it is a mystery why the medical certificate does not come into existence prior to 25th May 1961 and why no application is sent for an extension of leave on account of his illness before the arrival of the letter communicating to Nand Kishore the Company's refusal to extend his leave. In these circumstances, there were very good grounds for the Company to suspect the genuineness of the medical certificates. These medical certificates are not by themselves any proof of the man's illness and the Company was under no obligation to accept any of these medical certificates. In this connection my attention was drawn to paragraph 11(6) of the Award of the Omnibus Cotton Textile Tribunal of 1958, page 2089, and also to a summary of the recommendations on sick leave in an earlier award of a similar Tribunal of 1948, at page 2119 of the "Calcutta Gazette, Extraordinary" of June 10, 1958, publishing the Award of 1958. In

the earlier award it is stated that sick leave shall be granted on a medical certificate and the Company shall have always the right to have any applicant for sick leave examined by its own doctor and at its own cost. In the later award it is stated that in the mills in this area, the existing practice of sick leave with pay shall continue and this sick leave shall be allowed on the basis of a medical certificate from the Medical Officer of the mill or from a qualified and registered medical practitioner. These provisions of the two awards are construed on behalf of the workman as leaving no discretion to the Management in estimating the value of the medical certificates and to that extent, in considering whether or not, leave should be granted. According to this line of argument, the grant of leave is automatic on the submission of a medical certificate, and in the last analysis this so-called grant of leave by the Management becomes a misnomer, because it is not the Management but the workman himself who by filing a medical certificate grants the leave himself. This construction appears to my mind to be totally unacceptable. The use of the word "shall" in both the awards means to my mind nothing more than this that when the Management decides on granting sick leave, the basis thereof must be the medical certificate of the qualified practitioner filed and not that on a medical certificate being filed, the Management has no option left to it but to grant the leave. The withdrawal of the Management's discretion in this matter is such a serious limitation of its general powers of running the business efficiently and fairly that the Tribunals cannot be presumed in the absence of clear indications to that effect to have intended such a limitation. There is nothing in the two awards to suggest that before either of the two Tribunals, any such consideration was present at all. That no such serious limitation could be intended appears quite clear from the fact that the award of 1948 expressly gives the Company the right always to have any applicant for sick leave examined by its own doctor and at its own cost. The existence of such a right in the Company is inconsistent with the withdrawal of the Company's discretion in granting leave. What is spoken of as the existing practice in the award of 1958 is probably the practice of sick leave being granted, if at all, with pay and also the practice of the Company in having the workman concerned examined by its own doctor and at its own cost. It also follows from these awards that the Company not being physically in a position to have the applicant for an extension of leave on the ground of illness, examined by its own doctor when the applicant is away from the mill area, these provisions of the two awards were not meant to cover cases of extension of leave at all but was confined only to initial applications for leave. It must accordingly be held that the awards of 1948 do not take away the Management's inherent discretion in granting or refusing prayers for extension of leave when there are medical certificates in support of such prayers, though this discretion must be exercised fairly and reasonably.

Paragraph 9(c) of the Standing Orders of the Company Ext. E provides that if a workman remains absent beyond the period of leave originally granted or subsequently extended, he shall lose his lien on his appointment unless (a) he returns within eight days of the expiry of the leave and (b) explains to the satisfaction of the Manager his inability to return before the expiry of his leave and in case the workman loses his lien on his appointment, he shall be entitled to be kept on the Badli list. It is clear from the evidence that the workman continued to be absent for months after his leave expired on the 9th of May 1961 and it further appears from his own application, Ext. D, that he had applied for leave on 25th May 1961 and 22nd June 1961 but to his ill-luck he got the reply that the extension of leave could not be granted. In other words, this letter makes it clear that the refusal of the extension was duly intimated to him. Yet, he remained absent. Clearly, therefore, under the Standing Orders he had lost his lien on his appointment and the Company was entitled under the Standing Orders to direct him to join as a Badli worker although the status of a Badli must be inferior to that of a permanent workman, for the simple reason that the Badli workman apart from any other disadvantages, is not entitled to work and wages for every working day in the week like a permanent workman. But it is clear that for this reduction of his status, the workman was himself responsible. There was, therefore, no refusal of employment by the Company in this case. What happened was simply this that the workman continued to be absent on the expiry of his leave, even though he had received intimations that the extensions of leave he had prayed for were refused. By this continuous absence, he had lost his lien on his appointment and was liable to be treated as a Badli workman.

In the cause title of the application order No. 4928-I.R./IR/8L-2(D)/60, dated 17th September 1960, obviously implying thereby that this industrial dispute between the parties was pending before the Tribunal. It appears that this industrial dispute was pending before the Tribunal at the date, viz., 26th July 1962, of the alleged refusal of employment of the workman, so that if the facts amounted to a refusal of employment by the Company section 33A would be attracted. As this was not a case of refusal of employment by the Company, section 33A has no application.

My award accordingly is that the Company did not refuse employment to the workman Shri Nand Kishore in this case but what happened is that the workman by his continued absence on the expiry of his leave on the 9th May 1961 in spite of the rejection of his prayers for extensions of leave lost his lien on his appointment and so became liable under the Standing Orders of the Company to be treated as a Badli workman and he did not join as a Badli workman even though he was called upon to do so by the Company. The application is also not maintainable because there was no violation of the provisions of section 33 and there could not possibly be any violation of such provisions in view of the facts of the case.

AWARD

The Government of West Bengal, Labour Department, by order No. 4661-I.R./IR/11L-129/59, dated the 1st September 1960, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the abovementioned dispute for adjudication to this Tribunal, regarding a matter specified in the Second Schedule to the Act.

This dispute was previously referred to the First Labour Court by order No. 1878-I.R./IR/11L-129/58, dated the 6th May 1959, for adjudication which has been replaced by the Sixth Industrial Tribunal constituted under Notification No. 3115-I.R./IR/3A-6/59, dated the 21st June 1960, and has in consequence been abolished by Notification No. 3508-I.R./IR/3A-9/59, dated the 11th July 1960.

The Schedule

1. Whether the degradation of Shri Sogiruddin is justified? To what relief, if any, is he entitled?

This reference is in respect of alleged demotion of Shri Sogiruddin, a workman of the Company working in Grade No. 4.

It is the case of the Union that the workman under reference Shri Sagiruddin has been working in Grade No. 4 in the Frame Department since 1947, that the Departmental Supervisor asked Sagiruddin to leave his work in favour of one Fakira who is junior in service to Sagiruddin, that Fakira and two other persons working in Grade No. 4 were promoted to Grade No. 3 when the workman under reference Sagiruddin should have been promoted earlier and that the promotion of junior workers of Grade 4 in preference to Sagiruddin was highly illegal and unjustified and the Company violated all principles of natural justice, it is an instance of unfair labour practice.

The Company states in its written statement that there is no cause of action for the present case as Sagiruddin was never demoted, that this is an individual dispute and not an "industrial dispute," that Sagiruddin was appointed as an unskilled workman in Grade 4 and he is still working in Grade 4 and the persons named Fakira, Hamid and Ganga were sometimes promoted to Grade 3 as they are senior in service to the workman under reference Sagiruddin. The Company further states that it has been generous towards Sogiruddin, as he having been found suffering from partial disablement to the extent of 20 per cent., the Company out of compassion retained him on his representation without reduction of pay or reduction of funds.

Decision

P.W. 1 Sogiruddin who is the workman under reference says in his examination-in-chief that he is now the seniormost worker in Grade 4 and that all workers senior to him in Grade 4 have been promoted to Grade 3. He admits that the workmen of Grade 4 are promoted to Grade 3 on the ground of seniority in service. He admits in his cross-examination that Fakira, Hamid and Ganga are senior to him in service in Grade 4. At the time of hearing the workman under reference never complained that any one junior to him in service in Grade 4 has been promoted to Grade 3. His term for promotion does not appear to have arisen as yet. This being the case, there can be no cause of action for raising a dispute like the present one which is in respect of demotion or degradation in service of the workman under reference. There has neither been any demotion, nor any degradation of workman Sogiruddin and he is still getting the same pay and allowance as before as a workman of Grade 4. O.P.W. 1 Shri Hari Gopal Banerjee, the Shift Supervisor of the Company's factory, says that all Grade 4 workmen are to do four kinds of work and P.W. 1 admits that the four kinds of work are to be performed by a workman of Grade 4 and the four kinds of work are as follows: (1) to charge the Press, (2) to change the filter cloth, (3) to remove the waste products and (4) to carry the trays of purified lac to the stretching machine. The workman under reference admits "while working in Grade 4 I do all these four kinds of work. I am doing same kind of work now as I had been doing from before." From the evidence, it is clearly established that P.W. 1 is an employee of the Company working in Grade 4 and getting the same pay and allowance of a Grade 4 workman and as no one junior to him has been promoted to Grade 3 there has been no cause of action for raising any dispute for which a reference could be made. There is nothing to show that the

workman P.W. 1 has been demoted or degraded at any time. He admits that when he was asked to carry the trays he refused to work and carry out order of the Supervisor as he wants to say that he had been working as a helper in the Press. So long he was the Grade 4 workman he had no justification in disobeying the orders of his superior officer who had asked him to do a particular kind of work which a workman of Grade 4 was required to do. It is in evidence that P.W. 1 was severely reprimanded on one occasion and suspended for another for refusing to carry out orders of the superior.

It is clearly established from the evidence on record, as also admitted by the workman P.W. 1, that there has been no demotion or degradation of P.W. 1 and no employee junior to him having been promoted to a higher grade, there is firstly no dispute and there is no cause of action for this reference.

I therefore hold that the workman under reference Shri Sogiruddin is not entitled to any relief claimed.

This is my award.

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri Audhoo, a workman of the said Company, made a complaint in writing to the said Industrial Tribunal against the said Company alleging that the said Company had refused employment to the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Shri Audhoo of 365, Kumharpara, Calcutta-24, an employee of Messrs. Kesoram Cotton Mills Ltd., 42 Garden Reach Road, Calcutta-24, against the aforesaid Company in connection with G.O. No. 4928-I.R./IR/8L-2(D) 60, dated 17th September 1960. (Case No. 91/1961, under section 33A.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. N. GUHA ROY, Judge, First Industrial Tribunal.

Appearances:

For the complainant: Shri Patit Paban Pathak.

For the Company: Shri S. K. Bose and Shri K. P. Mookherjee.

This is an application under section 33A of the Industrial Disputes Act by Shri Audhoo, a permanent workman in the Warp Spinning Department, "C" shift of the Kesoram Cotton Mills Ltd. Admittedly the workman went home on leave from 10th May 1961 to 23rd May 1961 and admittedly also he did not join on the expiry of his leave. His case is that while he was at home his wife was attacked with small-pox and he accordingly applied for an extension of his leave for one month. He sent an application for this extension along with a medical certificate. But while he was at home he did not receive any reply from the Company. He came back from home on the 26th June 1961 and reported himself for duty with an application Ext. 1, addressed to the Factory Manager. Then he appeared daily before the Labour Officer but he was only harassed and was not allowed to resume his duty. He wrote thereafter several letters to the Company. On the 11th August 1961 he however received from the Company Ext. 6 in which he was told that he had been granted leave from 10th May 1961 to 23rd May 1961, but he had not sent any application for any extension of leave though he had sent a medical certificate about his wife's illness. He was further told that the extension of leave had not been granted and he had been informed accordingly and that when he reported for duty on the 26th June 1961 he had been informed that according to the provisions of the Standing Orders he had lost his lien on his appointment and had been asked to join as a Badli but since then he had been absenting himself without information and in this letter he was again asked to join as Badli in the same department and shift within three days of the receipt of the letter. In paragraph 9 of the application under section 33A it is further stated that he also informed the Company after having

protested against the contents of the letter Ext. 6, that "unless he is taken back into his original job with continuity of service with full wages for the period of forced unemployment, he will raise an industrial dispute".

The Company's case, however, as disclosed in its written statement is that Shri Audhoo did not send along with the medical certificate any application for extension of leave and that by its letter, dated the 29th May 1961, sent under a certificate of posting, it had duly informed Shri Audhoo of its decision regarding its rejection of the recommended extension of leave to him. It further states that when Shri Audhoo appeared at the factory on the 26th June 1961 after his unauthorised absence from duty he was directed to join as a Badli worker according to the Standing Orders. But in spite of those directions the petitioner did not join as a Badli worker. It is further the Company's case that this application under section 33A is not maintainable as there was no contravention of the provisions of section 33.

On behalf of the workman four witnesses were examined including the workman himself. The first is the Genral Secretary of the Union Shri Arun Sen, the second is a police officer who seeks to prove an entry in the general diary made on the basis of a report by Shri Audhoo, the third is a clerk of the Labour Commissioner's office producing a letter called for on behalf of the workman, and the fourth witness is Shri Audhoo himself. On behalf of the Company only one witness, namely, Shri Bijoy Bahadur Singh who is the present Officiating Factory Manager and who was at the relevant time Labour Welfare Officer of Kesoram Cotton Mills was examined.

The first question in this case is whether it has been proved that the Company refused employment to the workman or whether by his continued absence after the expiry of his leave the workman had lost his lien on his service and how far when he was called upon to join as a Badli by refusing to join as a Badli he terminated his service himself. The workman's case is that he was compelled to ask for an extension of leave for one month because his wife had been attacked with small-pox. Curiously enough, in the witness box he first makes the statement that his children had fallen ill and then corrects himself and says that his wife had fallen ill and then he reconciles both of these statements by saying that his wife and children were attacked with small-pox. It is strange, however, that there is no mention of the illness of his children either in the application under section 33A or in his letter, dated the 26th June 1961, Ext. 1, or anywhere else. The so-called medical certificate, Ext. B, also does not mention anything about the children's illness. Obviously, therefore, this story of his children having been laid up with small-pox is a myth. One is naturally left wondering if his story that his wife had fallen ill might not equally be a myth. It is certainly strange that he should at all forget the fact of his wife having fallen ill at the relevant time when he first blusts out that his children had fallen ill. Apart from this there is the medical certificate, Ext. B. Ext. B(2) is an English translation and Ext. B(1) a transliteration of that document. Shri Patit Paban Pathak representing the workman accepted both the transliteration and the translation as correct. The translation is as follows:

"Pandit Tribeni Prosad Sharma Vaid

Regd. No. 9249

Hospital—Pipaisandi P.O. Kuri Bazar
Dist. Gorakhpur (U.P.) 25.5.

dated 21-5-61.

Lab./608/61

29-5-61.

Sl. No.

After careful examination I certify that Shri Audhoo, who has signed hereunder of Village Pipaisandi, P.O. Pipaisandi, Gorakhpur, required leave urgently for treating and serving for his wife's illness up to 23-6-61.

(Sd.) Tribeni Prosad Sharma Vaid.

Signature of patient's husband:
L.T.I. of Audhoo.

Rubber Stamp in Hindi."

It is certainly strange that this so-called medical certificate does not say anything about the nature of the illness of the wife of the workman for which he recommends the workman's leave up to 23rd June 1961. Although the certificate starts with the phrase "that after careful examination", it does not say whether it was after careful examination of Shri Audhoo or of his wife that he was saying what he actually said in the medical certificate. Assuming that he wanted to say that after careful examination of Audhoo's wife he was saying that Audhoo required leave urgently, the fact remains that his Hindi was not good enough to convey that sense. Again for a doctor to remain silent about the nature of the disease of his patient in a certificate meant for transmission to the husband's employer is something quite unexpected and to that extent incredible. Evidently, it does not speak much for the doctor as a doctor and it becomes impossible to place any reliance on a certificate of this nature. The story, therefore, of Shri Audhoo's wife having been laid up with small-pox during his stay at home, it is impossible to accept. Shri Audhoo has claimed that along with the medical certificate he also sent an application for an extension of his leave. The Company, however, denies it and no application is forthcoming. The Company has produced the cover in which the medical certificate reached the Company. If as a matter of fact there was an application sent along with the medical certificate in the same cover, it is difficult to understand why the Company should withhold it. If it could produce the so-called medical certificate, Ext. B, there is no reason whatever why it should withhold the application for an extension of the workman's leave. In the circumstances, I find it impossible to believe that Shri Audhoo had actually sent an application along with the medical certificate. That Shri Audhoo does not always tell the truth appears from another thing. In paragraph 9 of his application under section 33A as stated already, he distinctly states that he informed the Company that "unless he was taken back into his original job with continuity of service, with full wages for the period of forced unemployment he would raise an industrial dispute". Actually in the letter, Ext. 5, dated the 11th August 1961, he tells the Company amongst

other things that the Company's decision should be reconsidered and he should be allowed to join his duty with full compensation for the period of his forced idleness and in the same job with continuity of service and he would expect the Company's reply within 15 days, failing which he would have recourse to such steps as may be advised for his wrongful discharge. A copy of the same was forwarded to the Minister for Labour, West Bengal. Yet curiously enough Shri Arun Sen, though not Audhoo himself, states in his cross-examination that Audhoo actually went to the Manager for work as Badli, on two occasions after the 9th August 1961. Audhoo himself does not say so. Shri Arun Sen must have heard this from Audhoo. But strangely enough this fact is not mentioned in the application under section 33A filed on 30th October 1961. There is in the first place no explanation of this. In the second it is difficult to understand why Audhoo himself is silent about it. Shri Arun Sen did not make a correct statement when he said that. Shri Audhoo appeared at the factory for working as a Badli after the 9th August 1961 and that probably he was misled into this statement by something he had heard from Shri Audhoo himself. Clearly, then Audhoo is not a person who can be safely depended on.

In Ext. 4, dated the 24th July 1961, again Audhoo states that when he saw Shri Bijoy Bahadur Singh, Shri Singh told him after looking into all the papers that he was a bad man and should be fired and he told a notorious anti-social element Shri Mahatom Singh who was standing there to make him understand and the said Mahatom Singh told him that if he wanted work there was one way left and that was for him to sever all connections with the Garden Reach Textile Workers' Union and to join the Company's Union of K. K. Ram and as he refused to comply, Shri V. B. Singh told him that his case would not be considered. Audhoo does not himself say anything about it nor is any question put to Shri V. B. Singh in his cross-examination. It is also curious that although a general diary entry, dated the 12th August 1961, has been proved and marked Ext. 7, there is nothing in it about the incident mentioned in Ext. 4. What appears to have been reported on the 12th August 1961, does not disclose even faintly an offence whereas what he has stated in Ext. 4 discloses, if not an offence a veiled threat at least. It is very strange that although no offence was disclosed by the report Ext. 7, the police recorded the information. It is equally strange that although what he stated in Ext. 4 disclosed at least a veiled threat, it was either not reported at all to the police or even if it had been reported the entry made in the general diary on the basis of that report has not been called for or proved. In the circumstances it is impossible to place any reliance on any part of the evidence of Shri Audhoo.

It is the evidence of Shri V. B. Singh that after Audhoo had sent the medical certificate, the Company refused this prayer for an extension of his leave, taking the medical certificate as a recommendation, and it communicated the decision of Shri Audhoo by a post card like the one marked "C", sent to the workman under a certificate of posting, Ext. C(1). This certificate of posting includes three items, the first of which is a post card addressed to Audhoo. The seals on the certificate, Ext. C(1) are illegible but there is a date in the handwriting of someone probably of the Company's office and the date is 29th May 1961. In Ext. C, which is a sample, the date mentioned is also 29th May 1961. In all probability, therefore, the workman was informed by a post card like Ext. C that his prayer was rejected. Of course the workman has denied the receipt of the post card. The presumption, therefore, of the post card having reached him is weakened to some extent but whether the post card reached him or not, the fact remains that the evidence on the record does not justify the view that Shri Audhoo's wife had been actually laid up with small-pox as he stated before the Company when he reported for duty on the 26th of June 1961. It is also admitted that he had over-stayed his leave for more than a month because his leave expired on the 23rd May 1961 and he did not turn up for duty till the 26th of June 1962.

The question now is what are the obligations of the Company in the matter. Ext. D is the Standing Orders of the Company. The relevant portion of paragraph 9(b) runs as follows:—

> "If the workman after proceeding on leave desires an extension thereof, he shall apply to the Manager who shall send a written reply either granting or refusing the extension of leave to the workman if his address is available and if such reply is likely to reach him before expiry of the leave originally granted to him."

It is stated in paragraph 4 of Audhoo's application under section 33A itself that he applied for extension on 22nd May 1961. The so-called medical certificate, Ext. B, is dated 21st May 1961. The Company's endorsement in the medical certificate Ext. B is as follows:—

Lab./608/61.

29-5-61.

and there is also above that endorsement, a date 25th May 1961, in blue pencil, signifying thereby that this medical certificate was received on 25th May 1961. The postal envelope bears the postal seal of Garden Reach, dated 25th May 1961. That conclusively proves that the medical certificate could not possibly have reached the Company before 25th May 1961. Evidently, therefore, the doctor's recommendation for extension of leave reached the Company two days after the leave already granted to him had expired on 23rd May 1961. In terms of the Standing Orders, therefore, there was no obligation at all on the part of the Company to inform the workman that his prayer for extension of leave had been rejected. Yet the Company claims to have communicated to the workman its decision that his prayer for extension of leave had been rejected and as already stated the Company produces the specimen post card, Ext. C in which this information is conveyed to the workman and also the certificate of posting, Ext. C(1).

It must accordingly be held that Shri Audhoo had overstayed his leave by more than a month. In paragraph 9(c) of the Standing Orders Ext. D it is stated that a workman loses the lien on his appointment if he remains absent beyond the period of leave originally granted or subsequently extended unless he reports within eight days and explains his inability to return before the expiry of his leave and in case the workman loses the lien on his appointment, he shall be entitled to be kept on

the Badli list. Evidently, therefore, under the Standing Orders, the workman had lost his lien. The Company claims to have informed him that he should join his duty as a Badli. This is the evidence of Shri Bijoy Bahadur Singh and this is borne out by Ext. 6, dated the 9th August 1961. In this it is distinctly stated that on the 26th June 1961 he was informed that according to the provisions of the Standing Orders he had lost his lien on his appointment and had been asked to join as a Badli but since then he has been absented himself without information. Again he was asked to join as a Badli in the same department and shift within three days of the receipt of the letter but he did not join as a Badli. Exhibit 6 admittedly reached the workman and though Shri Arun Sen alone stated that Shri Audhoo turned up in the factory thereafter on two occasions for work as a Badli, that story could not be accepted. It must in this state of the evidence be held that there was no refusal of employment by the Company and that the workman after having overstayed his leave by more than a month came to join on the 26th June 1961 when he was told that as he had lost his lien on his service he should join as a Badli but he did not join as a Badli and on the 23rd October 1961 the Company informed the workman by Ext. A that in view of his continued unauthorised non-attendance as a Badli worker his name was removed from the list of Badli workers. The termination, therefore, of the services of the workman was the result of what he himself did.

In the circumstances there is no question of any contravention by the Company of the provisions of section 33 nor is there any specific allegation that there was any such contravention but had the proved facts amounted to refusal of employment by the Company to the workman, there might have been contravention of the provisions of section 33 of the Industrial Disputes Act because there were no payment of a month's wages and no application as required by the proviso to section 33(2)(b).

My award accordingly is that there was no refusal of employment by the Company to the workman Shri Audhoo but the workman himself overstayed his leave by more than a month and when he was told that he had lost his lien on his service and directed to join as a Badli worker he refused to join as a Badli and ultimately his continued non-attendance as a Badli worker led to the striking off of his name from the list of Badli workmen. The application is not also maintainable because there has been no contravention of the provisions of section 33.

AWARD

After service of such notice, the workmen represented by the Calcutta Plastic Karkhana Mazdoor Union (hereinafter described as the Union), filed the written statement on 9th June 1961 duly signed and verified by Shri Bimal Banerjee described as the Vice-President of the Union. The case as made out by the Union is that the workmen engaged in Messrs. Teko Pen Industries which is a partnership firm and manufactures the body of the fountain pen made of plastic, are members of this Union representing all workmen engaged in plastic industries in the region of Calcutta and its suburbs. There are about 60 workmen engaged in this industrial establishment. The workers of this concern went on strike from 4th April 1960 when Sailesh Ghosh, a workman, was charge-sheeted and suspended. The strike was followed by lock-out declared by the Management from 7th April 1960. The dispute however was settled on a settlement arrived at between the parties on 11th April 1960. According to the case of the Union, the Management all on a sudden introduced a new pattern of moulding dice for production of "section" of the pen holder on the 22nd July 1960 and fixed the rate of remuneration at 6 annas per gross for the production made with such dice. But other concerns using such dice had been paying wage at 8 annas per gross for the work. As the rate was considered low, the workmen lodged a protest and the Management assured that they would sympathetically consider the demand. In spite of that the employer made payment on the weekly pay-day, i.e., 26th July 1960, at the rate of 6 annas per gross instead of 8 annas per gross as demanded by the workmen. Thereafter on the 27th July 1960, the workers demanded a peaceful solution of the dispute and for that they resorted to a demonstration in the factory on that date, which, however, produced no result on account of the adamant attitude taken by the partners of the firm. After that when on the morning of 28th July the workers reported for duty at the factory gate, they found a notice hung up by the Management declaring lock-out. By that notice, dated 28th July 1960, the Management also made it clear that the workers would be treated as dismissed unless there was a solution of the dispute. It is alleged by the Union that the workmen had been victimised for voicing their legitimate demands and for the Trade Union activities. The workers thereafter brought the matter to the notice of Labour Department and when all attempts of solution failed, the appropriate Government referred this dispute for compulsory adjudication. The Union along with the written statement filed as annexures to the same the memorandum of settlement, dated 11th April 1960, the English translation of the Company's notice, dated 28th July 1960, and the tripartite settlement effected by the Conciliation Officer on 3rd November 1960.

Thereafter Messrs. Teko Pen Industries (hereinafter referred to as the Company) filed the written statement on 7th August 1961. From the case as made out by the Company, it appears that the Company was started sometime in 1956 with a small capital of Rs. 5,000 only and that the Company engages 10 to 12 workmen which number gets increased to 35 or 40 when there are seasonal demands. The Company in the written statement gave a long history about the attitude of the workmen since the formation of the Union in October 1959. It is stated that the workers all on a sudden went on strike on 14th October 1959 when a workman Md. Jalil had been dismissed for his indisciplined behaviour and for causing damage to Company's properties. The matter of strike was brought to the notice of Labour Directorate and repeated letters had been sent to the Union to withdraw the strike and resume work. The Company along with the written statement filed as annexures to the same the letters written in that connection by the Labour Directorate and the letters addressed by the Company to the Union and to the Directorate. In order to settle all differences between the employer and the workmen a settlement was effected as between the West Bengal Pen Manufacturers Association of which this Company is a constituent member and the workmen employed in several pen manufacturing establishments as represented by the Calcutta Plastic Karkhana Mazdoor Union. The settlement, dated 30th December 1960, was signed by Shri N. C. Kundu, Conciliation Officer, and the representatives of the parties and is marked as Annexure "H" to the written statement. Even after that settlement there was again a strike for about four hours on a flimsy pretext to coerce the Management, to engage a workman in the first shift. Next there was a strike on 4th April 1960 for the action taken by the Management against Shri Sailesh Ghosh. The Company filed the copies of the charge-sheet, notice issued upon the workman to resume work, the letters issued to Labour Commissioner soliciting intervention and other documents concerning that incident. According to the version of the Company there was another strike after that in May 1960, when the workers assaulted a co-worker Ramdhan Singh. Once again there was a strike on 20th May 1960 for two hours when the workers refused to break "Nali" which was their usual job. In short, the workmen resorted to all sorts of subversive tactics all along and on the slightest pretext they started threatening and coercing the Management and commenced lightning strike. The Company therefore gave all details of these incidents showing the indisciplined attitude of the workmen in a letter written to the Labour Commissioner on 29th June 1960. When in the last week of July the employer introduced a new mould, which was not heavier than the one in use and could not adversely affect the production, the workers unnecessarily demanded a higher rate in pice-rate wages for that dice. On 27th July 1960 the workmen in a body demanded an announcement of new rate and when the Management refused to increase the rate under such coercion, the workmen in a body surrounded the two partners of the firm and kept them confined in the office room for six hours from 9 a.m. to 3 p.m. The workers threatened the Management with physical injuries and during this time of confinement they were not allowed to take food and go out to answer the call of nature. Having been placed in such an awkward situation, the Management in order to escape from the clutches of the workmen assured them that the wage rates would be increased and only after such assurance they were allowed to get out from the factory premises. Even though on that date the workers did not do any work up to 3-30 p.m., they forced the employer to mark full attendance for the

workers for the day. On that night the partners contacted the Union officials and told them about the incident and intimated their decision to dismiss all the workmen. It was however decided that an attempt might be made at 1 p.m. on the following day to find out a solution, if possible, by discussion between the Management and the Union officials. As the employer considered it risky to go to the factory, Shri Bimal Banerjee, Vice-President of the Union, was requested to go to the shop of the elder brother of the partners at 1 p.m. on 28th July 1960, and when Shri Banerjee did not like to go to the said shop, no discussion was held, and the employers' decision that the workmen would stand dismissed stood confirmed.

According to the version of the employer, even after the closure of the factory, there were violent demonstrations by the workers in front of the shop of the President of Employers' Association when police had to intervene and control the situation. From 28th July 1960 the dismissed workers stationed themselves in the factory and loitered around the residence of partners of the Company and did various acts of violence upon the properties of the employers. Finally through the intervention of the Labour Directorate at a joint conference held on 3rd November 1960 it was settled that the factory would open from 8th November 1960. It is stated by the Company that these 13 workers took leading part in the incident on 27th July 1960 in a most unjustified way, and threatened the employers with violence and confined them for several hours and, therefore, the Company's decision to dismiss the workmen is completely justified.

At the time of hearing the Union examined all the workmen involved in this dispute except Rupnarayan Singh, Asraru Khan and Madhusudan. On the other hand, the Company examined two Police officers, who proved G.D. entries made at the thana on several dates, Shri S. S. Beddy, President of the West Bengal Pen Manufacturers' Association, Shri Hem Chandra Sukla, a part-time worker of the Company, and Shri Raj Pal Gambhir, a partner of the firm. Besides, a large number of documents were filed by both the parties in support of their contentions. After closing of the evidence the learned lawyers of both sides advanced arguments in support of their respective case.

The case of the employer is that all these 13 workmen had been dismissed by them for gross misconduct committed by them inside the factory premises on 27th July 1960. This industry which is engaged in manufacture of fountain pen made of plastic was started in 1956. The Union representing the cause of the workmen is an industry-wise Union connected with the plastic industry which was formed sometime in October 1959, firstly with membership from amongst the workers engaged in this particular establishment and subsequently the workers of other establishments joined the same. According to the version of the employer there were constant labour troubles in the factory over small matter from the very start of this Union. It appears that the workers went on strike on 14th October 1959 and the strike continued for about 18 days. In course of the strike the Labour Directorate wrote to the workers on 20th October 1959 to resume work immediately (vide Ext. G). The trouble arose on account of dismissal of Md. Jalil, a worker, who had damaged the properties of the Company. It appears that a settlement was made as between the West Bengal Pen Manufacturers, of which this industry is a constituent member, and the workmen employed in such factories represented by this Union, through the intervention of the Conciliation Officer, Shri N. C. Kundu, on 30th December 1959. Exhibit J is the aforesaid settlement. By the settlement so made, this Union was recognised as the bargaining agent competent to represent the workmen in the industry. It was further agreed that both the parties would try to maintain peace and that the employer would not victimise or indulge in any unfair labour practice and that the Union or the workmen would not raise any demand within six months from that date. Shortly after that the workers again went on strike on 4th April 1960 following an incident when one Sailen Ghosh, a worker, was charge-sheeted. It appears from the evidence that it was in the nature of a stay-in strike which continued from 4th April to 6th April and when all attempts made by the employer to persuade the workers to resume work failed, a lock-out was declared on the 7th April. Exhibit L(4) is the notice of lock-out. In the notice of lock-out, the Management made it clear that the behaviour of the workmen inside the factory had been extremely unruly and that such lawlessness should not be continued any longer. Finally, the dispute was settled. The lock-out and the strike were withdrawn from the 12th April 1960. Exhibit L(5) is the settlement, dated 11th April 1960, signed by Shri Bimal Banerjee and Md. Munif Khan on behalf of the workmen and by Shri T. K. Jagdish and Shri Raj Paul Gambhir on behalf of the employers. It appears that the workers then gave an assurance that strike would not occur in future and that all grievances of the workmen would be solved in a peaceful constitutional manner through the Union. The workers in spite of such agreement made between the parties sometime after refused to do their usual work connected with the usual process of breaking the "nalis" which was part of the job of machinemen from 20th May 1960, and this matter was brought to the notice of Shri Bimal Banerjee by the Company by the letter, dated 25th May 1960 (vide Ext. M). It is admitted by P.W. 6, Shri Hafijulla Khan, that breaking of "nali" is a part of their duty. It is therefore curious that the workmen in spite stopped breaking of "nali" without any excuse and thus disobeyed the lawful orders of the Management. It appears that on the 23rd June 1960 the Management again gave a notice to the workers drawing their attention that they have again failed to do the job of breaking "nali" from 1st June 1960 (vide Ext. M).

In the background of these incidents, it has got to be found whether the contention of the employer that the workers in a body kept the two partners of the firm confined in the office room long six hours on the 27th July 1960 completely restricting their movement and furthermore that the workers abused them in filthy language, all for the sake of getting the demand as to increase in the rate of remuneration with respect to a particular dice introduced on the 22nd July 1960. There is no dispute on the point that a new dice had been introduced by the Company for the preparation of section of the pen-holder on 22nd July 1960.

It appears from the Wage Register, Ext. S, that Asruf Khan did not take his wages for the week from 18th July 1960 to 23rd July 1960. The net amount due to him was Rs. 17 for the work done during that week. Considering the wage he earned

in previous weeks, I do not find any sharp fall in the earning of the worker. It further appears from the Wage Register that Asruf Khan did not take his wages for the next week commencing from 25th June 1960. It is however clear from the Wage Register that during that week the worker had worked for two days one hour. It also appears from the Attendance Register that he worked for only one hour on the 27th July 1960. The workers stopped work on the 27th July just because of the fact that they wanted to force the Management to increase the wages with respect to the work done by the newly introduced dice for preparation of section in which Asruf Khan alone was engaged at the relevent time. The rate of wages at 6 annas per gross is the highest piece-rate in this establishment. Clearly the move was to get the rate further increased. It appears from the evidence that on 27th July 1960 the workers after coming to the factory did not actually commence their work. Naturally they made preparation for the incident. At about 9 a.m. about 20 or 25 workers entered into the room of the proprietor, Raj Paul Gambhir, and encircled him putting forward the demand for increase of the rates of wages with respect to the particular dice. Shri Gambhir stated that when he refused to increase the rate of wages, they begun to abuse him in filthy language and even when he made entreties there was no response for the worker. The workers kept the proprietors confined in the room up to 3 or 3-30 p.m. and it was only after the attendance card had been written that they allowed the proprietors to get out of the situation. The Attendance Cards, Ext. P series, show that the attendance had been noted. The evidence of Shri Gambhir is corroborated by O.P.W. 4, Shri Hem Chandra Sukla, a part-time worker of the concern, whose duty is to maintain the Attendance and Wage Registers for the purpose of affording benefit which the workers get under the State Insurance Act. It further appears from the evidence that the workers forcibly compelled Shri Gambhir to remain seated in his chair and that when he tries to get out of the situation, he was pushed under and prevented by the workers with respect to his movement. The evidence as adduced by the employer clearly indicates that the workers resorted not merely to a sit-down strike but they kept the Management wrongfully confined for long six hours. There was apparently a complete break of discipline when the workers there took the law in their own hand and went to the length of using force upon the proprietors and abuse them in most filthy language. Naturally, in the broad facts and circumstances as proved by evidence, there is no manner of doubt that the workers behaved in a most atrocious and wicked manner and that the acts committed by them constitute gross misconduct and insubordination. On the next date, i.e., 28th July 1960, the Company put up a notice at the factory gate at 6 a.m. whereby the factory was closed for an indifinite period and the proprietors informed the workers that they had taken a decision to dismiss them from service. A notice was given in Urdu naturally because most of the workers are muslim and are acquainted with Urdu language. The Company furnishes a transliteration of the notice and it is marked as Ext. H. The Union filed a copy of the English translation of the notice which is marked as Ext. 1. It appears from Ext. 1 that a copy of the said notice had been forwarded to a large number of authorities including some of the Ministers of the State. In this connection it is to be noted that the Union in paragraph 8 of the written statement stated that the workmen peacefully demonstrated in the factory on the 27th July and no solution of the demands for raising the piece rates could be found because of the adamant attitude of the Management. There is thus a partial admission of some incident in the factory on that date. At the time of hearing the workers in their deposition wanted to say that only P.W. 2 Munif Khan, the General Secretary of the Union, met Shri Raj Paul Gambhir at the office room and asked for a settlement while the other workers carried on their work peacefully. Even the case of demonstration as admitted in the written statement was suppressed and there is a total denial of the occurrence. The dismissed workers wanted to say in their deposition that there was no incident at all on the 27th July and that they found the factory closed when they reported to duty as usual on the 28th July. Now, apart from the fact that there was a clear admission on the part of the Union that there was a demonstration made by the workers on the 27th July, there is ample evidence both direct and circumstantial to indicate that the employers' version is correct and that the workers are now suppressing the truth. The simple question here is whether the workers were guilty of gross misconduct which is of such a grave nature as arising from wrongful confinement of the proprietors for long six hours within the factory on the 27th July 1960. In order to come to a decision on the point, the entire evidence as recorded in the light of probablities of the case has got to be considered. It is clear from the evidence that the workers reported about the incident that happened on the 27th July to Shri Bimal Banerjee and the Management in spite of such situation wanted to discuss the matter with Shri Banerjee. What possibly could be the earthly reason to report to Shri Banerjee unless there was some incident on the 27th July. If everything passed off normally in the factory on the 27th July as stated by the workmen, there could possibly be no reason for declaration of a closure of the factory by a proper notice issued to the workmen in early hours of the morning of 28th July. Besides in the notice the incident is fully described. It is abundantly clear from the evidence that right from the time this Union was formed, the workers broke discipline on many occasions on flimsy ground. The climax, however, was reached on the 27th July 1960. The whole incident as happened on the 27th July was clearly mentioned in the notice given by the Management on the 28th July. Upon consideration of the facts and circumstances of the case I have no hesitation in believing the version of the Management that the workers behaved in a most wicked manner and that they had been guilty of gross misconduct. It is true that the Management did not hold any departmental enquiry upon the issue of charge-sheet to the workmen and giving opportunities to them to defend themselves. But obviously just because of the fact that no charge-sheet had been formally drawn up, that would not vitiate the order of dismissal when the workmen knew from the notice itself what were the charges against them and for that they had full opportunity to give their explanation. Dismissal without giving opportunity to explain has been held to be in order if it appears that there could possibly be no explanation. The offence was committed with respect to the proprietors of the Company and they were the proper persons to take a decision as to departmental enquiry and arrive at finally as to the guilt of the workers. In this situation the proprietors themselves were the only witnesses who could speak

about the acts of misconduct committed by the workers. There was no other witness to prove the occurrence except the workers themselves. It would have been completely redundant in such a situation to expect that the proprietor would act as an enquiring officer and run through the procedure as to departmental proceedings.

It has been urged by the Union that the employer took the decision to dismiss these 13 workmen as they were active members of the Trade Union. It appears from the evidence that Munif Khan was the Secretary of the Union. There is no other evidence to show that the other dismissed workers were members of the Executive Committee of the Union or otherwise acting as active members of the Union. Even assuming that some of them were connected with the Union Executive Committee, they cannot claim any privilage to be execused for such acts of gross misconduct.

Admittedly, following this incident the factory remained closed from 28th July 1960 to 7th November 1960. A settlement was made on 3rd November 1960 through the intervention of the Conciliation Officer, whereby it was agreed that the factory would be reopened on 8th November 1960. Exhibit 3 is the copy of the memorandum of settlement which further shows that 11 workers as named in paragraph 2 of the same since resigned from service on receipt of full dues and that the case of these 13 workmen would be taken up for conciliation. The employer started work with the remaining 11 workers. This reference had been made after the conciliation proceeding failed as the employer wanted to stick to their decision to dismiss these 13 persons. Out of these 13 workers only P.W. 12 Shri Bhupen Chandra Paul stated that he did not go to the factory on the 27th July. So he was not actually involved in the incident that happened on the 27th July and therefore he can not be penalised for the fault of other workmen. I have already stated that the Union examined the workmen involved in this dispute except Rupnarayan Singh, Asraru Khan and Madhusudan. The rest of the workmen barring Bhupen Ch. Paul who denied the allegation of misconduct are not worthy of relience. It is now well settled that when a departmental enquiry was not done by the Management, the Tribunal should give the parties full opportunities to give evidence on the point as to whether the charges of misconduct are established or not. So, apart from the fact that there was no scope for holding the departmental enquiry in the circumstances of the case, I consider upon the evidence now adduced before me that the conclusion is irresistable that the workers barring Shri Bhupen Chandra Paul had been guilty of gross misconduct and that the decision of the Management to dismiss them can not be interferred with. From the facts and circumstances of the case I also take notice of the fact on that the Management could reopen the factory after long laps of time as during all this period the workmen maintained a threatning attitude towards them. The Company lodged complaints at the police-station on various dates and the Police officers proved the G.D. entires which are marked as Ext. A to Ext. A(17). Shri Raj Paul Gambhir, a partner of the firm, stated before me that he apprehended personal safety as the factory is situated in a premises at Phears Lane which is blocked in one way and that any violent attitude taken by the workers might result in serious consequence on the person and properties of the Company. The apprehension of the proprietors is not unreasonable.

In the result I find that the dismissal of 12 workmen is justified and that they are not entitled to any relief whatsoever. So far as the worker Shri Bhupen Paul is concerned, I find his dismissal unjustified and direct that he should be reinstated within a month from the date of publication of this award. Considering however the circumstances of the case, I do not consider it appropriate to give him wages for the period of his unemployment which should be treated as leave without pay.

This is my award.

M. Chakraborty, B. K. Ghosh, Rajmohan Raydhali. S. K. Ghosh and others, 63/2B Belgachhia Road, Calcutta-37, over the following issue, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, Order No. 7371-I.R./IR/8L-43/61, dated the 30th November 1961.

Issue

1. Whether suspension of work by the Management on and from 11th September 1961 is justified? What relief, if any, are the workmen entitled to?

Upon receipt of the order of reference on 2nd December 1961, notices were issued upon the parties for filing written statement and for appearance.

AWARD

The workmen represented by R. N. Chakraborty, B. K. Ghosh, Rajmohan Raydhali, S. K. Ghosh and others filed the written statement on 20th January 1962 duly signed and verified by Shri Rabindra Nath Chakraborty, a representative of the workmen, as mentioned in the Order of Reference. Thereafter the employer filed a petition on 10th February 1962 praying for time to file written statement. The prayer was allowed and the case was adjourned to 26th February 1962 for the purpose of filing written statement by the Company. On that date none appeared on the side of the Company and I adjourned the case to 27th March 1962 so that the employer might file the written statement in the meantime. On 27th March 1962 both the parties filed the memorandum of settlement which is duly signed by the representatives of the employers and the workmen. It appears that the parties came to a settlement of the dispute through the intervention of Shri S. N. Roy, Conciliation Officer, Labour Directorate, on 15th February 1962. Apparently, the dispute stands disposed of in terms of the settlement arrived at between the parties through the intervention of the Conciliation Officer during the pendency of the proceedings before the Tribunal. I find the terms embodied in the memorandum of settlement to be fair and just and I, therefore, dispose of the proceedings in terms of the settlement arrived at between the parties and pass an award incorporating the memorandum of settlement as a part of the award. The memorandum of settlement is marked as annexure "A" to the award.

Judge, Fourth Industrial Tribunal.

AWARD

The Government of West Bengal in the Labour Department by their Order No. 6987-I.R./IR/4L-86/59, dated 26th December 1959, referred an industrial dispute between Shri Lakshman Ch. Paul, Owner of Public Carrier WGH3589, P.O. and village Jamalpore, district Burdwan, and his workmen represented by Burdwan Zilla Motor Karmachari Samity, District Congress Office, Burdwan, relating to the undermentioned issue to this Court for adjudication.

Issue

1. Whether the discharge of Shri Kamala Kanta De is justified. To what relief, if any, is he entitled?

In spite of several adjournments the employer Shri Lakshman Ch. Paul did not file any written statement or adduce any evidence. So the case was heard ex-parte.

The case of the Union, briefly stated, is as follows: Shri Kamala Kanta De, the workmen mentioned in the issue had been employed by Shri Lakshman Ch. Paul as a driver of his Public Carrier bearing No. WGH3589. He was drawing a monthly salary of Rs. 110. As he was an active member of the Union mentioned in the Order of Reference, the employer all on a sudden dismissed him on 15th August 1959. The employer did not issue any charge-sheet to him. So the Union contends that the discharge of Shri Kamala Kanta De is unjustified.

As the employer has not filed any written statement or adduced any evidence, it is not possible to ascertain what his contention in the matter is.

The Union has examined only one witness, viz., Shri Kamala Kanta De in support of its case. The witness has not been cross-examined on behalf of the employer. S othe evidence of this witness remains unchallenged. His evidence supports the case of the Union. It is clear from his evidence that no charge-sheet was issued to him and that he was dismissed as he was a member of the Union. So this is a clear case of victimization.

Hence I hold that the discharge of Shri Kamala Kanta De is unjustified. So I order that he be reinstated and be paid his salary from 15th August 1959, the date of his discharge, until the date of reinstatement at the rate of Rs. 110 per month.

The above orders shall be carried out within a month from the publication of this award.

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Gopi alias Gopobandhu Jena, 23/3 Nadial Road, Badartola, Calcutta-44, an employee of Messrs. Kesoram Cotton Mills Ltd., 42 Garden Reach Road, Calcutta-24, against the aforesaid Company in connection with the Government order No. 4928-I.R./IR/8L-2(D) 60, dated 17th September 1960. (Case No. 88/33A/1961.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. N. GUHA ROY, Judge, First Industrial Tribunal

Appearances:

For the Company: Shri S. K. Bose and Shri K. P. Mukherjee.

For the workman: Shri Patit Paban Pathak and Shri Arun Sen.

This is an application under section 33A of the Industrial Disputes Act by Shri Gopi alias Gopobandhu Jena in respect of an alleged refusal by the Company to give him employment with effect from the 4th of October 1961. Admittedly he worked up to the 1st of October and the 2nd of October 1961 was a holiday for the mills. It is also admitted that he was a permanent workman in the Drawing-in Section, Sizing Department, "C" shift. It is also beyond dispute that he absented himself on the 3rd of October 1961, his case being that he vomitted that night and was unwell. It is further admitted by both parties that he turned up for duty on the night of the 4th of October 1961.

It is the case of the workman that Shri Balaram Dubey told him at about 11 p.m. on 4th October 1961 when he had already started work on his machine that he had not turned up the day before and how it was that he was working that day. Then the workman told him that he had filed an application, Ext. 1, which had been signed by the Labour Officer and also by Shri Pathak. Then, according to the workmen, Balaram wrote something on the application and told him there was no work for him and he should go away and that he then left. It is further his case that since then he has been refused employment although he filed several applications, Exts. 2 and 3.

In the cause title of the application Order No. 4928-I.R./IR/8L-2(D)/60, dated 17th September 1960, is mentioned evidently implying thereby that this refusal of employment took place during the pendency of this case. Not only was this bonus case pending at the time of the refusal of employment of the workman, there was also another case referred under Order No. 2899-I.R./IR/8L-10(A)/61, dated 3rd June 1961, pending at the time.

There is no allegation in the application of the workman under section 33A that there was any contravention of any of the provisions of section 33 of the Industrial Disputes Act. All that is stated there is that an industrial dispute is pending before the Tribunal and that the workman took his service to have been wrongfully terminated in view of the Company's repeated failure to reply to his different applications.

The Company pleads in its written statement first that the application is not maintainable because there was no allegation of any violation of the provisions of section 33 of the Industrial Disputes Act by the Company and secondly that the workman absented himself from his duty and has been still absenting himself without obtaining any leave though after the 3rd of October 1961 the workman came once to the factory gate and submitted an application mentioning his unauthorised absence from duty on the 3rd of October 1961. But he had left the factory gate without "signing the Warning Register on account of his said unauthorised absence on the 3rd October 1961, when so directed on behalf of the said Company which was endorsed on the said application submitted by the petitioner". It was also alleged in paragraph 6 where these facts are stated by the Company that the workman took away the aforesaid application and since that date he neither applied for any leave nor attended his duties and as such he has been absenting himself from his duties without authorised leave since the 3rd of October 1961. The Company by a registered letter, dated the 23rd of October 1961, directed him to show cause why disciplinary action should not be taken against him in terms of clause 14(c)(v) of the Standing Orders of the Company.

That on the 3rd of October 1961 Gopi fell ill and vomitted, there is nothing whatever to show excepting his own uncorroborated statement. He made the statement for the first time in his application, Ext. 1, dated the 4th of October 1961. He also stated here that he sent his pass to inform the Officer-in-charge. The application was addressed to the Labour Officer who initialled it and passed it on to Shri Balaram Dubey. Then, Shri Balaram Dubey made the following endorsement on the application on that very date Ext. 1:

> "L.O. Nobody came to take leave for him. It is a false point shown to you for getting his leave sanctioned. If he was sick next day, one day leave may be ".

It appears that the words "if he was sick" were scored through and there is also a line through the expression "one day leave may be". This application which should have been with the Management is actually filed on behalf of the workman. The explanation given by the workman himself is that he had it with him because it was returned to him by Shri Balaram Dubey. Balaram Dubey says that Ext. 1(1) is the endorsement he made in the application and that in the endorsement he scored through the words "if he was inadvertantly" and the words "next day" which should have been scored through, were not scored through, and one day's leave was sanctioned by this endorsement. But he told the workman that he would allow him to join his duty after he had been given warning and the procedure for warning a workman is to record the warning in a book maintained for the purpose and the entry has to be signed by the Officer-in-charge, the Labour Officer and the Head Time-Keeper as soon as the entries are made, and he told the workman that he could work that very day after having its warning recorded in the

warning book. But he did not join his work but went away with the application, that since then he never turned up and that he never came to him again. He further says that he did not write in the application anything about the warning because that was not the procedure followed by them. To the workman it was suggested on behalf of the Company that Balaram Dubey told him after having written something on the application that he could not grant him leave but as a special case he would allow him to work provided the workman caused an entry to be made in the warning register. But the workman denied the suggestion. The statement therefore of Shri Balaram Dubey that he sanctioned one day's leave by this endorsement appears to be negatived by the suggestion to the workman on behalf of the Company. But as that suggestion is not evidence, Balaram Dubey's positive statement that he granted one day's leave by that endorsement which has not been challenged on behalf of the workman must be accepted although I must say the endorsement has been made in such a way that it is not easy to say on the basis thereof that one day's leave was actually granted. It is certainly desirable that if the officers of the Company do write something they should either write it in a language in which they can fully and clearly express themselves or if they write in English at all, they should write it in a manner that anybody reading it can understand what they are trying to convey. It is also difficult to understand why the Company followed this practice of leaving certain matters unrecorded although other matters in that connection are placed on the record. It is likely that in any concern of this nature, paper work is sought to be reduced to the bare minimum but when there is paper work at all, there is no reason why it should not be made perfectly clear what was being actually done. It is thus highly desirable that the officers should be trained in expressing themselves concisely but clearly.

While the evidence recorded in this case exposes Shri Balaram Dubey to a certain amount of criticism, it is difficult to brush away his evidence as unreliable, particularly when the workman concerned offers no explanation of the application being handed over to him while admitting that it had been returned. Why should the application be returned to the workman at all, although the endorsement clearly shows that it was addressed to the Labour Officer? It could be returned to him only if the applicant himself was entrusted by the officer Shri Balaram Dubey with doing something or other about this application. No other explanation is possible of this application being returned to the workman. In that view the evidence of Shri Balaram Dubey must be accepted in preference to that of the workman, or in other words, it must be held that Shri Balaram Dubey directed the workman to go with the application to the Head Time-Keeper for causing an entry to be made in the warning register and for having it signed by the O.C. himself, the Labour Officer and the Head Time-Keeper. Admittedly the workman did not take the application with the endorsement to the Time-Keeper because he denies that Balaram Dubey ever asked him to do anything of the kind. Thereafter he claims to have filed several applications, namely, Exts. 2 and 3. Exhibit 2 is dated 5th October 1961 and Ext. 3 is dated 7th October 1961. Exhibit 3 appears to have been sent under a certificate of posting, Ext. 3(1) and according to Shri Arun Sen, Ext. 2 was taken by the workman himself from the Union office where it was typed. Gopi claims to have approached the Labour Officer with that application on the 5th. Gopi says in his examination-in-chief that the name of this Labour Officer is Sudhir Babu. But in paragraph 3, page 2 of the application of the workman under section 33A, it is stated that on 5th October 1961 he "gave an application to the Factory Manager" informing him of all the details of the case. Of course, the application might have been addressed to the Factory Manager. But then if it had been handed over to the Labour Officer of the Company, the application might just as well have stated that fact, instead of saying that the application was given to the Factory Manager which obviously means that it was handed over to him. In these circumstances, it is impossible to accept the evidence of the workman that there was actually an application by him on the 5th of October 1961 but there appears to have been an application sent under a certificate of posting on the 7th and it is Ext. 3. The Company claims that it never received any such application. If as a matter of fact the Company received an application like this, it is difficult to understand why it should have gone on refusing him employment. There is no allegation in this case of the Company having refused employment to this workman for any particular reason nor is there any case of victimisation. In the absence of any circumstances to show that the Company might have borne this particular workman any particular grudge, the story of refusal of employment does not sound credible. The application under section 33A was filed on the 13th of October 1961, that is, only nine days after the 4th of October 1961 when he is alleged to have been refused employment for the first time according to the workman. It appears that with effect from the 14th of October, the office of the Tribunal closed for the Puja holidays and the order-sheet of the case shown that the notices were directed to be issued on the 3rd of November 1961. The Company therefore, could not have got a copy of the application under section 33A before the first week of November 1961. The first letter, however, that the Company wrote to the workman concerned is Ext. 3(1), dated the 23rd of October 1961. It was sent to Gopi in the cover Ext. B(3), which was opened in Court and the letter Ext. B(1) was taken out. It was addressed to him at No. 11 Clive Jute Mills Line, Garden Reach Road, Calcutta-44, and was returned unserved with the endorsement "Not known." On the 9th of November 1961, another letter Ext. A, together with a copy of the letter Ext. B(1), was also sent to him to his home address in a registered cover with acknowledgment due. This letter was admittedly received by the workman but he did not reply to it on the ground that he had already filed an application under section 33A. Subsequently letters of the Company, viz., Ext. C and Ext. D, were admittedly sent to him after the Company had received a copy of his application under section 33A and might well have been designed as a reply to that application. But the same can hardly be said of Exts. B(1), dated the 23rd October 1961. In this, the Company was telling the workman that he had absented himself from duty and was still absenting himself from the 3rd of October 1961 and thereafter though he came once to the factory gate and submitted an application mentioning his unauthorised absence on the 3rd October, yet he left the factory without signing the warning register, when so directed which was

endorsed in his application and that he took away his application and thereafter he neither applied for any leave nor attended his duties and as such he was absenting without any authorised leave since the 3rd October 1961 from his duties. He was accordingly asked to show cause why disciplinary action should not be taken against him. There is no reason why the statement of the Company in this letter Ext. B(1) should not be taken to be perfectly genuine, although I must say that the letter was not correct when it said that the direction to the workman to sign the warning register was endorsed on the application. If it is taken to be genuine, it would be obvious that the Company was all along treating this workman as one who was absenting himself without leave. It is hardly likely that when there was no special reason for the Company to victimise this workman it should have gone on refusing him employment and at the same time treating his case as one of absence without leave. The evidence, therefore, led on behalf of the Company that there was really no refusal of employment on the part of the Company but that the workman deliberately absented himself, not merely on the 3rd October 1961 but also from the 4th of October 1961 when he was asked to have a warning recorded in the warning register for his unauthorised absence from the 3rd October 1961, must be accepted, and it must accordingly be held that it was not a case of refusal of employment at all but a case when the workman deliberately absented himself from duty without leave.

On behalf of the Company reliance was placed on the Supreme Court decision in the case of Central Bank of India Ltd. and Meenakshisundaram, 1959 L.L.J. Vol 1, page 446 in support of the contention that what the Company did in this case did not amount to a refusal of employment. The Supreme Court decision was in respect of a case where a Bank employee was transferred and he was directed to resume his work from a particular date. On his refusal to so report he was finally warned that failure on his part to do so would be treated as voluntary abandonment of service on his part. The employee failed to obey such directions. This was pending adjudication proceedings before the Sastri Tribunal. Subsequently the request of the concerned employee to allow him to resume his work was refused by the Bank. Thereupon the employee preferred an application under section 23 of the Industrial Disputes (Appellate Tribunal) Act complaining against the refusal of the Bank to give him work. The Supreme Court observed that the Tribunal erred in holding that the appellant's action amounted to refusal to give work to the respondent and that it would be altogether wrong to suppose that this was a case where an employer had continuously refused to give work to his employee There was, therefore, no question of any violation of any of the provisions of section 33 of the Act by the Company I do not see how this case really helps the Company.

It has been argued on behalf of the workman that there was no provision in the Standing Orders of the Company for a workman having been under an obligation to have a warning recorded in the warning register even for a day's absence without leave and further that the warning register has not been produced to show that such is the practice of the Company. It is true that the warning register has not been produced to prove the practice in this matter but when Shri Balaram Dubey spoke of that practice in his examination-in-chief, the only question put to him in cross-examination on this point is if he produced the warning register and if there is any provision in the Standing Orders about it. He replies that he did not produce the warning register and he does not know if the Standing Orders provide for this. No question appears to have been put to Shri Bijoy Bahadur Singh in his examination or cross-examination about this practice, nor did the workman himself says anything about the non-existence of any such practice in his evidence in spite of the fact that the Company in paragraph 6 of its written statement, as well as in the enclosure Ext. A, dated the 9th November 1961, had clearly stated that the workman had left the factory without signing the warning register when so directed. The enclosure to Ext. A is a copy of the letter Ext. B(1), dated 23rd October 1961. As Ext. A reached the workman, as admitted by him, the enclosure also must have reached him. If in these circumstances, the workman does not say anything at all about the non-existence of the practice, the evidence of Shri Balaram Dubey may reasonably be accepted, in spite of the non-production of the warning register by the Company. In the warning register admittedly no entry was made of the absence of Gopi and the warning administered.

It is certainly true that the Standing Orders of the Company do not provide for any warning notice. But then the Industrial Employment Standing Orders Act does not provide that the Standing Orders must be exhaustive of all the powers which the Management has in the maintenance of discipline in the factory. The preamble of the Act provides that whereas it is expedient to require employers in industrial establishments to define with sufficient precision the conditions of employment under them and to make the said conditions known to workmen employed by them. While "Conditions of employment" certainly include the terms and conditions on which the workmen may be employed in the industrial concern, they cannot certainly exhaust all the powers of the Management, especially in the matter of maintaining discipline in the establishment. In this connection reliance was placed by both the parties on two awards, one was the award of 1933 in the industrial dispute of Cotton Textile Industry in West Bengal, Ext. 4, and the other was the award in a similar dispute in 1948, Ext. 8. In Ext. 4, page 2119, there is a summary of the award of 1948 on leave, holidays, working hours and in Ext. 4, paragraph 11(6) at page 2669 provides for sick leave. This paragraph is as follows:

"As regards sick leave, all employees are eititled under the First Award to sick leave with full pay for 15 days in the year..... In the Mill in this area, the exisintg practice of sick leave with pay shall continue. This sick leave shall be allowed on the basis of a medical certificate from the Medical Officer of the Mill or from a qualified and registered medical practitioner". There is nothing in the award of 1948 which would go to show that when a man falls sick and absents himself without previous leave, the employer will be entitled to require the workman to have a warning recorded in the warning register before he should be permitted to resume his duties. As a matter of fact, neither of the two awards, either expressly or by implication,

makes provisions for any such thing. While the award of 1948 refers to the existing practice in the matter of granting sick leave, it seems to me to mean no more and no less than what it actually says, namely that the existing practice of granting sick leave with pay shall continue. It does not seem to me to carry any implication about any practice as to the methods how this leave should be granted or refused or how after a man has absented himself on account of alleged sickness, he should be dealt with before being permitted to resume his duties. The silence of the Awards or the Standing Orders in this respect can only mean that the residual discretionary powers of the Management are left untouched. Although, therefore, the Standing Orders or the Awards referred to do not provide either expressly or by implication for a warning being recorded in the warning register when a man has turned up for work after having absented himself from duty without leave, there is nothing in the Standing Orders or in the Awards even to suggest that such a practice was in any way wrong or unjustified. As I have already said, these matters must be left to the discretion of the Management who have to maintain discipline and as long as they do not contravene any provisions of the Standing Orders or the Awards governing them, it is not open to Tribunals to interfere with the discretion exercised by the Management in such matters.

My award therefore is that it was not a case of refusal of employment to Shri Gopi alias Gopibandhu Jena by the Company but a case of the workman having absented himself without leave from the 2nd of October 1961 and that the application is not maintainable, because there was no question of a violation of any of the provisions of section 33 in such case.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act filed by Shri Raghu Nandan Singh, Durwan, c/o Hind Motors Employees' Union, Uttarpara, Hooghly, against Messrs. Hindustan Motors Ltd., Uttarpara, Hooghly. (Case No. 56/61/33A.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

AWARD

This is an application purported to be under section 33A of the Industrial Disputes Act and the complaint is that the applicant, though a permanent workman of the opposite party Company, the latter has dismissed the former during the pendency of a dispute referred to this Tribunal under section 10 of the Act (vide G.O. No. 6117-I.R., dated 25th November 1960) without any proper enquiry and in gross violation of rules of natural justice, simply on the allegation of a misconduct, though in fact the applicant never committed any misconduct.

The Company files a written statement opposing the application on the ground that the provisions of section 33(2)(b) were not violated as alleged, and that the applicant has rightly been dismissed after a proper and bona fide enquiry. It is also urged that the Company has already filed an application under section 33(2)(b) of the Act on 26th April 1961 and hence this application is not at all maintainable.

It may be mentioned here that this application has been filed on 4th September 1961, whereas the Company filed an application under section 33(2)(b) of the Act on 26th April 1961 seeking approval of this Tribunal for dismissal of the present applicant. It is also not in dispute that the Company's application under section 33(2)(b) has already been disposed of on contest, and the punishment of the applicant by dismissal has already been approved by this Tribunal on 20th February 1962. As the law stands, where an employer contravenes the provisions of section 33 during the pendency of a proceeding before a Tribunal, the employee aggrieved by the

contravention may make a complaint in writing under section 33A of the Act to such Tribunal. In the present case, as there was an application under section 33 of the Act by the Company, and as the proceedings under section 33 concluded in favour of the Management, there is no longer any scope for argument that there has been a contravention of section 33 by the Company. In the circumstances, the matter cannot be reagitated before this Tribunal under section 33A of the Act, as if there has been a contravention of section 33 of the Act. The applicant's remedy, if any, lies elsewhere.

So, I conclude without further discussion that this application under section 33A of the Act is not maintainable any longer before this Tribunal. So, the application stands rejected.

This is my award.

AWARD

This is an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri P. C. Auddy, workman, complaining against his employer

vention of the provisions of section 33 of the Industrial Disputes Act, 1947, and asking for appropriate relief.

His case is that he was placed under suspension from 5th February 1960 on some baseless charges by the Company and was later on dismissed from service. It is an instance of victimisation by the Company on account of the workman's active support for the Union and for his participation in the hunger-strike.

The complainant has not specifically stated how the Company has contravened the provisions of section 33 of the Industrial Disputes Act, 1947. He has not complained of the Company's failure to pay wages for one month and also of the Company's non-compliance with the other provision, namely, asking for Tribunal's approval of the action taken against the employee.

In absence of these material particulars in an application under section 33A of the Industrial Disputes Act, 1947, it is difficult to hold that it is a proper complaint.

The Company in its objection has specifically raised this point and questioned the maintainability of this application. The Company has further contended that in terms of an agreement arrived at between the Company on the one hand and the Employees' Association acting for the workmen including the present complainant on the other which is dated 3rd May 1960, the workman has already received payment from the Company.

The complainant has not cared to attend before this Tribunal on the previous hearing date as well as on this date whereas the Company has been in attendance regularly. The complainant also has not taken any steps. Therefore, I have no other alternative than to dismiss this complaint for default in view of the fact that not only the workman systematically remained absent on the dates of hearing but also I find there is hardly any substance in the complaint. Therefore, on merits as well I reject this complaint as untenable and without any substance.

The complaint is accordingly disposed of.

(8) Conditions of permanency.

The issues are of a general nature. The Union has filed its written statement putting forward its case in respect of its claims for the concerned workers under the general issues and the Company has also filed its written statement controverting the Union's claims and putting forward its case in regard to the issues. The respective cases of the

parties under these issues will be discussed in details when the issues will be taken up for decision on merits. But before the issues are taken up on merits, it is necessary to decide a preliminary objection against the legality and maintainability of the present reference raised by the Company.

The preliminary objection was pleaded in the written statement and it was also reiterated in the petition, dated 19th March 1962, filed by the Company before the Tribunal just before the hearing of the case was taken up. This petition was filed for the purpose of obtaining an exclusive preliminary hearing of the preliminary objection itself apart from the merits. This prayer was, however, rejected.

The preliminary objection as raised by the Company is that the Company does not carry on any "Industry" and its workmen are not industrial workmen within the meaning of the Industrial Disputes Act, 1947, and as such there is no industrial dispute between the Company and its workmen and consequently the present reference of the purported industrial dispute between the Company and its workmen is not maintainable under the Industrial Disputes Act and the Government has no jurisdiction to make the reference and necessarily this Tribunal has no jurisdiction to entertain the reference and adjudicate upon it.

It has been proved by the evidence of P.W. 1 Shri Munish Chandra Roy, the Secretary of the Union, that the concerned workers are all employed in a house known as Mercantile Buildings in different capacities, e.g., Durwans, Liftmen, etc., and the house is owned by this Company, Messrs. Nawn Estate (Private) Ltd., but it has been let out to different tenants in parts. According to the written statement of the Union, the different categories of employees in this building under the Company are Durwans, Liftmen, Jamadar in-charge, Pumpmen, Farashes and Sweepers. It is also an admitted position that the building is let out in parts to different mercantile firms for office purposes. The only income of the Company from this house property consists of rents collected from the tenants. It can be clearly held that the Company has employed the concerned workers in this house for the purpose of looking after the house and performing some services necessary for the occupation of different parts of the house by different tenants for their own purposes. The Union Secretary has admitted that this Company has several other tenanted house properties, but the employees of those properties have not joined the Union and the present claim is confirmed only to the employees of this house known as Mercantile Buildings. Upon the aforesaid undisputed facts, it is to be decided whether the dispute between the Company and its employees in the house known as Mercantile Buildings really amounts to an industrial dispute falling within the purview of the Industrial Disputes Act so as to be legally referrable for adjudication under section 10 of the Act. It has been vehemently contended on behalf of the Company that letting out the house to different tenants and collection of rent from them do not constitute an "Industry" and so the Company cannot be said to carry on an "Industry" and necessarily the workers employed by the Company cannot be said to be employed in an "Industry". On this basis, it is further contended that it is not a case of industrial dispute at all. On behalf of the Union, this preliminary objection has been contested and it has been contended that the Company really carries on a business in regard to the house by making it a source of income by letting it out in parts to different tenants on rents and so the Company really carries on an "Industry" in respect of the house and therefore the workers employed in the house for the purpose of the business are workers employed in an "Industry" and so the present dispute between them and the Company must be an industrial dispute. I have carefully considered the respective contentions of the parties in regard to the preliminary objection on the basis of the facts proved and admitted, as already indicated above, and I am firmly of the view that there is no substance in the preliminary objection and it must fail. The proved and admitted facts already set out above cannot leave any room for doubt that the Company is really carrying on a business of letting out the house in question to tenants on rents and has engaged the concerned workers for the purpose of that business either to look after the house itself or to render some services to the tenants for the purpose of their occupation of the house. Such business certainly falls with the definition of "Industry" as given in section 2(j) of the Industrial Disputes Act. The definition stands as follows: "Industry" means any business, trade, undertaking, manufacture or calling of employers and includes any calling service, employment, handicraft or industrial occupation or avocation of workmen. It cannot be gainsaid that in the present case, we are concerned with the Company's business of making income from the house property by letting it out to tenants. In this view of the matter, it cannot but be held that the concerned workmen are really employed in an "Industry" as defined in section 2(j). The case reported in 1952 L A C., page 419 is the nearest parallel to the present case. In this case, the dispute was also over certain general issues including dearness allowance, provident fund and gratuity between a Company whose only source of income was from the rents of shops and other immovable properties and their workmen. The dispute was referred to adjudication and the Tribunal concerned gave its award upon the claims of the workmen. An appeal was taken against the award only in respect of two issues relating to dearness allowance and gratuity-cum-provident fund scheme. The Adjudicator refused dearness allowance at more than two-thirds of the textile scale and did not grant separate schemes of Provident Fund and Gratuity. The Appellate Tribunal upheld the decision of the Industrial Tribunal in regard to the said two issues and in support of its decision, put forward the reasons that the Adjudicator was right because the Company did not carry on any "business or industry in the ordinary sense". There was no decision that the reference of the dispute to adjudication and the proceedings of the Adjudicator and his decisions were absolutely illegal and without jurisdiction because it was not an industrial dispute. On the other hand, the decisions of the Adjudicator in his award were upheld. So, this case cannot be accepted as an authority for the proposition that where the only source of income of the Company is from the rents of immovable properties, the Company is not engaged in an "Industry" within the meaning of the Industrial Disputes Act. So, the decision of the Labour Appellate Tribunal in the case cited above cannot support the preliminary

objection with which we are concerned in the present case. The case in 64 C.W.N., 191, has also been cited. This case has nothing in common with the present case. In this case, there was a dispute between an Education Society and an Employees' Union and it was held on the facts relating to the nature of the Education Society that under no stretch of circumstances could such an institution called an industry. This case cannot be accepted as an authority for allowing the preliminary objection in the present case which relates to a Company which, as I have already indicated above, really, carries on the business of letting out an immovable property to tenants for the purpose of making income. In the case reported in A.I.R. 1960, page 610 (S.C.) some tests for deciding whether an activity amounted to an industry within section 2(j) were laid down, but the tests were never said to be exhaustive or conclusive. The present case also may be said to satisfy some of the working principles laid down in that case, because the facts admitted and proved show that the business of house letting in the present case has been organised or arranged in a manner in which trade or business is generally organised or arranged and it is not casual, nor for oneself, nor for pleasure and for the purpose of the business of the Company, co-operation between the employer and the employees for the purpose of rendering service to the tenants is essential and the workers concerned are mostly employed for the purpose of rendering such service, e.g., Liftmen, Pumpmen, Sweepers, etc. So, there is no conflict between the principles laid down in this Supreme Court case and the facts of the present case. The case reported in A.I.R. 60 (S.C.), page 675, has hardly any application to the present case because it related to a Municipal Corporation. Moreover, the present case also satisfies to some extent the principles laid down in that case. It was laid down in that case that the basic concept of an industry is that the activity shall be an organised one and not that which pertains to private or personal employment. In the present case, the concerned workers are employed not for any private or personal purpose but for the purpose of the organised business of the Company consisting of letting out the house to tenants for income. In the above view of the facts of the case and the law applicable thereto, I hold that it is a case of industrial dispute between the Company and its workmen and accordingly, I reject the preliminary objection against the maintainability of the present reference and the jurisdiction of the Government to make it and of this Tribunal to entertain and adjudicate upon it.

I now proceed to take up the issues on merits.

Issues Nos. 1 and 2: Scales of Pay and Dearness Allowance

These claims are allied and inter-related and hence taken up together.

According to the Union's written statement, following categories of employees work under the Company in the Mercantile Buildings:

(i) Durwans,
(ii) Liftmen,
(iii) Jamadar-in-Charge,
(iv) Pumpman,
(v) Farash (official Jharudar), and
(vi) Sweepers.

It is alleged in the written statement of the Union that the total wages of these different categories vary from Rs. 31.50 nP. to Rs. 60. According to the evidence of the Union Secretary, Shri Munish Chandra Roy (P.W. 1), the consolidated wages now paid to the aforesaid categories of workers are as follows:

(a) Head Durwan—Rs. 60 (including Rs. 10 for working the motor pump) per month.
(b) Other Durwans—Rs. 33.50 nP., Rs. 35.50 nP. and Rs. 37.50 nP. each per month.
(c) Liftmen—Rs. 43.50 nP. and Rs. 45.50 nP. each per month.
(d) Farashes—Rs. 30 each per month.
(e) Sweepers—Rs. 17 each per month.

The number of workers employed in the building is, according to the evidence of the Union Secretary, as follows:

(i) Durwans	...	8
(ii) Head Durwan and Jamadar-in-Charge	...	1
(iii) Farashes	...	2
(iv) Sweepers	...	4
(v) Liftmen	...	5 or 6
Total	...	20 or 21

According to the evidence of this witness there is no separate Pumpman.

The evidence given on behalf of the Company through its Sarkar, Shri Jyotish Chandra Guha (O.P.W. 1), regarding the categories and numbers of workers and consolidated wages paid to them is as follows:

(1) Categories and numbers of workers:

(a) Durwans	...	6
(b) Jamadar	...	1
(c) Liftman	...	6
(d) Pumpman	...	1
(e) Farash	...	2
(f) Sweepers	...	5
Total	...	21

(2) Consolidated wages paid to the aforesaid workers:

(a) Durwans—Rs. 43.50 nP. each per month.
(b) Jamadar—Rs. 55 per month.
(c) Liftmen—Rs. 45 each per month.
(d) Pumpman—Rs. 51 per month.
(e) Sweepers—Rs. 41.50 nP. each per month.
(f) Farashes—Rs. 31.50 nP. each per month.

His further evidence is that all the employees in the building are provided with free quarters and the Farashes and Sweepers work for one hour in the morning and one hour in the evening only and at other times they also work elsewhere.

As between the evidence of the Union Secretary and the Sarkar of the Company regarding the categories of workers, the number of workers and

the consolidated wage paid to the workers, I prefer to accept the evidence of the Company's Sarkar as more competent and reliable. The evidence in these respects is practically oath versus oath and in the circumstances of the case, the oath of the Company's Sarkar has impressed me as more competent and reliable. It is also to be noticed that there is not very much difference between the evidence of the two aforesaid witnesses regarding the matters discussed above.

The Union in its charter of demands claimed the following scale of pay and dearness allowance for Durwans, Liftmen and Jamadar:

Scales of Pay: Rs. 35—2—47; 47—3—80; 80—4—100; 100—5—120.

Dearness Allowance:

On salary up to Rs. 50—Rs. 50.

On salary from Rs. 51 to Rs. 100—Rs. 55.

On salary above Rs. 101 to Rs. 120—Rs. 60.

There is no satisfactory evidence to prove the actual rent income of the Company from this house and the profit which goes to the Company after defraying the necessary expenses. On the Company's side, there is absolutely no evidence on this point. No account book or other document has been produced and its only witness, Shri Jyotish Chandra Guha (O.P.W. 1), has not said a word about the rent-income or the profit. It is at the same time significant to note that the Company has not clearly and specifically pleaded in its written statement, nor has it adduced any evidence at the hearing to show that the Company is incapable of taking any further liability on it by way of increase of the wages of the workers and its financial condition is such that it would not be in a position to bear the burden of higher scales of pay and D.A. for the workers. On the Union's side, the Secretary, Shri Munish Chandra Roy, has stated that the monthly rent-income of the Company from this building alone is Rs. 37,000. In cross-examination on this point, he has stated that his knowledge in this respect is based upon his acquaintance with many of the companies which have rented rooms in this building and also personal acquaintance with Shri Anadi Nown, one of the Directors of the Company. His evidence in this respect is not also very reliable and it is, in the final analysis, practically hearsay evidence. Nevertheless, from the fact that the Company has not disclosed its income and profit from the building, nor has pleaded that its financial condition is such that it is unable to pay higher scale of wages and D.A. to the workers, it may be safely inferred that reasonable increases of the wages of the employees by fixation of reasonable scales of pay and D.A. for the workers will not be an unbearable financial burden on the Company. Moreover, it is well-settled that where it is found that the actual wages paid to the workers are below the reasonable minimum standard, it is open to the Tribunal to fix a reasonable scale of wages and D.A. in order to ensure to the workers at least a reasonable standard of living according to their status and nature of employment. Company which employs workmen must pay reasonable scales of wages and D.A. to them so that they can at least maintain reasonable living standard. There is no evidence on either side to show the scales of wages and D.A. paid to workers of any similar industrial concern in the neighbourhood of the present Company except that the Union has referred to an award passed by the Sixth Industrial Tribunal in the case of an industrial dispute between Messrs. Mukherjee Estate (Private) Ltd. and their workmen on 6th July 1961. (Published at page 2899 of the "Calcutta Gazette", dated the 10th August 1961.) It appears that Messrs. Mukherjee Estate (Private) Ltd. is the owner of the house known as Leslie House, being premises No. 19, Chowringhee Road and the house is let out to different tenants by the Company and the concerned workmen of the case were employed in that house by the Company. I find, however, that in that case, no new scales of wages ond D.A. were fixed and the wages and D.A. paid by the Company were accepted as sufficient. I have given necessary consideration to the wages and D.A. of the employees of Mukherjee Estate, which were found to be sufficient by the said Tribunal, for the purpose of dealing with the claims of the Union in regard to scales of wages and D.A. in the present case.

On the basis of the facts and circumstances discussed above, I fix the following scales of wages and D.A. for the concerned workmen of the present case as the minimum reasonable scales in the present prevailing circumstances:

(1) Durwans:

(a) Wages: Rs. 30—1—45—1.50—60 per month.

(b) D.A.: Rs. 20 up to the scale of Rs. 45 and thereafter Rs. 22 per month.

(2) Head Durwan (Jamadar) will get a special allowance of Rs. 5 per month.

(3) Liftmen:

(a) Wages: Rs. 25—1—40—1.25—52.50 per month.

(b) D.A.: at Rs. 20 per month in all the stages.

(4) Pumpman: The same scale of wages and D.A. as in the case of Liftmen, if any separate Pumpman is employed. If any Durwan is employed to work the pump, he shall get special allowance of Rs. 10 per month.

(5) Farashes:

(a) Wages: Rs. 20—1—40.

(b) D.A.: Rs. 20 in all the stages.

(6) Sweepers:

(a) Wages: Rs. 22—1—42.

(b) D.A.: Rs. 20 in all the stages.

In fixing the above scales of wages and D.A., I have taken into consideration the fact that all the employees are provided with free quarters in the building. This is certainly an amenity which may be counted towards special emoluments of the workers. The system of providing free quarters shall continue.

Before parting with these issues, I consider it necessary to specify the time from which the new scales of wages and D.A. fixed under issues Nos 1 and 2 shall come into force. It is claimed on behalf of the Union that these new scales should be made

operative from the date of the present reference. The present reference was made to this Tribunal on 23rd July 1960 and before that the same dispute was previously referred for adjudication to the First Labour Court on 3rd June 1960. The adjudication proceeding have continued for a pretty long time and it would be unreasonable to hold the Company alone responsible for the delay in disposing of the case. Having regard to all the facts and circumstances of the case, I direct and award that the new scales of wages and D.A. fixed under issues 1 and 2 shall come into force from 1st January 1962 and the present employees who were working since before that date shall be fitted into the new scales of wages and D.A. with effect from that date and the arrears of wages and D.A. which may become due to them by such fitments shall be paid to them within two months from the publication of the award in the "Calcutta Gazette".

I award accordingly under these issues.

Issue No. 3: Working hours

According to the Union, all these workmen are generally required to work from 6 a.m. to 8 p.m. daily and it is claimed that the working hours should be limited to eight hours per day with 45 minutes' recess. This appears from the evidence of P.W. 1 Shri Munish Chandra Roy, the Union Secretary. According to the evidence adduced on behalf of the Company through its Sarkar, Shri Jyotish Chandra Guha (O.P.W. 1), the working hours for Sweepers and Farashes are from 7 a.m. to 8 a.m. in the morning and after 5 p.m. in the evening and for Durwans and Liftmen from 8-30 a.m. to 6 p.m. with one hour's recess. Having regard to the undisputed fact that the tenants in the building are commercial establishments who have their working hours generally from 10 a.m. to 5 p.m. and also having regard to the nature of the work required to be done by these workmen, I fix the following hours for them:

Sweepers and Farashes:

For full working days: 7-30 a.m. to 9 a.m. and 5-00 p.m. to 6-30 p.m.

For Saturdays: 7-30 a.m. to 9 a.m. and 2-00 p.m. to 3-30 p.m.

Liftmen and Durwans:

For full working days: 9 a.m. to 6 p.m.

For Saturdays: 9 a.m. to 3 p.m.

Each of these workers is to be allowed rest for one hour on full working days and half-an-hour on Saturdays. The rest hours are to be so staggered as not to cause any break in the general services required of these workmen.

Pumpmen: Same working hours as for Durwans and Liftmen if any separate Pumpman is appointed.

Issue No. 4: Leave—Casual and Sick

It is an admitted position that all the employees now get 15 days' leave with full pay in a year. Besides this leave, the Union claims some casual and sick leave.

After carefully considering the facts and circumstances of the case, I award that besides the leave now available to the workers, they shall get casual leave for seven days in a year and no further leave. I disallow the claim for sick leave.

I award accordingly under this issue.

Issues Nos. 5, 6 and 7: Retirement age, Provident Fund and Gratuity

All these issues really arise out of claims relating to retirement benefits. After having regard to the overall facts and circumstances of the case, I do not consider it fair and proper to grant any of these claims. In making this decision, I have followed the principles laid down in the case reported in 1952 L.A.C., page 418, already referred to and discussed above in connection with the preliminary objection raised by the Company. In that case, the only source of income of the Company was from the rents from shops and other immovable properties. The income was inelastic owing to rent control by legislation and the Company gave accommodation to the workmen. Upon these facts, it was held that as the Company did not carry on any business or industry in the "ordinary sense", the Adjudicator was right in not granting separate schemes of Provident Fund and Gratuity. The facts of the present case are very similar to the facts of that case. Here also the only source of income of the Company is from rents of accommodation let out to different mercantile firms in the building and the tenancies are governed by the West Bengal Premises Rent Control Act, which puts a severe check on elasticity of rent and this Company also grants free quarters to the employees. The principles laid down in 1952 L.A.C. case, referred to above in regard to the grant of retirement benefits, should apply in the present case and accordingly, all the claims for retirement benefits must be dismissed. Accordingly, I hold and award that the claims for retirement age, provident fund and gratuity are not maintainable and these are, therefore, dismissed.

Issue No. 8: Conditions of permanency

The evidence discloses that all the concerned workmen are employed on permanent basis and there is no system of making appointments initially on a temporary basis. It is, however, claimed on behalf of the Union that some provision should be made for conditions of permanency so that the Company may not introduce the system of temporary appointments to the prejudice of the workmen. After considering all the facts and circumstances of the case, I consider it fair and proper to award under this Issue that upon completion of satisfactory service for six months, every worker must be made permanent and I award accordingly.

and their workmen represented by the Burrabazar Jamadar Sangh, 90 Lower Chitpur Road, Calcutta-7, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. J. B. Company and their workmen represented by the Burrabazar Jamadar Sangh. (Case No. VIII-C-191/59.)

AWARD

By order No. 2786-I.R./IR/11L-564/58, dated 26th June 1959, the Government of West Bengal in the Labour Department referred, under section 10 of the Industrial Disputes Act, an industrial dispute between Messrs. J. B. Company, 42 Pathuria Ghata Street, Calcutta-6, and their workmen represented by the Burrabazar Jamadar Sangh, 90 Lower Chitpur Road, Calcutta-7, relating to the undermentioned issues to the Second Labour Court for adjudication.

Issues

1. Increment.
2. Leave and Holidays.
3. Gratuity.
4. Permanency.
5. Bonus for 1958.
6. Is the dismissal of Shri Nathuni Singh justified? To what relief, if any, is he entitled?

The case had been fixed for hearing on 6th February 1961. On that date both the parties filed a joint petition of settlement about issue No. 6. The terms of settlement are fair; so I accept them. The case was then adjourned for adjudication of the other issues. After several adjournments the case was fixed for hearing on 9th March 1962. On that date the Company filed an agreement between it and its workmen, providing inter alia that the workmen will not proceed with the present case. The Advocate of the Union objected to the acceptance of the agreement and prayed for adjournment to argue his point. Accordingly the case was adjourned to 12th March 1962. On that date the Advocate of the Union said that he would not press the objection raised by him on the previous date. The Advocate of the Company argued his case about the acceptability of the agreement. I hold that the agreement is acceptable and that as provided in that agreement the workmen do not want to proceed in the case. Hence as regards as issue No. 6, I pass an award in terms of the joint petition of settlement filed on 6th February 1961, a copy of which is enclosed herewith, and as regards the other issues, I hold that there is no longer any industrial dispute about these issues.

(1) Apurbalal Mazumdar, residing at No. P.114, Beneras Road, Belgachia, P.O. Dasnagar in the district of Howrah,

(2) Manilal Basu, residing at No. 13, Debi Mandir Lane, Lillooah in the district of Howrah and

(3) Sushil Bandyopadhyaya, residing at No. 19, Hem Banerjee Lane, Sibpur, Howrah, Respondents.

The humble petition of the abovenamed petitioner
Most respectfully sheweth:

1. Your petitioner is a citizen of India and a person whose age was at all material times more than 25 years. Your petitioner is an elector as defined in clause (e) of section 2 of the Representation of the People Act, 1951 (hereinafter referred to as "the said Act") and is not subject to any of the disqualifications mentioned in section 16 of the Representation of the People Act, 1950. Your petitioner's name is entered as Serial No. 203 in Part No. 102 in the electoral roll of the No. 143, Panchla Legislative Assembly Constituency in West Bengal.

2. On the 19th day of February 1962 the general election of the matter of the State Legislature from the Panchla Legislative Assembly Constituency to the West Bengal Legislative Assembly took place.

3. The names of the abovenamed Respondents were included in the relative or appropriate electoral roll as electors.

4. The Respondents were candidates for election as a member of the West Bengal Legislative Assembly from the said Constituency. The symbols chosen by and allotted to the Respondents under the Conduct of Election Rules, 1961, framed in exercise of the powers conferred by section 169 of the said Act, were as mentioned hereunder:—

Respondent No. 1—Lion.

Respondent No. 2—Two bullocks with yoke on.

Respondent No. 3—Star.

5. On the 27th day of February 1962 the Returning Officer of the said constituency declared the result of the said election and returned the Respondent No. 1 as duly elected. In the return of election and in the final result sheet, 17,886 valid votes were shown to have been polled in favour of the Respondent No. 1, 17,867 in favour of the Respondent No. 2, and 1,255 in favour of the Respondent No. 3. The Respondent No. 1 purported to secure 19 votes more than those cast in favour of the Respondent No. 2.

6. Your petitioner states that the purported election of the Respondent No. 1 is void, and liable to be set aside inter alia on the ground that the result of the said election, in so far as it concerned the Respondent No. 1 has been materially affected by the improper reception of some votes and/or the reception of votes which are void:—

Particulars

(a) The list of tendered votes in Form 15 prescribed by the Conduct of Election Rules, 1961, shows that some persons had posed themselves to be the real electors and personating the latter had cast votes, for which 41 tendered votes of the real electors had not been or could not be counted for ascertainment and declaration of the result of the election. The said 41 bona fide electors, your petitioner understands and believes, have cast their votes in favour of the Respondent No. 2.

(b) As far as your petitioner has been able to discover some persons had also personated for at least 18 dead electors and had purported to cast votes falsely representing themselves to be the voters on the electoral roll. Such votes your petitioner understands and believes have been cast in favour of

the Respondent No. 1. The names of the said dead voters and their serial number in the electoral roll are mentioned hereunder:—

Part No.	Serial No.	Name of Voter.
139	95	Acha Hoque Porey.
139	737	Laksman Porel.
139	818	Sannyasi Barik.
139	866	Saraswati Dasi.
154	1091	Pear Ali Mullick.
148	541	Jabed Shaik.
148	1157	Radharani Audhicary.
155	589	Bhola Mondal.
155	152	Kali Charan Seat.
156	735	Sivaram Ghosh.
155	913	Sudhir Chouley.
84	1027	Hochen Box.
83	317	Hachena Bibi.
79	179	Isuf Ali.
90	563	Majid Shaik.
121	144	Amir Shaikh.
121	156	Yead Ali Mullick.
121	357	Joynal Mullick.

Your petitioner craves leave for discovery and inspection of the said list of tendered votes for this purpose, and will thereafter furnish further particulars in this behalf.

7. In the premises your petitioner states that the Respondent No. 2 had in fact received a majority of the valid votes, and that but for the votes obtained by the Respondent No. 1 due to false personation by his supporters as stated above the Respondent No. 2 would have obtained a majority of the valid votes.

8. On the 27th day of March 1962 your petitioner has deposited in accordance with the provisions of section 117 of the said Act Rs. 2,000 in the Government Treasury at Howrah in favour of the Election Commission as security for costs of this petition. The relative treasury receipt for the said sum is annexed hereto in original.

Your petitioner therefore prays that it be determined and declared that the Respondent No. 1 Apurbalal Mazumdar was not duly elected or returned and that his election and return were and are wholly void, and that Respondent No. 2 the said Manilal Basu was duly elected and out to have been returned.

And your petitioner, as in duty bound, shall ever pray.

Verification

I, Jagannath Chatoo alias Jagannath Chattopadhyay, the petitioner abovenamed do hereby declare that the statements contained in paragraphs 1 to 5 and 8 of the foregoing petition are true to my knowledge, those contained in paragraph 6 [except the particulars in clauses (a) and (b) thereof] and 7 are submissions and those in clauses (a) and (b) of paragraph 6 above are true to my belief.

I sign this verification at P.O. and village Deulpur, district Howrah, on the 30th day of March 1962.

(5) Jajneswar Das, resident of Alanngidanga, P.O. and P.S. Purulia, Respondents.

The humble petition of the abovenamed petitioner

Most respectfully sheweth:

1. Your petitioner is a citizen of India and a person whose age was at all material times more than 25 years. Your petitioner is an elector as defined in clause (e) of section 2 of the Representation of the People Act, 1951 (hereinafter referred to as the "said Act"), and is not subject to any of the disqualifications mentioned in section 16 of the Representation of the People Act, 1950. Your petitioner's name is duly entered in the electoral roll of the Manbazar Legislative Assembly Constituency in the district of Purulia. Your petitioner possesses all qualifications for membership of the State Legislatures as prescribed by or under the Constitution of India or any law made by the Parliament.

2. On the 21st day of February 1962 the general election of a member of the State Legislature from the seat of the Jaipur Legislative Assembly Constituency (reserved for Scheduled castes), to the West Bengal Legislative Assembly took place.

3. Your petitioner and the respondents were the only contesting candidates for election as a member of the West Bengal Legislative Assembly from the said Constituency. The symbols chosen by and

allotted to your petitioner and the respondents under the Conduct of Election Rules, 1961, framed in exercise of the powers conferred by section 169 of the said Act were as stated hereunder:—

Your petitioner—Two bullocks with yoke on.

Respondent No. 1—By-cycle.

Respondent No. 2—Ears of corn and sickle.

Respondent No. 3—Scales.

Respondent No. 4—Tree.

Respondent No. 5—Flower.

4. On the 26th day of February 1962 the Returning Officer of the said Constituency declared the result of the said election and returned the respondent No. 1 as duly elected. In the return of election and in the final result-sheet as prescribed by the Conduct of Election Rules, 5,324 valid votes were shown to have been polled in favour of your petitioner and 7,853 votes in favour of the respondent No. 1. The respondent No. 1 purported to secure 2,529 votes more than those cast in your petitioner's favour.

5. Your petitioner states that the purported election of the respondent No. 1 is void and liable to be set aside inter alia on the ground that on the date of his election the returned candidate was not qualified, and/or was disqualified, to be chosen to fill the seat under the Constitution of India or the Representation of the People Act, 1962.

Particulars

The seat in the West Bengal Legislative Assembly from the Jaipur Legislative Assembly Constituency No. 203 in the district of Purulia, West Bengal, was reserved under the provisions of Article 332 of the Constitution for the Scheduled Castes as defined or described in Article 341 of the Constitution. In the list of Scheduled Castes contained in the Constitution (Scheduled Caste) Order, 1950, as amended by the Scheduled Castes and Scheduled Tribes Lists (Modification) Order, 1956, issued in pursuance of section 41 of the States Reorganisation Act, 1956, and section 14 of the Bihar and West Bengal (Transfer of Territories) Act, 1956, Sunri (excluding Saha), is not a Scheduled caste in the district of Purulia under the provisions of Article 341 of the Constitution in relation to the State. The respondent No. 1 is ordinarily resident in mauza Sirishgora, P.S. Bandwan in the Bandwan Legislative Assembly Constituency and his name was duly recorded as an elector in Serial No. 4, Part 409 (B) of the Electoral Roll duly prepared for the Bandwan Legislative Assembly Constituency in the district of Purulia; but with the ulterior object of contesting the said election as a member of the Scheduled Castes from the Jaipur Legislative Assembly Constituency No. 203, the respondent No. 1 got his name falsely or fraudulently and illegally recorded or entered in Serial No. 261 of Part 156 in the Supplementary Electoral Roll of the Ranibundh Legislative Assembly Constituency in the district of Bankura though in fact he was not ordinarily resident in the said Constituency in Bankura or a resident in mauza Haludkanali. The respondent No. 1 had fraudulently and in utter breach of the provisions of section 17 of the Representation of the People Act, 1950, caused his name to be entered in the Electoral Roll of the said Ranibundh Legislative Assembly Constituency purporting to show that he being a sunri was a member of the Scheduled Castes in relation to the State of West Bengal, and as such was entitled to contest the election of a member of the State Legislative Assembly from a seat reserved for the Scheduled Castes, though as stated above Sunri is not specified in the Constitution (Scheduled Castes) Order, 1950, as amended by the Scheduled Castes and Tribes Lists (Modification) Order, 1956, to be a Scheduled Caste in the district of Purulia. Your petitioner states that regard being had to the provisions of Article 341 of the Constitution read with the Constitution (Scheduled Castes) Order, 1950, as amended by the Scheduled Castes and Tribes Lists (Modification) Order, 1956, so far as the district of Purulia is concerned, Sunri is not a Scheduled Caste and as such the respondent No. 1 being not a member of any Scheduled Caste mentioned in the said order was not entitled in law or qualified to be chosen to fill a seat in the Legislature of a State reserved for the Scheduled Castes in the district of Purulia. The respondent No. 1 is also disqualified under section 5 of the Representation of the People Act, 1951, and liable to be imposed with penalty under the provisions of Article 193 of the Constitution, for he knows that he is not qualified for membership of the State Legislature from a seat reserved for Scheduled Castes.

6. Your petitioner states that in fact your petitioner received a majority of the valid votes. In any event, but for the votes obtained by the returned candidate (who was and is disqualified as aforesaid) and/or the votes obtained by the returned candidate by corrupt practices, the petitioner would have obtained a majority of the valid votes. In the premises your petitioner prays that your petitioner may be declared to have been duly elected from the said Constituency.

7. Your petitioner has duly deposited in the Reserve Bank of India in favour of the Election Commission a sum of Rs. 2,000 as security for costs of this petition and the relative Government Treasury receipt is enclosed hereto with six attested copies of this petition is required under the Rules.

Your petitioner, therefore, prays that it be determined and declared that the respondent No. 1 Adwaita Mandal was not duly elected or returned, that his election was void, and that your petitioner be declared to have been elected and returned.

And for this your petitioner as in duty bound shall ever pray.

Verification

I, Nakul Chandra Sahis, the petitioner above-named, do hereby declare that the statements in all the paragraphs in the foregoing petition are true to my knowledge.

I sign this verification on the 4th day of April 1962 at No. 59B Chowringhee Road, Calcutta.

Election Petition No. 71 of 1962

BEFORE THE ELECTION COMMISSION, NEW DELHI

In the Matter of an election petition under the Representation of the People Act, 1951

And

In the Matter of purported election for Khargram Legislative Assembly Constituency, Murshidabad, West Bengal, held on the 18th February 1962

And

In the Matter of

Sudhir Kumar Mandal, residing at Purapara, police-station Khargram, post office Sabaldaha, in the district of Murshidabad, Petitioner

versus

Abhay Pada Saha, residing at Bharatpore, police-station and post office Bharatpore in the district of Murshidabad, Respondent.

The humble petition of the abovenamed petitioner most respectfully Sheweth:

1. At all material times your petitioner was, and is a citizen of India, and a person whose age was more than 25 years. Your petitioner is an elector as defined in section 2(e) of the Representation of the People Act, 1951 (hereinafter referred to as the "said Act"), and neither is nor was

subject to any of the disqualifications mentioned in section 16 of the Representation of the People Act, 1950. Your petitioner's name is entered as Serial No. 512 in Part 152 of the electoral roll of the 49—Khargram Legislative Assembly Constituency in West Bengal.

2. Your petitioner possesses all qualifications necessary for membership of the State Legislatures as prescribed by or under the Constitution of any law made by the Parliament.

3. Your petitioner being a member of Konai caste is a member of the Scheduled Castes specified in the Constitution (Scheduled Castes) Order, 1950, in relation to West Bengal Legislative Assembly in the First and Second General Elections held in the years 1952 and 1957 from the Kandi Legislative Assembly Constituency seat reserved for Scheduled Castes.

4. On the 18th day of February 1962 the General Election of a member of West Bengal Legislative Assembly from the Khargram Legislative Assembly Constituency, reserved for members of the Scheduled Castes of West Bengal was held; and your petitioner and the respondent were candidates for election from the seat of the said Constituency reserved for members of Scheduled Castes. The symbols chosen by and allotted to your petitioner and the respondent under the Conduct of Election Rules, 1961, were as stated hereunder:—

Your petitioner—Two bullocks with yoke on.

Respondent—Spade and stoker.

5. On the 26th day of February 1962 the Returning Officer of the said Constituency declared the result of the said election and returned the respondent as duly elected. In the return of election and the final result-sheet 16,739 valid votes were shown to have been polled in favour of the respondent and 15,523 in favour of your petitioner. The respondent purported to secure 1,216 votes more than those cast in your petitioner's favour.

6. Your petitioner states that the purported election of the respondent is void and liable to be set aside inter alia on the following grounds:—

(a) That the result of the said election in so far as it concerns the respondent has been materially affected by the improper rejection of many valid votes cast in your petitioner's favour. Particulars of such improper rejections will be given after discovery and inspection of the rejected ballot papers numbering 1,216.

(b) That the result of the said election in so far as it concerns the respondent has been materially affected by the improper reception of a large number of votes, as many ballot papers purporting to bear the mark on the respondent's symbol did not appear to have been marked with the instrument supplied by the polling authorities.

(c) That on the date of his election the respondent was not qualified and/or was disqualified to be chosen to fill the seat (reserved for a member of the Scheduled Castes in West Bengal), under the Constitution and the Representation of the People Act.

Particulars

(i) The Respondent is a member of the Saha caste and not a member of any of Scheduled Castes specified in Part XIII of the Constitution (Scheduled Castes) Order, 1950. The respondent was not mentioned or described in the nomination papers filed before the Returning Officer to be a member of the Sunri caste, which is a Scheduled Caste specified in the Constitution (Scheduled Castes) Order, 1950, but was described as a "Saha"; and the objections taken by your petitioner in this behalf as to the eligibility of the respondent for nomination as a candidate for election from the said Constituency on the ground that he was not member of the "Sunri" caste was summarily rejected on January 22, 1962, without making any enquiry or taking any evidence, on the basis of the declaration purported to have been made by the respondent in the body of the nomination paper in the prescribed form.

(ii) That the respondent is also disqualified to be chosen to fill the seat under the provisions of Article 191 of the Constitution of India read with sections 6 and 7 of the Representation of the People Act, 1951.

(iii) The respondent holds interest in and partakes, as a member of the joint family constituted by the respondent and his brother, of the profits of an Excise Shop which is run as their family business at Bharatpore under a licence taken in the name of his brother from the State of West Bengal. In the premises the respondent holds a contract with the Government of West Bengal in the course of his trade or business.

(iv) The Respondent wilfully failed and neglected to lodge an account of his election expenses within the time and in the manner prescribed by the law then in force, after the General Elections to the West Bengal Legislative Assembly held in the year 1957, in which he contested as a candidate from the Kandi Constituency, and thereby rendered himself disqualified for membership of the State Legislature.

7. Your petitioner has duly deposited in the Reserve Bank of India/or the Government Treasury in favour of the Election Commission a sum of Rs. 2,000 as security for costs of this petition and the relative Government Treasury receipt is enclosed hereto together with two attested copies of this petition as required under the Rules.

Your petitioner therefore prays that it be determined and declared that the respondent was not duly elected or returned that his election was void, and that your petitioner be declared to have been duly elected and returned.

Verification

I, Sudhir Kumar Mandal, the petitioner abovenamed, do hereby declare that the statements in the foregoing petition are true to my knowledge.

I sign this verification on this 7th day of April 1962.
